RUSSIANS DEAL SMASHING BLOW TO TEUTONS

London Raided by Zeppelin Airships

8 PERSONS KILLED AND 34 ARE INJURED BY GERMAN BOMBS

With the Exception of One Soldier, All the Victims Were Civilians—Two Women in List of Killed.

DAMAGE TO PROPERTY REPORTED TO BE SMALL

A Few Fires Were Caused, But They Were Quickly Put Out—No Public Buildings Were Damaged.

London, October 14.—Zeppelin airships have raided London again, dropping bombs. Eight persons are declared to have been killed and about 34 injured. The material damage, it is said, is small.

The home office shortly after midnight made the following report:

"A Zeppelin raid was made yesterday evening over a portion of the London area, when a certain number of incendiary and explosive bombs were dropped. The material damage done was small. A few fires resulted, but they were quickly put out by the fire brigade. The admiralty will issue a statement today when particulars are available.

"At present it is only possible to say that no public buildings were injured and that the casualties so far reported are two women and six men killed and about 34 injured. With the exception of a soldier killed all these were civilians.

"These figures include all the casualties reported at 11:45 o'clock Wednesday evening."

WILSON WILL ASK FOR $400,000,000 AS DEFENSE BUDGET

This Represents an Increase of About $140,000,000 Over Amount Appropriated by Congress Last Year.

Washington, October 13.—Four hundred million dollars for national defense—an increase of approximately $140,000,000 over last year—constitutes the amount President Wilson and his advisers now estimate should be appropriated by the next congress for the army and navy.

As the date—Friday—for completion of the annual estimates draws near, the president is giving preliminary consideration to the national defense budget, out of which it is hoped to lay down a stronger naval program than the United States ever has authorized in its history and similarly a larger provision for the military establishment than has been customary in time of peace.

The president has had before him for several weeks the outlines of a military policy of a continuing character framed by Secretary Garrison after more than a year's study with officers of the general staff. With it the president is in hearty accord, regarding it as a conservative, well balanced program. While details have not been revealed, a substantial increase in the regular army, probably from 87,000 to at least 120,000 men, and the creation of a reserve of perhaps 400,000 men through short term enlistment service of citizens interested in military training, are said to be parts of the army plan.

Sum Not Definitely Fixed.

As yet the appropriation to be recommended for the army and navy respectively has not been definitely fixed. Indications are that the army's budget of $110,000,000 last year will be increased by at least $60,000,000, while Secretary Daniels is figuring on obtaining $100,000,000 increase over the navy appropriation of $148,000,000 of last year.

When the president and secretaries of war and navy confer next week it is understood an effort will be made to bring the total sum within the $400,000,000 mark, as at present the combined estimates of the two branches of the service will make about $450,000,000. If the needs of the two services can be cut to $400,000,000 the total increase over last year would

M'ADOO APPROVES LOAN TO GEORGIA UP TO $2,000,000

Governor McCord, of Regional Bank, Holds Conference With Gov. Harris and Plans Details.

MEANS PROMPT PAYMENT OF THE SCHOOL TEACHERS

Meeting Today of Governor, Comptroller General, Attorney General and Others to Arrange Warrants Under Walker Act.

Through an arrangement closed in a conference yesterday at noon in the governor's office between Joseph A. McCord, governor of the Atlanta district federal reserve system, and Governor Harris, there is no longer a doubt that the teachers of the public school system will be paid promptly month by month, beginning in January. Moreover, there is a possibility that the offer made to the state, which has been approved by Secretary W. G. McAdoo, of the federal treasury, may become so available to the state that the remaining portion of the present year also may be taken care of for those counties which have not already borrowed money on their own account.

May Borrow $2,000,000.

The first time in the state's history Georgia is in position to borrow money at home at three per cent interest, up to two million dollars, under the Walker bill, passed at the regular session of the general assembly. This, briefly, is the outcome of yesterday's conference.

Since the enactment of the bill introduced by Senator Walker, it has been the purpose of Governor Harris and Superintendent M. L. Brittain to complete the plan for putting the provisions of that law into operation next January, and at that time to put the public school system on a business basis, by which the teachers would be paid their salaries month by month. To that end they have been working.

The Walker bill provides that the governor may, when an annual appropriation has been made for the state school system, pro rate the total appropriation into twelve portions, and draw his warrant monthly for an amount to cover, in anticipation of the collection of tax money into the treasury with which to meet the appropriation; money to be borrowed on these warrants and devoted to the payment of teachers. It was believed for a time that if the effort to establish the prompt payment system could become effective and go into operation in January, as the governor and Superintendent Brittain had hoped, it might be necessary to borrow the money in New York, as has been the case heretofore when large loans were made.

McAdoo Approves Plan.

Conferences had been held, however, with Governor McCord, of the federal reserve system, who was anxious to aid in furthering the plan as much as he could. The question was finally brought to the attention of Secretary McAdoo, who is originally a Georgian, and, following his policy of aiding the south financially whenever possible, the plan was approved, and, as announced in banking circles here yesterday, Governor Harris was so informed.

Yesterday evening the governor and Superintendent Brittain held a conference to discuss the proposition, and it was decided then to call into consultation today the comptroller general, the state treasurer and the attorney general to go over the entire plan and pass on the legal technicalities necessarily incident to the state's borrowing the money.

Low Interest Rate.

One of the important questions to be determined is what form of warrant it will be necessary to use in covering the monthly loans. In making an appropriation for the common school system of the state, it is necessary that the entire sum appropriated go into the school system, no provision being made for an interest charge.

It is necessary that an arrangement be made whereby the interest will be borne by the counties after the appropriation has been apportioned among them. In doing this, though, the arrangement under which the offer is made to the state is such that the counties will be getting the money at just one-half the lowest rate of interest they have heretofore been able to obtain it. To cover that technicality, as well as others, it will be necessary to decide whether a new form of warrant must be provided for making the loan, or whether the old warrant form will be sufficient. All of these details are to be decided today when the several state officials meet.

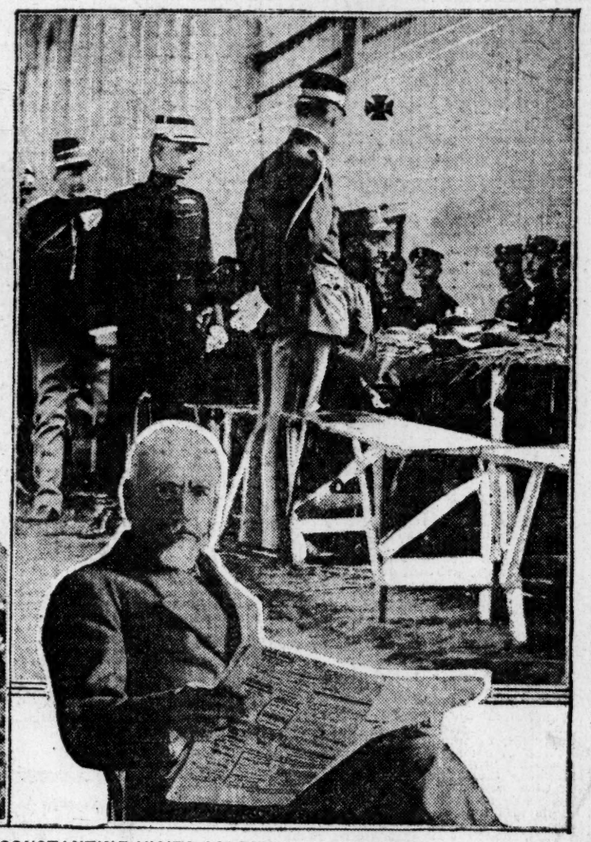

To Apportion Funds.

In a way the governor and Superintendent Brittain have succeeded better than they had hoped at the outset, in that it may be possible to avail of a portion of the offered loan for the remaining portion of the present year. In that respect, however, it is

Greece's King and Venizelos Are at Odds

QUEEN SOPHIA. KING CONSTANTINE VISITS SOLDIERS. M. VENIZELOS.

Premier Eleutherios Venizelos, of Greece, having resigned, the king having informed him that he was unable to support the policy of his ministry, matters in Greece rested for a time at least in the hands of King Constantine. This was the second time within a few months that Premier Venizelos resigned because of disagreement with the king, who is a brother-in-law of the German emperor, his wife, Queen Sophia, being a sister of the kaiser. She has steadily opposed M. Venizelos' policy of co-operation with the entente allies. Following his former resignation general elections were held in Greece, and his party was returned to power by a decisive majority. M. Venizelos was recalled by the king, with whom he effected a compromise and again became premier. King Constantine has insisted throughout the present crisis that Greece's treaty of alliance with Serbia was abrogated by the Serbians in offering concessions to Bulgaria. The order to mobilize the forces of the nation, issued on September 30, was signed by the monarch with undisguised reluctance after M. Venizelos had had an all-day conference with him. Queen Sophia is credited with having much political influence, and is said to have threatened to return to Germany in case Greece sided with the allis.

Tourists Reach Nashville After Trip Through Rain

CHATSWORTH FOLKS HOLD CELEBRATION

Parade in Dalton, Where Fite Holds Court, in Honor of Their Victory Before the Supreme Court.

Dalton, Ga., October 13.—(Special.)—Jubilant citizens of Chatsworth held a torch light procession here tonight in celebration of the supreme court's second reversal of Judge A. W. Fite in the Murray county courthouse case, which today released the three county commissioners and their attorney from the Murray county jail, where they had been imprisoned for nearly a month at the judge's order.

Friends of the commissioners felt that they simply had to celebrate. And since Judge Fite was holding court at Dalton they felt that Dalton was the proper place for the celebration. So they piled into automobiles, came here and for a time the town fairly glowed with red lights and the spirit of their enthusiasm.

"What We Expected."

"It's only what we expected," was the sentiment of the commissioners when they learned of the supreme court's action. During their long incarceration they have steadfastly maintained that they would eventually be sustained by the higher court. Despite the pressure brought to bear upon them, they have refused to budge from their original position in regard to the site for the courthouse.

Now, they are more confident than ever that they will win out. There is more trouble ahead for them, however, for recently at Cartersville Judge Fite issued three additional restraining orders which will delay the construction of the courthouse. The commissioners and their friends, however, are convinced that when these are taken before the supreme court the only result can be more reversals.

Not the First Time.

Judge Fite issued the following statement in regard to the supreme court's decision:.

"Of course, I am somewhat surprised at the decision of the supreme court, but it is not the first time that I have been reversed when I was right. The decision may or may not end the case. If it does the defendants should be discharged, unconditionally, without

Dixie Autoists Entertained by Commercial Club--Have High Praise for the Roads South of Elizabethtown.

Nashville, Tenn., October 13.—(Special.)—Pitted against inclement weather, the Dixie highway commission and party accompanying on the run southward from Chicago arrived in Nashville tonight five hours late. Some of the autos did not arrive until an hour or so after the first ones had reached Nashville.

Members of the party were taken to the Hermitage hotel, after which they were escorted to the Commercial club, where dinner was served. Despite the delay, due to wet weather, there was no dampening effect on the reception accorded by Nashvillians to the visitors after their day's run through Kentucky.

Find Good Roads.

The tourists expressed themselves as being highly pleased with the run from Elizabethtown, Ky., as the road from that point to this city runs through a most fertile section, and added enjoyment was given because points of interest connected with the civil war were viewed.

All through the afternoon the motorists pounded southward through a drizzling rain which somewhat hampered making good time. Stops were made at some of the larger towns, the last stop before reaching Nashville being at Springfield, forty miles distant.

Following the dinner at the Commercial club several informal talks were made by the visitors and members of the Nashville Auto club and of the Commercial club, the hosts for the evening. Much enthusiasm was expressed over the Dixie highway and what it means to this and other sections of the country from the lakes to the gulf. It was pointed out that travel by motor will receive an impetus, and there will annually be a larger percentage of travel by this means from north to south and vice versa.

Plan Early Start Today.

The tourists stopped tonight at the Hermitage hotel, and tomorrow morning will resume the tour, planning to get away at an early hour in order to have ample time to make several stops on the journey which will take them to Chattanooga, the next largest city to be visited. Plans have been made for stops at Murfreesboro, Shelbyville, Tullahoma, Winchester, Monteagle, Tracy City and Jasper.

Today's run completed the fifth of the fourteen legs of the Dixie highway from Chicago to Miami. With anything like a good break in weather conditions the tourists will be able to reach Miami on schedule time, which is October 22. With Chattanooga completing the run through Tennessee, the party will then enter Georgia territory for the run toward Atlanta.

HARRY HOOPER'S WAR CLUB GIVES WORLD'S TITLE TO THE RED SOX

Smashed Out Two Circuit Drives, the Second Sending Home the Winning Run in the Ninth Inning of a Great Slugfest.

Philadelphia, October 13.—In the fading sunlight of a beautiful October afternoon, Harry Hooper, of Capitola, Cal., yearning for the Golden Gate with all the fervor of a native son, decided to bring the world's series of 1915 to a close. Hooper earns a tidy little livelihood each summer by covering right field for the Boston Red Sox, of the American Baseball league.

The honor of his club and the honor of his league were at stake this afternoon when he came to bat for the last time in the fifth game of a wonderfully hard-fought series—a game tied fast and hard.

"Colonel" Eppa Jeptha Rixey, of Charlottesville, Va., was hurling for the faltering Phillies and there was one out in the ninth inning when Hooper faced the erratic southpaw. The "Colonel" made the batter look foolish as he broke two fast curves over the plate for called strikes, and the home rooters were howling in glee.

This noisy approval evidently made Rixey over-confident, for a moment later he grooved one. There was a swish, a crack of hickory against horsehide and a white streak headed for the centerfield stands. The ball fell to the ground and then with a long, looping bound it went into the crowd and Hooper trotted around the paths.

The Phillies still were due a turn at bat, but there was not a soul among the more than 20,000 crowded in the park who did not know that the series was over and that the Boston Sox had won another championship of the world—four games to one. Flustered, but still fighting, the standard bearers of the National league went through the formality of completing the last inning, but not a man could get to first.

Game Stirred Blood.

This last game of the series was one to stir the blood. It was a battle from the jump, with the issue ever in the balance. Twice it seemed Philadelphia had a winning margin, but twice the Red Sox hammered their way to the

SERBIANS BATTLE FOR THEIR HOMES AGAINST INVADERS

Reported That the Bulgars Have Been Repulsed and That Heavy Losses Are Being Inflicted on Teutons.

LITTLE PROGRESS MADE BY INVADING FORCES

Serbians Slowly Retiring to Entrenched Line in the Mountains—No News of the Anglo-French-Russian Forces Sent to Serbia.

London, October 13.—The Near East—with the Austro-German and Bulgarian invasion of Serbia, the Anglo-French landing at Saloniki, the promised active intervention of Russia and diplomatic possibilities in Greece and Rumania—continues the center of interest throughout the belligerent countries.

The Serbians, although greatly outnumbered by armies with superior equipment, are making a stubborn defense, and the Austro-German advance is slow and probably will become slower still when the mountains where the Serbians are strongly entrenched are reached.

TEUTONS PAY BLOODY TOLL.

The capture of Serbian positions south of Belgrade and at other points is reported by Berlin, but Nish declares the Teutons are paying a heavy toll, especially before Lipa, where "the battlefield is covered with bodies."

Of the Bulgarian campaign nothing new has been received since Nish reported the repulse of the invaders; while the movements of the Anglo-French and Russian forces have been kept from the public. The Russians have no easy task before them if they intend to land in Bulgaria. Varna and other Bulgarian Black sea ports have been strongly fortified under the direction of German officers and are protected by mine fields.

The Russians could sail down the Danube, as that is an international waterway, but it is doubtful if they have the necessary transports; while to come through Rumania would require the consent of that country, which might not wish to risk the displeasure of Germany.

ITALY HALTS ABOUT SERBIA.

Some disappointment is expressed at the decision of Italy not to participate in the eastern operations. Italy has laid claim to great influence in the Balkans and is known to have aspirations in Asia Minor, which the junction of Germans and Turks, it is pointed out, would virtually bring to an end. With superfluous forces and excellent transport facilities, the view is held in London that Italy is in a better position than any of the other allies to lend a hand, and hope is expressed that she will yet do so.

In the meantime the allies are closely watching developments in Bulgaria, where many of the people are averse to fighting against the allies, particularly Russia. It is reported from Paris tonight that General Savoff, former Bulgarian minister of war and former commander-in-chief of the Bulgarian army, has resigned his command rather than fight against Russia. It is thought that the landing of Russians in Bulgaria might result in a change in the policy of that country even this late in the day.

The situation in both Greece and Rumania remains unchanged. Greece has notified Serbia that she is unable to come to the aid of her treaty ally.

BULGAR DIVISION ALMOST DESTROYED.

Paris, October 14.—A Havas dispatch from Bucharest dated Thursday and delayed in transmission says that private advices declare a Bulgarian division was almost annihilated in a fierce battle near Kraguyevatz, Serbia.

TEUTON DEAD COVER GROUND.

Nish, Tuesday, October 12.—(Delayed.)—The official statement of the situation in the Serbian war theater covering October 11 and the night of October 11-12 follows:

"On the Danube front fighting occurred south of Gradiste and southwest of Semendria. Semendria was evacuated in the direction of the village of Lipa. Near Semendria a fierce engagement was fought. The enemy succeeded in occupying Lipa, but at heavy cost.

"There has been no action since, as the enemy had such heavy losses; the battlefield is covered with bodies. The enemy also attacked near Belgrade, at Veliks, Mokri, Loug and Touriak.

"On the Save and Drina fronts there is nothing of importance to report."

The official statement, referring to previous actions, says:

"On the 9th in the fighting north of Pojareches (Pozarevac) one of our battalions reached an enemy battery, but was unable to bring the captured battery back to our line. Our troops dismounted the guns and brought back

Continued on Page Two.

GREAT VICTORY WON ON SOUTHERN FRONT IN EASTERN GALICIA

Last Line of the Austrian Defenses on the Stripa River Pierced by the Russians and Hundreds of Prisoners Captured.

RUSSIANS ALSO WINNING ON THE NORTHERN FRONT

They Have Pushed Von Hindenburg's Forces Back Several Miles—Germans Make Repeated Attacks in West, But Are Bloodily Repulsed.

London, October 13.—Another striking victory has been won by the Russians on the southern front in eastern Galicia, according to Petrograd.

It is reported the Russians have pierced the last line of Austrian defenses on the Stripa river and stormed one of the strongest points on the Austra-German right flank.

This victory follows the Russian successes in Galicia reported Tuesday. In Tuesday's battle Petrograd officially states that General Ivanoff has broken the Austro-German front along the Stripa, taking 2,000 prisoners and a number of guns.

If the Russian victory is as definite as is indicated by the official announcement the Austrians may be compelled to fall back on Lemburg. Such a retreat would be certain to have considerable moral effect in the Balkans.

In the north the Russians have pushed Field Marshal von Hindenburg several miles farther west of Dvinsk, and again are approaching the Dvinsk-Vilna railway.

GERMANS FAIL IN THE WEST.

The Germans in Artois in France have made violent attacks against allied positions, preceding them with terrific bombardments. At one point they penetrated trenches, but everywhere else were repulsed with heavy losses, according to Paris.

The French are resuming the offensive in the Champagne. Paris claims slow but steady progress, accompanied by the capture of a few prisoners and heavy losses for the Germans.

A German correspondent at the front states that a great battle in which all arms seem to be engaged is now proceeding in the Champagne, which is regarded as an indication that the French intend to resume the offensive.

STRIKING VICTORY FOR THE RUSSIANS.

Petrograd, October 13.—(Via London.)—Another striking victory has been won by the Russians on the southern front, in eastern Galicia. They have pierced the last line of Austrian defenses on the Stripa river and stormed one of the strongest points on the Austro-German right flank.

Between two thousand and three thousand prisoners were captured.

This achievement of the Russians, following successes reported yesterday on the Dvinsk front, represented a continuation of the recent strong offensive movement north of the Rumanian frontier.

The position stormed was a strong fortification on a hill to the east of Giavoranka on the right bank of the Stripa, 13 miles north of Buchacht and from which the Austrians had prepared to strike at the Russian left flank toward Pinsk. Russian successes around Kolka and Charloriesk, however, enabled them to obtain a footing on the left bank of the Styr, which seriously menaced their opponents.

Having thus completely secured the

C. F. VON HERRMANN, Section Director.

Rovno district and the road leading into Volhynia and the marsh region, the Russians occupied strong positions along the Rivers Olychka, Styr, Ikwa and Sereth.

They prevented the Austrians and Germans from entrenching, and warded off a blow aimed at the Russian right wing.

By careful reconnaissances the Russians prepared a counter offensive. Reaching a series of entanglements and trenches, they drove out the Teutonic forces from their positions, seized a considerable number of prisoners and widened the breach sufficiently to enable cavalry to engage in energetic pursuit. The cavalry seized the supply trains and threw the Teutonic rear into confusion.

The war office estimates that upwards of three divisions of the Austrians were disorganized and asserts that it will compel General von Linsingen to regroup his forces on the whole front, which will affect operations in the entire southeastern district.

Greatest importance is attached here to the political significance of the Russian accomplishments in eastern Galicia, inasmuch as large Austro-German forces had been concentrated on the Galician front, apparently to impress Rumania.

The Russians also are developing their operations around Dvinsk, and the Germans have now been driven back a distance of nine or ten miles on the northwestern and southwestern fronts. At Lautzeshei, northwest of Novo Alexandrovsk, Russian artillery dispersed the Germans. North of the immediate Dvinsk district the Russians drove back the Germans a distance of three miles.

Efforts of the invaders to reach Dvinsk, along the highway from Novo Alexandrovsk, have cost them enormous losses and caused them to turn to the roads leading in from the northwest.

Comparative quiet prevails along the front of 125 miles from Lake Bogensky to the southern terminus of the Oginski canal.

BLOODY REPULSES FOR THE GERMANS.

Paris, October 13.—A strong German force attacked the French lines around Souchez and Vimy today. A violent bombardment preceded the infantry attacks, which were renewed from time to time and desperately carried out. The Germans penetrated some trenches that had been shattered by the shells, but, according to tonight's French official statement, were repulsed everywhere else with heavy losses.

The communication reads:

"The enemy renewed today with strong forces his attacks to the northeast of Souchez against the wood 'Le Bois en Hache,' to the east of the road from Souchez to Angres; against our positions on the approaches to the five highways on the crest of Vimy, against the small fort previously taken by us in the Givenchy wood and the neighboring trenches.

"Despite the extreme violence of the bombardment which preceded this attack, despite the desperate nature of the renewed assaults, the enemy was able to penetrate only some parts of the trenches in the Givenchy wood, which had been shattered by shells of heavy caliber. Everywhere else we conserved all our positions and repulsed the assault of the Germans, who suffered heavy losses.

"Artillery actions of particular intensity are reported south of the Somme, in the sector of Lihons; in Champagne, to the north of Souain and Massiges; in Argonne, to the north of Laharazee and between the Meuse and the Moselle, to the north of Flirey.

"In the Vosges we dispersed by our fire an enemy attack against our positions in the valley of La Lauche."

The Belgian official statement reads: "The enemy artillery has displayed much activity all along the front, bombarding Furnes, Pervyse, Rousdamme, Caeskerke, Reninghe, Noordschoote and Oost-Vleteren. Our batteries retaliated on the cantonments at Saint Pierre Capelle and Bulchoek. They dispersed groups of enemy foot soldiers at divers points on the front. A minor infantry attack was easily repulsed by our fire."

RUSSIANS CHECKED, GERMANS REPORT.

Berlin, October 13.—(Via London.)—The German statement on the eastern theater says:

"In the eastern theater: Army group of Field Marshal von Hindenburg—West Dvinsk a Russian attack broke down under our artillery fire. Attempts made by the enemy to take possession of the island occupied by us on Miadziol lake failed.

"A Russian attack northeast of Smorgon, which got as far as our entanglements, was repulsed.

"Last night one of our airships bombarded the fortified town of Dvinsk, which was full of troops, with a large number of bombs.

"Army group of Prince Leopold of Bavaria: There is nothing to report.

"Army group of General von Linsingen: The enemy was driven out of his positions near Rudka-Bielskowolskaja, as well as over the line at Alexandria, and was driven over the heights north of that place.

"German troops under General Count von Bothmer threw the enemy out of several positions northwest of Haivorenka and southwest of Burkanow."

Regarding the fighting in Belgium and France the official statement says:

"In the western theater:

"British attacks northeast of Vermelles were easily repulsed.

"East of Souchez the French again lost some portions of the trenches which they were able to keep on October 11.

"In Champagne a French attack yesterday afternoon failed south of Tahure. Repeated attacks on the same place early this morning with several groups of troops broke down completely.

"In the Vosges the French lost a portion of their positions on the western slope of Schratzmanneld."

GERMAN SALIENTS SUFFER HEAVILY.

London, October 13.—"The Frankfurter Zeitung correspondent at the German headquarters in the west telegraphs that the artillery duel in the Champagne is continuing with great violence," says a Reuter dispatch from Amsterdam.

"The French, the correspondent says, are particularly attempting to disturb the lines of communication in the German rear by the fire of heavy caliber guns. Salient points in the German position, such as Tahure and Sommepy, are suffering heavily, he says."

RUSSIANS GAIN AT MANY POINTS.

Petrograd, October 13.—The following official communication from general headquarters was issued tonight:

"On the western front, in the Riga region, east of Lake Babite, we captured a German hydro-aeroplane. On the front of the Dvinsk region all enemy attacks were repulsed.

"An engagement in the region of Schlossberg, west of Illoukst, ended in our occupation of the heights northwest of this village.

"During the night the Germans attempted to recover the positions lost, but failed. The cannonade continues on the whole front. The Germans repeatedly attempted to re-establish their positions in the region of the village of Gateki, south of Lake Demmen, but after suffering severe losses, gave up the attempts. In the region east of the village of Gavrantsky the Germans twice attacked us, but were repulsed.

"Notwithstanding the violent German fire, our troops by fighting, gained their way across the isthmus between the lakes south of Dreswiaty. In the region between Lake Narotche and Vichnevskoie there have also been lively artillery duels.

"South of the Fripet, on the left bank of the Styr, north of Rafalowka, the enemy was dislodged from Alexandra farm and the village of Roudhabelskavolska.

"Here we captured five officers, 200 men and two quick firers.

"An enemy offensive against Karpilovka, northwest of Klevn, was repulsed.

"In Galicia, in the Stripa region west of Trembowla, our troops developing their success, seized the village of Vasniouvtchit.

"The stubborn engagements here as well as in the region of Gaivoronka, captured yesterday, continues with the same intensity. Part of our cavalry sortied from Gaivoronka, without being perceived, deployed rapidly along the front and threw themselves on horseback on the enemy's lines with self-sacrificing courage. The cavalry crossed three lines of the entrenched enemy, putting him to the saber. After some irregular firing the enemy took to flight.

"Our cavalry also performed brilliant feats near the villages of Krzvoluka Bazar and Koszylovze, in the region southwest of Czortkow.

"Caucasian front: In the coast region a Turkish detachment attempted to approach our advance troops. It was repulsed with hand grenades. On the southern bank of Lake Van the Turks advanced toward Vastan pass. One of their columns was dispersed by our artillery fire."

For Weakness and Loss of Appetite. The Old Standard general strengthening tonic, GROVE'S TASTELESS chill TONIC, drives out Malaria and builds up the system. A true tonic and sure Appetizer. For adults and children, 50c.

CONFIDENCE VOTED IN FRENCH PREMIER

Deputies Acted After Heated Debate Over Resignation of Foreign Minister Delcasse--Government Majority Large.

Paris, October 13.—The government, of which Rene Viviani is the head, received a decisive vote of confidence in the chamber of deputies tonight, 372 to 9, after a long and exciting session in which the government's war policy, particularly that relating to the Balkans, was severely criticised by leaders representing the foreign, military and naval affairs committees.

The debate was signalized at the outset by the announcement by Premier Viviani of the resignation of M. Delcasse, which had been accepted, M. Viviani assuming the portfolio of foreign affairs in addition to the presidency of the council.

The final vote did not disclose the extent of the opposition to the government, as those who led the attack withheld their votes on the ground that the government had not presented a sufficient explanation to permit members to vote intelligently. The result was none the less considered a notable tribute to the strength of the ministry at the moment of losing the minister who had shaped the foreign policies throughout the war and because of a concerted movement against the entire ministry.

Between 120 and 130 deputies did not vote. These included most of the unified socialists. Twenty of them, however, voted for the government.

The dissenting nine were four unified socialists and five socialistic radicals.

Session Very Turbulent.

The session was one of the most turbulent in recent years, the disorder becoming so great while the final vote was being taken that the president left the chamber and the lights were extinguished to suppress the violent outbreak of one of the opposing members.

The criticism of the opposition was directed against the government's alleged lack of foresight in attempting to avert Bulgaria's understanding with Germany and lack of energy in failing to arrange for an ample landing force at Saloniki to offset the German and Bulgarian move in the Balkans.

In a ringing reply M. Viviani defended the course of the government. He declared that it was obliged not only to consult the parliamentary committees, but to maintain the good faith of its position with the allied governments, which did not permit it to lay a complete explanation of all the military policies before parliament. He declared M. Delcasse's resignation was not due to any discord in the ministry, as M. Delcasse had always assented to the various steps taken. Continued ill health was given as the reason for the resignation of M. Delcasse.

Delcasse and Kaiser.

Colonel Driant, son-in-law of the late General Boulanger, speaking in the name of those fighting in the trenches, appealed for national unity. "A feeling of uneasiness must not be allowed to spring up in the country," he said. "No one could have more sympathy than I for a foreign minister who was turned out by the German emperor a few years ago."

This was a reference to the resignation of M. Delcasse from the cabinet in 1905, which was said to be pleasing to Germany. The remark brought Eugene Etienne to his feet in strong protest.

"I was a minister in the same cabinet with M. Delcasse," he cried, "and cannot allow it to be said that he was subjected to such a humiliation. His colleagues would not have suffered it. M. Delcasse left of his own free will."

Delcasse a Great Frenchman.

Theophile Delcasse has been one of the foremost French statesmen during the last 25 years, having to his credit, above all else, the inspiration which led to the formation of the Anglo-French entente cordiale. He was also credited with an effective influence in the settlement of differences between Russia and Great Britain, making possible the formation of the triple entente.

As foreign minister in a former cabinet M. Delcasse aroused the bitter hostility of Germany, where, it was believed, his policy aimed at the political isolation of that nation. His efforts to extend French influence in northern Africa in particular were regarded with distrust in Germany, and his Moroccan policy leading to the crisis of 1905 between Paris and Berlin, resulted in his resignation after holding office for eleven years. Subsequently he filled other public positions, and in August of last year was recalled to the foreign affairs portfolio.

JAPAN IS HURRYING MUNITIONS TO RUSSIA

New York, October 13.—Russia has been receiving munitions of war from Japan at an average rate of twenty trainloads a day for over three months, according to Cyrus Robinson, a mining engineer of London, who arrived here today on the steamship California from Liverpool.

SERBIANS BATTLE FOR THEIR HOMES

Continued From Page One.

all the machine guns except two; the men carrying the latter were killed on the way.

"On the 10th the enemy opened a violent bombardment on our positions ta Zabrezge. He used asphyxiating shells, which, however, caused no disorder in our ranks. Our soldiers immediately donned masks and a detachment charged the enemy through the cloud of gas. Taken by surprise, the enemy retreated, some of the troops even recrossing the Save. Three hours later the enemy renewed attack, preceding it by a further bombardment of gas shells, but when the enemy troops charged our men not only repulsed them, but captured an officer and thirty soldiers."

INVADERS CLAIM TO MAKE PROGRESS.

Berlin, October 13.—(Via London.)—The Austro-German invasion of Serbia is making progress, the war office announced today, although the Serbians are interfering to some extent with the advance. A village and other positions south of Belgrade have been captured.

The war office Balkan communication follows:

"The resistance of the Serbians was sufficient to hold up only slightly our forward movement. South of Belgrade the village of Zaleznik and the heights east of the village, on both sides of Topeidersha, were stormed. Attacks upon Pozarevac are continuing most favorably. The Pozarevac-Gradiste road has been crossed in a southerly direction."

GREECE BALKING AT AIDING SERBIA.

Athens, October 13.—(Via Paris.)—The Greek reply to Serbia's representations that the Bulgarian attack on Serbia completes the act of aggression contemplated under the treaty of alliance between Greece and Serbia, and asking if the Greek army is ready to enter action against Bulgaria, was delivered today.

Beginning with the declaration that "the royal government greatly regrets that it is unable to accede to Serbia's request," the reply explains that the alliance of 1911, while foreseeing Bulgarian aggression, was limited to preserving an equilibrium among the Balkan states.

"The preamble of the treaty," the reply continues, "defines it as of purely Balkan character, not applying to a general conflagration. Both the treaty of alliance and the military convention completing it prove in the first article that the contracting parties contemplated only isolated attacks by Bulgaria against one of them."

The note argues that the treaty does not cover the situation which has arisen today—a situation in which "Greece might destroy herself without hope of saving Serbia, which cannot wish such a result." It is added that common interests demand that the Greek forces still be kept in reserve for a better use later.

The note concludes with the declaration that Greece intends to remain an armed neutral, and "assures Serbia that Greece will continue to give her every assistance and facility compatible with Greece's exclusively international position."

BULGARS SHELL SERBIAN TRAIN.

Paris, October 14.—A Havas dispatch from Turnu-Severin, on the Danube, in western Rumania, dated Tuesday, says:

"The Bulgarians bombarded a Serbian train laden with munitions yesterday between the stations of Badjituitza and Zaicar. They destroyed the station at Tabacovatz and a number of wagons. Another Bulgarian attack in the Vrain region is reported.

British Columbia reports the discovery of extensive gypsum deposits.

WORTH MORE THAN GOLD

Sylax More Valuable to Fulton County Citizen Than Riches.

Frank English Declares Medicine Has Done Him Great Good.

Sylax is worth more than gold to many sufferers in Atlanta, the same as it was in the case of Frank English on Saturday night. English said: "I have been a sufferer from catarrh of the worst form for ten years. I have been using Sylax, and it has done me great good—in fact, more good than any medicine I have ever used for my catarrh. I heard so many people talking about the good this Sylax was doing them that I decided to try it in my case, and am glad I made that decision, as the medicine has acted like magic on my catarrh." The demand for Sylax, the preparation referred to by Mr. English, is now very great in Atlanta and is steadily increasing. In this connection, A. G. Payne, who is personally directing the introduction of the famous medicine at Coursey & Munn's drug store, corner Marietta and Broad, said:

"The system, besides being purified by Sylax, is toned up and invigorated, as the preparation, aside from assisting the blood, reinvigorates the constitution, overcoming, as it seems to quickly do, nervousness, indigestion, nonassimilation of food, headaches, backache, dizziness, constipation, kidney complaints and a general rundown condition of the system and many other diseases that are so common in all cities like Atlanta.

"Sylax is especially valuable in all forms of catarrhal affections, as it has proved in Mr. English's case and hundreds of others in this city and vicinity. People who are affected with catarrh of the head, throat and stomach are generally moody and depressed, with occasional dull headache, affected memory and the sense of smell and taste is impaired, and in many cases the hearing becomes affected." Sylax will be shipped by Coursey & Munn upon receipt of $1.00 for one bottle, or six for $5.00.—Advertisement.

STOP THAT RHEUMATISM

Dissolve the Uric Acid That Is Deposited in the Joints.

Overtaxed kidneys refuse to throw off the surplus uric acid, and return it to the blood. It is deposited in the joints, which become sore, enlarged and swollen. Ultimately the kidneys grow weaker and Bright's disease or diabetes follow. Dissolve those uric acid crystals, eliminate them from the system and get rid of that rheumatism now with Jacobs' Liver Salt, taken in the morning before breakfast. Don't make the mistake of depending on an occasional dose of dangerous calomel. Powerful drugs like calomel not only weaken the system, but they leave the uric acid in it. Jacobs' Liver Salt not only removes it, but acts gently without gripe or pain. If you want to feel fine, try it. 25c at Jacobs' and druggists generally.—(adv.)

The Treatment of Influenza or La Grippe

It is quite refreshing these days to read of a clearly defined treatment for Influenza or La Grippe. In an article in the "Lancet-Clinic," Dr. James Bell, of New York City, says he is convinced that too much medication is both unnecessary and injurious.

When called to a case of la grippe, the patient is usually seen when the fever is present, as the chill which ocasionally ushers in the disease, has generally passed away. Dr. Bell then orders that the bowels be opened freely with salts, "Actoids" or citrate of magnesia. For the high fever, severe headache, pain and general soreness, one Anti-kamnia Tablet every three hours is quickly followed by complete relief. Ask for A-K Tablets. They are also unexcelled for headache, neuralgia and all pains.

PEACE CONGRESS URGES PEACE MOVE BY WILSON

President Requested to Call Conference of Neutrals to Stop the War.

San Francisco, October 13.—The International Peace Congress adopted a resolution today directing David Starr Jordan, president of the congress, to go to Washington immediately and urge President Wilson to call a conference of neutral nations to form a permanent body to bring about peace. Jordan will leave tomorrow.

Another resolution adopted declared the peace congress looked with apprehension on the presence on advisory boards of the United States government of manufacturers of war munitions or of men interested in the sale of supplies to the European belligerents.

A resolution stated that the congress believed the warring nations were not willing themselves to begin peace negotiations, but would welcome affirmative action by a neutral agency.

Representatives of international labor women's peace movements will be asked to attend the proposed conference of neutral nations.

The national congress was urged to adopted an immigration policy of just and equitable treatment of all races. The peace delegates want a policy that will grant citizenship regardless of race or nationality and to provide that all aliens should be under the protection of the government.

The congress went on record as recognizing that to the president is largely due the fact that the republic "has remained law-aibiding, despite currents of fear, hate and excitement," and expressed its opposition to the widespread demand for preparation against hypothetic dangers. The delegates agreed that they did not urge disarmament under present conditions.

"A sweeping victory on either side," another resolution said, "would not solve Europe's problems, being sure to leave a legacy of hate with seeds of future wars."

The congress urged the calling of the third Hague conference at the conclusion of the war and said delegates should represent the civil and not the military authorites of their respective countries.

The last resolution deplored every attempt to militarize America, stating that the establishment of military training courses in the schools was inconsistent with American ideals and led toward a system of conscription.

NOTED ENGLISH ATHLETE KILLED BY THE GERMANS

London, October 13.—Captain G. S. Robertson has been killed in France. Captain Robertson came from Trent college, Oxford university, where he won prominence as an athlete. He was reserve member of the relay runners from Oxford which won its race at the University of Pennsylvania last year.

STOPS FALLING HAIR

This Home Made Mixture Stops Dandruff and Falling Hair and Aids Its Growth.

To a half pint of water add:

Bay Rum	1 oz.
Barbo Compound	a small box
Glycerine	¼ oz.

These are all simple ingredients that you can buy from any druggist at very little cost, and mix them yourself. Apply to the scalp once a day for two weeks, then once every other week until all the mixture is used. A half pint should be enough to rid the head of dandruff and kill the dandruff germs. It stops the hair from falling out, and relieves itching and scalp diseases.

Although it is not a dye, it acts upon the hair roots and will darken streaked, faded, gray hair in ten or fifteen days. It promotes the growth of the hair and makes harsh hair soft and glossy.

LAW HELD INVALID ON COTTON FUTURES

U. S. Judge Says the Law Should Have Originated in House Instead of Senate. Damages Given Cotton Men

New York, October 13.—The cotton futures act of August 18, 1914, also known as the Lever law, was today declared unconstitutional by Federal District Judge Hough, because as a revenue measure, it originated in the senate instead of the house of representatives as required by the constitution.

The decision was rendered in a test suit brought by Samuel T. Hubbard, of the cotton brokerage firm of Hubbard Bros., and others to recover $1,000 paid under pretext to John Z. Lowe, Jr., collector of internal revenue, under the provisions of the law. Judgment was rendered in favor of the plaintiffs.

Decision of the Judge.

The suit alleged the act was unconstitutional, first, because it originated in the senate instead of the lower house, and, second, because the law taxed the manner of performing the transaction instead of the transaction itself.

Judge Hough sustained the first contention, but gave no finding on the second. He said:

"The bill known as the cotton futures act, approved August 18, 1914, never was and is not a law of the United States, and therefore as a proposition it is no longer open to discussion.

"This is one of the legislative projects which, to be law, must originate in the lower house. The constitution provides that all bills for revenue must originate in the house of representatives. It is not seen how this court can regard information furnished by congress itself.

"It is most unsatisfactory to ground decision upon so technical a point, but such as it is, this finding disposes of the case, and I must leave undiscussed the arguments equally able and instructive upon the other and permanent branch of the litigation."

Concerning the government's contention that the act was designed primarily to prevent speculation in cotton futures, Judge Hough said it was immaterial what intent was behind the act so long as congress had labeled it a tax measure.

Caused Break in Market.

Shortly after reports of the decision reached cotton traders there was a sharp break in the market. Until then the market had been firm, with January contracts selling up to 13.80, more than $1.50 a bale over Monday's closing, but news of the decision carried prices down almost to Monday's levels.

Later the opinion was expressed about the cotton exchange that the decision would not have any effect upon existing contracts, and there were rallies of from 10 to 15 points. The market remained unsteady until the close, however, and opinions upon the effect of the decision were widely divergent.

The act became operative February 18, and if the higher courts sustain Judge Hough, or if the government does not appeal the case, all money collected under the law must be refunded.

Although the act placed a tax of 2 cents a pound upon all transactions in cotton for future delivery, it was openly avowed by its sponsors as being a measure designed to prevent speculation in cotton futures. This form of trading formed a considerable portion of the business done between cotton brokerage firms in the United Staes and Liverpool. When it became operative trading in futures was immediately curtailed. The business done by two or three large New York and New Orleans firms rapidly dwindled, and several prominent cotton brokers prepared to retire.

Decision Surprise to Washington.

Washington, October 13.—Attorney General Gregory declined tonight to indicate whether the department of justice would appeal from Judge Hough's decision holding the cotton futures not unconstitutional. He said he could make no statement until he read the decsion.

It is believed in official circles, however, that an appeal will be taken, particularly if the department of agriculture and the treasury department desires action.

The decision was a surprise to many officials familiar with the law. The department of justice was cognizant of the fact that the bill originated in the senate, but is understood to have relied mainly upon the fact that the senate bill did not contain any taxing provisions such as are in the law as finally signed by the president.

During the debates in congress there was no suggestion that the validity of the law might be questioned because of its origin. It was regarded as a punitive measure, designed to tax or prevent dealings in futures, and the taxation method of dealing with future transactions finally was selected in preference to others proposed.

GEORGETOWN BANK CLOSES ITS DOORS; EXAMINER WANTED

Eufaula, Ala., October 13.—(Special.) The Farmers and Merchants bank, at Georgetown, Ga., across the river, was closed about noon today, following a hurried meeting of the board of directors, which has called upon the state banking department of Georgia to send an examiner at once. He is expected to arrive tomorrow morning.

The bank is capitalized at $25,000, and has a surplus of $13,000, while the September published statement shows deposits of $17,000 and total liabilities of $80,000. The bank has always been considered one of the most thriving institutions of its kind in the section and great surprise was in evidence this morning when the action of the directors was reported.

The bank opened for business as usual but as the morning wore along could not meet the demand for money, although currency was supplied by local banks. Heavy withdrawals soon took up the available cash and the closing of the bank resulted. A. T. King is president of the bank and L. G. Brannon is cashier. T. W. Oliver, representative from Quitman county, is vice president.

"Movies" Are Indorsed To Draw Congregations To Methodist Churches

New York, October 13.—The moving picture show and several other modern methods of attracting congregations have received the formal approval of the New York conference of the Methodist church. At its first annual church efficiency meeting yesterday the conference indorsed moving picture performances in churches or church buildings, brass bands or orchestras to attract the public, the gymnasiums in connection with the churches.

LORD READING CALLS ON PRESIDENT WILSON

Washington, October 13.—Lord Reading, chairman of the Anglo-French financial commission, called on President Wilson today. He remained only a few minutes.

Criticises Police Board for Recent Beavers' Demotion

Resolutions Commending Former Chief Filed With Atlanta Baptist Association, Representing Fifty-Two Churches.

Censuring the police commissioners for the demotion of ex-Chief of Police Beavers and thus "perpetrating an outrage on him personally" and the city generally and indorsing the movement to recall those commissioners responsible for this act was the import of a resolution introduced by Dr. Charles W. Daniel, pastor of the First Baptist church, at the meeting of the Atlanta Baptist association, yesterday afternoon.

Dr. Daniel asked that the association, composed of the Baptist churches of Fulton, DeKalb and Cobb counties, adopt this resolution in view of their attitude heretofore toward the work of Beavers. The resolution was referred to the committee on temperance and social service, and will come up for discussion under that heading Thursday afternoon.

"The Atlanta Baptist association has always stood for the very things which Chief Beavers during his office holding was carrying out," said Dr. Daniel. "Last year the association passed a resolution commending the Beavers policy and his record. Since that time the police commission has demoted Mr. Beavers for doing those very things. In view of the association's position it seemed but right that we should censure those men who have perpetrated such an outrage on Mr. Beavers personally and on the citizenry at large. We should commend those who are proceeding to remove from office those guilty of this act."

Christian education was discussed by the association Wednesday afternoon. A. F. O'Kelley made a report and Dr. Whyte, of Bessie Tift college, made the chief address. Others who spoke were Professor Claude Gray, J. L. Jackson, W. M. Sentell and W. A. Lamar.

The discussion of state, home and foreign missions held the attention of 400 delegates attending the convention of the Atlanta Baptist association Wednesday morning. Among the distinguished visitors present were J. P. Nichols, Griffin, chairman of the Baptists' layman convention; Dr. D. W. King, of Monroe, and Claude Gray, president of the Locust Grove institute.

Reports from the 55 churches of Fulton, DeKalb and Cobb counties represented in the association showed a prosperous period for the past year.

The officers for the ensuing year eyected Tuesday were Dr. John S. Purser, moderater; Rev. L. A. Brown, vice moderator; V. O. Kimsey, clerk; G. S. Pryor, treasurer, and A. E. Wheeler, auditor.

FOODS ARE ROBBED OF MINERAL VALUE

Cause Fatal Ills, Says Scientist. Why Vitalitas Is Widely Effective.

Present day foods do not properly nourish the body, according to a noted scientist. They are robbed of mineral value, by refining, polishing and so-called purifying processes. The result is mal-nutritution and many deadly ills such as tuberculosis, indigestion, nervous debility, biliousness, constipation and appendicitis. Decayed teeth are one of the minor afflictions.

There is no surer road to ill health than in mineral starvation. Proof that modernly prepared foods lead to this is abundantly shown. For instance, whole wheat, as formerly eaten, contains 175 parts mineral body, while patent flour has 44 parts, less than one-fourth. Unhulled rice contains 441 parts mineral body, while polished rice such as sold at our grocers has 39 parts, less than one-eleventh of mineral nutriment. Brown sugar contains 199 parts nutriment, while refined sugar has only a trace. Similar showings are true of dozens of other daily used foods and the result is mineral starvation.

In this connection it is worth noting that Vitalitas contains many of the true organic minerals of the human body. It supplies them to weakened, impoverished and diseased tissues and beneficial results that are constitutional quickly follow. Vitalitas is Nature's greatest tonic and should be used for such diseases as indigestion, biliousness, rheumatism, nervous debility, catarrh, kidney and liver ills.

Talk with the Vitalitas man and sample Vitalitas free at Jacobs' Pharmacy, 23 Whitehall St., or write there for information.—(adv.)

Here Is The Coal You Need

DIXIE NUT, used regularly by thousands of Atlantans, has proven best for the hot air furnace.

XL SMOKELESS has won out in tests over other coals for steam hot water and vapor furnaces.

ANTHRACITE Is always a favorite furnace coal.

MONTEVALLO, ACTON and PEERLESS JELLICO are the leading and best grate coals sold in this market.

BLUE GEM is the best obtainable cooking coal. It makes the stove hot quick.

Get ready for the next cold snap by ordering NOW.

HOKE SMITH SPEAKS AT FAIR IN TOOMBS

Vidalia, Ga., October 13.—(Special.)—Hon. Hoke Smith, accompanied by J. R. Smith, passed through Vidalia today en route to Lyons and the Toombs County fair, where he spoke. Mr. Smith was accorded an ovation by a huge crowd at the train. He spoke for five minutes to 500 of Vidalia's school children, who met him in a body..

25% Advance on This Oil Stock, Oct. 20

To Investors:

War prices on oil may force crude oil to soon sell at $2.00 per barrel. The Uncle Sam Oil Company, looking far ahead, raised new capital and bought up a big property in the Eastern District of the Great Cushing Oil field and also secured another big lease across the Arkansas River from the rich Boston Oil Pool.

This Company has three Refineries, two of which are connected with our exempted pipe line 151 miles long, connecting these two refineries with 118 of our 126 producing wells and the greater percentage of our 1,500 acres of deeded land and about ten thousand acres of oil and gas leases.

This Company has at least Two Hundred locations on proven grounds in the high-grade oil district that it should drill at once.

To start the balance of 15 to 20 drills the stockholders increased the capital of the Company one-third, and this stock has been allotted on a dividend basis among the over 16,000 stockholders who are rapidly paying in new capital.

The Company expects to raise several million dollars from the new capital and soon increase the crude oil production to over ten thousand barrels per day. We are at work at this hour on four different wells that may increase our production an additional 5,000 to 10,000 barrels per day. A visit to the oil fields on our property will convince you that we have properties that can easily develop oil pools that should pour out millions. Millions have been made in Oil and millions will be made in oil, but it takes a lot of capital to build up on a big, substantial basis.

The present stockholders would not approve a sale now for our combined properties, including good will and established trade, at less than **Twenty Million Dollars.** The stockholders believe in the future of the Company. We have a good fighting chance to protect our great Osage Lease of 436,000 acres or uncover sufficient evidence to maintain a suit against the Trust under the Sherman Anti-Trust Law of three times Four Hundred Million Dollars, or a total of Twelve Hundred Million Dollars.

The Uncle Sam Oil Company is the only real practical effort ever made against the Oil and Gas Monopoly in the Middle West. It has gone from persecution to prosperity. The Oil and Gas Monopoly has tried in every manner to blacken the name of The Uncle Sam Oil Company through its "paid press," blackmailing brokers and scheming financial agents in collusion with misguided or corrupt state and federal officials.

The Trust always hides behind some fake reformer. It has lately organized so-called "purity" advertising leagues that are dominated by Wall Street newspapers that run page advertisements for the Trust, full of lies about Trust oil.

The Uncle Sam Oil Company is making a careful canvass of this invisible government system and at the proper time will bring a conspiracy suit against the whole gang and expose the acts of high government officials, the "high-brow reformers and the paid press" and the whole grafting bunch, should the Oil Trust gang succeed much longer in defeating the validation of our great Osage Lease, which we proved in the Federal Court at Oklahoma City was honestly secured.

If you want to join with an army of Red-Blooded Americans in a just cause against the brute power of criminal money with chances good for a profit of 200 to 1, then get busy quick and either write for **Full Particulars** or forward your remittance forthwith according to the special offer herein.

We have our own distributing stations, tank cars and tank wagons and automobile trucks.

This Company is established and has demonstrated its ability to protect itself against the trickery of the Trust.

The advertised price of the stock will be advanced 25 per cent Wednesday, October 20. As we complete the wells now drilling, other advances are sure to follow.

We are drilling two wells in what we believe is the real East Extension of the Cushing field, where from 2,000 to 6,000-barrel wells are possible. This Cushing property is within about a mile of a reported 6,000-barrel well. The Cushing field is the greatest high grade oil field in the world. The Trust is circulating false reports through newspapers to try and beat down the price on some properties it is trying to secure at half price. Join this real independent and help beat the foxy rich by beating them to these valuable properties. The par value of this stock is $1, and our capital stock is equal to the developed value of our Osage Lease when validated. By becoming a stockholder at once you will secure a stock Allotment which is a conditional dividend. We are not trying to load you up, but will give you a fair run for your money. You will like this Company when you get acquainted. This advertisement will reach over Twenty Million people. Thousands are figuring on the stock. Help yourself and this worthy Company by becoming a stockholder on a substantial basis, so we can push the drills on our proven properties and buy up and develop other properties. The Uncle Sam Oil Company will be the big, successful competitor of the rich Monopoly. Join our Company and help build The Uncle Sam Oil Company so strong financially that it can protect all its big properties, and become a National Benefactor to the public and a great profit-maker on an honest basis for its stockholders.

The stock is non-assessable, and the cash payment together with your agreement to remain loyal to the Company is accepted by the Company as full payment, if the Company approves you as a stockholder. It wants none but loyal, patriotic, liberty-loving citizens as its stockholders, and therefore reserves the right to approve or reject any subscriptions to its stock. If you should not be approved your money will be promptly returned to you.

For **Reference**—You can write to either of the big Mercantile Agencies at Kansas City.

Little things make happiness

Thus **Wrigley's,** the Perfect Gum, though small in cost, is big in benefit. Joy immense for 5 cents. It's toothsome, soothing, refreshing. Made clean — kept clean — sealed air-tight against all impurity. No wonder its sale exceeds all others.

They've rhymed King Cole
Till the poor old soul
Has had to take a rest;
NOW throned in state
King Spear the Great
Reigns wisely and with zest!

Teeth, breath, appetite and digestion all have steady, ready friends in these Wrigley mints. Two flavors.

Write Wrigley's, 1230 Kesner Bldg., Chicago, for "Mother Goose" book.

Have you yet determined to have your winter Suit made at Muse's?

You are ever promising yourself some future luxury. We know that because it's a big factor in human nature. Have you ever promised yourself a Muse tailored Suit?

Do you know that a great satisfaction is due you in a Suit that is made at Muse's?

The satisfaction of all the fine points that combine in a perfect garment:

--the supreme quality
--the correct cut
--the proper introduction of color
--the fitting of color to type
--imported woolens of careful selections.

Beautiful Entertainment For Bridal Party

Mr. and Mrs. James H. Nunnally entertained at dinner last night at the Piedmont Driving club in compliment to Miss Jessie McKee and Mr. Winship Nunnally, whose wedding takes place tonight. Dinner preceded the rehearsal and assembled the bridal party.

The occasion was one of marked beauty and elegance, the party of thirty seated at a handsomely appointed circular table in the dining room.

The central decoration was a little white church encircled by a veranda on which smilax was trained and little urns at intervals were filled with bridal party in the electric lighted inbride roses and valley lilies. Through the windows could be seen a miniature terior, and the porch was lighted by tiny globes. In the church yard was a little lake, and tiny trees and beds of flowers with Cupids in the midst of them, the whole inclosed by a miniature brick wall and a green hedge.

The cakes and ices, in the shape of wedding bells, bearing the bridal monogram, were pretty details continuing the wedding suggestion.

Mrs. Nunnally wore an elegant costume of black net and sequins.

Miss McKee wore a becoming gown of rose-colored taffeta, embroidered in silver, combined with georgette crepe. Her white velvet hat was faced with black velvet and finished with a gardenia.

The guests included the attendants —Misses Margaret McKee, Dorothy Harmon, Mamie Ansley, Isabel Robinson, Josephine Mobley, Lillie Peeples; Mr. Bowie Martin, Dr. Willis Ragan, Dr. Montague Boyd, Mr. Hal Hentz, Mr. Curry Moon, Mr. William Rawson; the ushers and their wives, Mr. and Mrs. Wilmer L. Moore, Mr. and Mrs. John Wheatley, Mr. and Mrs. Jesse Draper, Mr. and Mrs. Clarence Haverty, Mr. and Mrs. Alex W. Smith, Jr., Dr. and Mrs. William Perrin Nicolson, and Mr. and Mrs. Hugh L. McKee.

Supper-Dance.

A happy occasion last night was the supper-dance given by Mr. and Mrs. John W. Grant at their home in compliment to Mr. and Mrs. Thomas B. Paine's guests for the golf tournament, Mrs. Garrett Wall, of Richmond; Mrs. Bessie Massee, of Montgomery; Mrs. Walker Percy, of Birmingham.

There were thirty guests, and they were seated for supper at small tables, each with its decoration in pink, the centerpiece of roses. Elegance of appointment and the spirit of enjoyment marked the evening.

After supper there was dancing in the ballroom on the third floor. The ballroom had a seasonable decoration in autumn leaves, and an orchestra provided the new music.

Mrs. Grant wore a charming gown of biscuit colored satin draped with green tulle. Miss Grant wore a becoming costume in flesh-colored chiffon.

For Miss Wilson.

Mrs. W. C. Willis was hostess at a bridge luncheon yesterday at her home on Angier avenue in honor of Miss Winnie Wilson, a bride-elect.

Pink roses and ferns were the decorations and the prizes were a white and gold plate and a box of correspondence cards. Miss Wilson was presented silk stockings.

There were sixteen guests.

To Miss Gray.

Miss Esther Smith has invited a group of young women for a spend-the-day party Friday to meet her cousin, Miss Agnes Gray.

The guests will be Misses Isabel Robinson, Dorothy Arkwright, Virginia Lipscomb, Louise Broyles, Louise Blackman, of Columbus; Marian Atchison, Helen McCarty, Margaret Traylor, Julia Murphy, Margaret Hawkins and Isoline Campbell.

Wooden Wedding.

Dr. and Mrs. Henry Goldthwaite, of Mobile, Ala., have issued invitations for a dancing party to celebrate their wooden wedding on Friday evening, October 22, at 9 o'clock, 406 Government street.

Mrs. Goldthwaite was Miss Amanda Moore, daughter of Mr. and Mrs. Rittenhouse Moore, of Mobile, and she has many friends in Georgia.

Argentine Club Dance.

The dance to be held by the Argentine club Friday evening will be the opening dance at their new location, old Segadlo's hall, No. 16 East Pine street, and promises to be one of the foremost events of the month for the younger set. The hall has been renovated and beautifully decorated, making it one of the prettiest in the city. A program of the latest dance music will be rendered by an orchestra. There will be about one hundred and fifty guests present.

Atlanta Chapter, U. D. C.

This afternoon at 3 o'clock the Atlanta chapter, United Daughters of the Confederacy, will hold a business meeting at the Woman's club. It is the desire of the president, Mrs. T. T. Stevens, that a full membership be present, as matters of importance will be discussed. Plans for the reception to be given by the Atlanta chapter to Miss Sara Lee Evans, October 25, will be made.

The Harvest Festival ball, in which the Daughters of the Confederacy will participate, will be discussed.

Miss Alice Baxter will talk briefly of the responsibility of the Daughters of the Confederacy.

Miss Elizabeth Hanna, state directress of the Children of the Confederacy, will speak briefly on the responsibility of the Daughters in their relation to the Children of the Confederacy.

Mrs. J. S. Nichols, of West End, will speak of the work of the new chapter, Margaret A. Wilson, Children of the Confederacy, of which she is the directress.

Mrs. Lamar Weddell, treasurer, will be at the clubroom at 2:45 o'clock to receive dues from those who desire to pay.

Walcott-Collins.

The wedding of Miss Mary Walcott and Mr. Purser Collins was a pretty event, taking place at high noon Sunday at the home of the bride in Boston, Ga.

The house was beautifully decorated in smilax and pink roses, and the ceremony took place before a trellis of pink roses.

Before the coming of the bridal party Mrs. Samuel McIntosh sang several appropriate selections, and Mr. Sydney A. Cote played the wedding march.

The bride, who is the attractive daughter of Mr. and Mrs. J. H. Walcott, was lovely in her traveling suit of midnight blue cloth, trimmed with braid and fur. She wore a hat to match, and her flowers were bride roses and valley lilies.

Miss Fannie Walcott was her sister's maid of honor, and was gowned in blue silk bengaline and carried Killarney roses. Mr. Wandell Reed, of, Moultrie, was best man, and Rev. B. R. Anderson officiated.

After a visit with the groom's brothers, Messrs. C. R. and J. S. Collins, of Boston, Mr. and Mrs. Collins will go to Winston-Salem, N. C., where they will reside.

Silver Tea.

Mrs. C. A. Rauschenberg, Sr., will entertain the ladies of the Inman Park Missionary society with a silver tea at her home on McLendon avenue this afternoon at 3:30. All members and friends are cordially invited.

At the Driving Club.

The tea-dance at the Driving club was a bright event of yesterday afternoon, assembling many members and visitors. Miss Callie Hoke Smith was the center of a large party entertained by Mr. and Mrs. Ronald Ransom.

Miss Marguerite Searcy, of Memphis, who is visiting Mrs. James L. Riley, was the guest of honor in the party given by Mrs. Hudson Moore and Mrs. Charles W. Dannals.

Dr. J. G. Williams entertained for Miss Susie Blackmar, of Columbus, the guest of Miss Louise Broyles.

Mrs. Harry English entertained Mrs. Pratt Adams, of Savannah; Mrs. Leigh Palmer, of Washington; Mrs. W. P. Hill and Mr. and Mrs. Jesse Draper.

Mr. Eugene V. Haynes had as his guests Miss Clara Wootten, of Dawson, and Mr. and Mrs. Roy Collier. Others entertaining friends were Mrs. Frank Ellis, Mrs. Dan A. Pardee, Mr. and Mrs. Gus T. Dodd, Mr. C. H. Johnson, Mrs. Arnold Broyles, Miss Haverty.

McKee-Nunnally.

A brilliant event of the evening will be the wedding of Miss Jessie McKee and Mr. Winship Nunnally at the North Avenue Presbyterian church at 8 o'clock.

A reception will be held at 9 o'clock at the home of the bride's parents, Mr. and Mrs. Hugh L. McKee, on Piedmont avenue.

Regent's Reception.

Mrs. A. P. Coles, regent of Joseph Habersham chapter, D. A. R., will entertain the chapter at an informal reception Friday afternoon after the business meeting, which will be held at Mrs. Coles' home.

A full attendance is urged for the meeting, as plans will be discussed for the chapter's participation in the Harvest Festival and for the chapter bazar.

Mrs. Armond Carroll, chairman of music, has arranged bright numbers, and there will be an essay read on "The Charter Oak," a piece of which gold mounted in the form of a cross, is in the possession of the chapter.

The reception will be a delightful social feature.

Y. W. C. A. Bible Class.

The Bible class led by Rev. R. A. Belsham at the Y. W. C. A. building, 54½ Houston street, opened with sixty members Thursday. The course will continue for ten weeks, two lectures being given on each of the books of the Pentateuch. Subject of today's lecture will be "An Outline Study of the Book of Genesis." Class opens promptly at 11 o'clock. The public is invited.

Silver Wedding.

Mr. and Mrs. M. Goldberg will entertain a few friends informally Sunday afternoon at their home, 251 Woodward avenue, the occasion to celebrate their twenty-fifth wedding anniversary.

For Miss Blackmar.

Miss Harriett Broyles entertained at a small bridge party yesterday afternoon at the Driving club in honor of Miss Susie Blackmar, of Columbus, the guest of Miss Louise Broyles. The prizes were corsage bouquets of sunset rosebuds and a pretty arrangement of pink cosmos was the centerpiece of the tea table. The place cards were hand-painted in pink roses.

MEETINGS

Mrs. M. L. McLendon, president of the Atlanta Frances Willard Woman's Christian Temperance union, requests every member to be present at the meeting to be held this afternoon at 3 o'clock in the Sunday school room of Trinity church. Plans for state convention and for the Harvest festival must be decided upon. Mrs. L. M. Mitchener is to speak on October 31, and time is short.

The Woman's Co-operative association. St. Philip's cathedral, will meet this morning at 11 o'clock at the parish house.

The regular meeting of the Atlanta chapter United Daughters of the Confederacy will be held this afternoon at 3 o'clock in the Woman's club in Baker street. The executive board is requested to be in the committee room at 2:45.

Piedmont Continental chapter, D. A. R., will hold its monthly meeting October 15 at Ansley hotel. A most important statement will be made by the regent, Mrs. R. P. Brooks.

The executive board of W. B. M. U. of Atlanta association will meet Friday afternoon, October 15, in the pastor's study, First Baptist church, promptly at 3 o'clock.

The Twentieth Century coterie will meet at the home of Mrs. J. M. Sanders, on Gordon street, this afternoon at 3 o'clock.

***

Mrs. Lewis H. Beck is spending some time in New York at the Waldorf.

***

Mr. and Mrs. Arthur Park, of Louisville, Ky., have returned home after a visit of several days in the city.

Prize Circus Horse Is Wearing Wig From Paris

Bucephalus, one of the beautiful Arabian stallions in Orrin Davenport's collection of equines, performing with the Barnum & Bailey circus, met with a peculiar accident which robbed him of the greater part of his flowing tail. Whether from vanity of appearance or real inconvenience, the animal evidenced disinclination to take the usual interest in his work.

After much consultation it was decided that if a lady could have a switch made to take the place of natural hair, why not a horse's tail, and so after trying several expert wigmakers a Parisian hairworker was found who was confident of creating a switch-tail which would in every way answer the requirements of nature and at the same time be a thing of equine adornment. Now the beautiful stallion has just as fine a tail as any other horse in the Barnum & Bailey collection, and he doesn't have to worry about how he lies down or switches the flies from his back, for the new tail is put on in such a scientific manner that it will not come off.

There are more than 700 horses with the Barnum & Bailey circus and every animal represents the highest development in its special class. The heavy draft horses are all of the Percheron and Clydesdale strain; these sturdy animals are made up into six, eight, ten, twelve and twenty-four horse teams, and are used in drawing the paraphernalia wagons, allegorical floats and wild animal cages from the railway trains to the show lot.

The Barnum & Bailey circus parade which will be given on the morning of show day, Monday next, will, it is promised, surpass all previous efforts in the way of street pageantry. The allegorical floats, tableau cars, animal dens, elephants, horses and the trappings used represent an outlay of nearly two million dollars. Many of the cages will be arranged so that the wild animals can be viewed by the crowds on the sidewalk. There are seven military bands. One of the bands will be mounted on horses, an exact reproduction of a cavalry band of the United States army.

Henrietta Crosman Will Appear Again in Atlanta In "Thou Shalt Not Kill"

The celebrated actress, Henrietta Crosman, will make her first appearance in vaudeville in Atlanta at the Forsyth next week in the remarkable little play, "Thou Shalt Not Kill," which has been stirring the east with its strong appeal for world peace.

The play, written by the well-known producer, Maurice Campbell, husband of Miss Crosman, does not take sides in the present conflict, but endeavors to show that the greatest burdens of war fall on those who stay behind, rather than the fighters themselves.

Mr. Campbell is well qualified to write of war through his experience during the Spanish-American conflict as correspondent for The New York Herald.

Miss Crosman's appearance here in vaudeville will be quite an event. This noted actress is world-famed through playing stellar roles in such productions as "Mistress Nell," "Sham," "Sweet Kitty Bellairs," "All of a Sudden Peggy," "The Tongues of Men," "The Real Thing" and others.

Fulton County to Aid Plan for Development Of the Chattahoochee

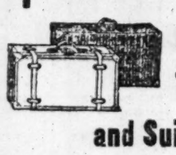

Details and plans for making the Chattahoochee river navigable were explained by Percival M. Churchill, engineer in charge, before the Atlanta Chamber of Commerce executive committee on the river project at a meeting in the Chamber of Commerce building yesterday. Besides the committee there were present engineers and leading men of the county and city government.

Mr. Churchill discussed the project in particular as it woud affect the waterworks system, the city disposal plant and roads and bridges in and about the city. A motion calling on the city council and county commissioners to aid the project was introduced by Albert Howell, Jr., and unanimously adopted.

Besides the executive committee there were present S. B. Turman, chairman of the county commission; H. N. Hurt, city chief of construction; W. Zode Smith, general manager of the waterworks syatem; W. A. Hansell, chief of construction for the county, and B. M. Hall, chairman of the engineering committee of the Atlanta Chamber of Commerce.

The following were appointed to attend the Flint, Chipola, Apalachicola and Chattahoochee Rivers' association, October 19, in the interest of the Chattahoochee enterprise: J. K. Orr, M. F. Amorous, V. H. Kriegshaber, Albert Howell, Jr., B. M. Hall and W. G. Cooper.

DRUNKARDS SAVED

We are in earnest when we ask you to give ORRINE a trial. You have nothing to risk and everything to gain, for your money will be returned if after a trial you fail to get results from ORRINE. This offer gives the wives and mothers of those who drink to excess an opportunity to try the ORRINE treatment. It is a very simple treatment, can be given in the home without publicity or loss of time from business. Can be given secretly without patient's knowledge.

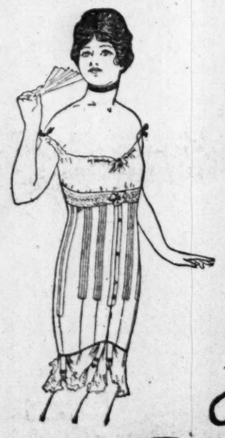

ORRINE is prepared in two forms: No. 1, secret treatment, a powder; ORRINE No. 2, in pill form, for those who desire to take voluntary treatment. Costs only $1.00 a box. Ask for booklet. Jacobs' Pharmacy Company (Eleven Stores.)

How to Treat Croup Externally

Rub Vick's "Vap-O-Rub" Salve well over the throat and chest for a few minutes—then cover with a warm flannel cloth. Leave the covering loose around the neck so that the soothing medicated vapors arising may loosen the choking phlegm and ease the difficult breathing. One application at bedtime insures against a night attack. 25c, 50c, or $1.00. At druggists.

THE GENUINE HAS THIS TRADE MARK

Davison-Paxon-Stokes Co.

Don't Stay Gray

Tint your hair to the shade desired with "Brownatone." This new preparation is far superior to any mixture that contains henna, sulphur, silver, lead or similar preparations.

There is no danger of an itching or poisoned scalp when you use "Brownatone," for this simple preparation positively contains no lead, mercury, silver, sulphur, zinc, aniline, coal-tar products or their derivatives. You just brush or comb it into the hair and presto!—your gray hairs instantly disappear—your hair is a beautiful and uniform color throughout—the ends are as dark as the balance and you have any shade desired from a light brown to a black. Just a moment's "touching up" once a month and no one can ever detect it.

No rubbing or washing off—no fading.

Prepared in two shades—one to produce golden or medium brown, the other, dark brown or black. Two sizes —25 cents and $1.00.

We will send **absolutely free,** for a short time only, a sample bottle of "Brownatone" if you will send us your name and address accompanied by 10c to help pay postage and packing. No samples at dealers. This offer is made for you to try "Brownatone" Hair Stain, and find for yourself just how superior it is to all so-called "dyes," combs, etc. The Kenton Pharmacal Co., 428 Pike street, Covington, Ky.

Sold and guaranteed in Atlanta by Jacobs' Pharmacy and other leading dealers.

Don't Use Curling Iron! Here's a Better Method

(Woman Beautiful.)

By no means use a heated iron. It makes the hair dry and dead looking, giving a most unkempt appearance. After brushing the hair thoroughly, just dip a clean tooth brush in a saucer of plain liquid silmerine and run it through the parts of the hair to be curled. Do this at bedtime and you will be quite surprised when you behold yourself in the mirror next morning. The hair will be beautifully wavy and curling and the effect will appear altogether natural.

You will have no trouble doing up your tresses in the style you desire and they will look and feel fluffy and comfortable. You need not hesitate to use pure liquid silmerine, which you can procure at any druggist's, as it is perfectly harmless and will leave no greasy, gummy or streaky trace. A few ounces will last for months.

TELL your grocer, "Here's a dime: Let me have a feast sublime." You'll get "Stone's Cake" ev'ry time.

10c at your Grocer's

MANY WELL-KNOWN ATLANTA PEOPLE PRAISE TANLAC

Prominent Business Man Says His Wife Is Eating Him "Out of House and Home" Since Taking Cooper's New Medicine.

POWERS OF MEDICINE CONCLUSIVELY PROVEN

Two Weeks Ago Mrs. Deffenbaugh Was Sick in Bed Just Waiting to Die—Declares She Is Now Well and Happy—Walks Down Town.

Hundreds of Atlanta people, both men and women, are now taking Tanlac, Mr. Cooper's new medicine, with the most astonishing and gratifying results and numbers have called in the past few days to tell what it has done for them.

Among the number who called was MRS. JAMES DEFFENBAUGH, corner of HEMPHILL AND ETHEL STS. She said: "I just can't tell you all that Tanlac has done for me. I have been sick so long and suffered so much that I don't feel that I would be doing right if I didn't let everybody know what this medicine has done in my case.

"Two weeks ago I was almost helpless and was at home sick in bed, just waiting to die, and here I am now actually walking around town, feeling better than I have felt for the past five years.

"I have been down nearly all summer suffering from stomach trouble and tried nearly all kinds of medicine and doctors, but nothing seemed to do me any good and the doctor just quit coming to see me.

"One doctor told me that he had done all he could for me and that I would have to go to the hospital for two operations in order to save my life.

"I lost all faith in everything and was almost in despair. One day I told my folks that I would give anything I had in the world if I could only get out in the fresh air once more. Nobody knows what I suffered. Always after my meals, no matter how little I would eat, gas would form on my stomach and I would suffer terribly from indigestion. I also had other troubles that caused me a great deal of suffering.

"I don't know what on earth I would have done if it had not been for Tanlac, for it certainly has been a God-send in my case and is the only medicine I ever saw that would do everything that is claimed for it. I never dreamed that anything would do me as much good in so short a time. I believe by the time I get through with this last bottle I will be as well and happy as anybody. I have already gained two and a half (2 1-2) pounds on my first bottle.

"I want everybody to know about Tanlac and only hope it will do as much for others as it has for me."

Another who called was a well-known engineer on the Southern railway who bought twelve bottles of the medicine to be divided equally between three of his friends and himself.

A well-known business man said: "Let me have another bottle of that Tanlac. It certainly has helped my wife and she is simply eating me out of house and home."

Rev. A. L. Tull, residing at No. 3 Druid Hills avenue, a prominent retired Methodist minister, said:

"My granddaughter suffered from scarlet fever several years ago and it left her with serious stomach trouble and she was almost a nervous wreck from indigestion. She was always in great distress after eating and nothing seemed to agree with her. After the use of one bottle of Tanlac, her digestion was greatly improved. It has toned up her system and given her an appetite so she can eat what she desires and she suffers no bad after effects whatever. There has also been a marked improvement in her nervous condition. She feels more hopeful and encouraged now and I believe she is on the road to rapid recovery."

Commenting on the above statement, Mr. G. F. Willis, Southern Distributor of Tanlac, said: "Hundreds of such statements are now reaching us daily from all parts of the state and it is indeed gratifying to me to see that so many people are using Tanlac with such splendid results.

"The fame of this medicine is rapidly spreading over the entire country. Thousands everywhere are being benefited and it is indeed doubtful if anything has ever been placed on the market in the way of a proprietary medicine that has attained such immediate prominence and widespread popularity.

"Tanlac is unquestionably the most widely talked of medicine in the world today, and those who once use it invariably buy it over and over again and tell their friends of the splendid results that they are deriving from its use."

Tanlac is sold in Atlanta exclusively by the Jacobs' Pharmacy Co., under the personal direction of Mr. Cooper's representative.—(adv.)

MAYOR AND RECALL WORKERS DISAGREE

Woodward Says Election Tuesday Was Not Victory for Recall, as Claimed by McElreath.

"I was not an issue, and even if the other side tried to make me an issue. I can't see that the election of Sisson is any victory."—Mayor James G. Woodward.

"The election of Sisson was a great victory for the recall movement, and we will now have the call filed with the city clerk in less than ten days."—Walter L. McElreath, chairman of recall committee.

The result of the city primary is being discussed at very different angles around the city hall and among local politicians.

The friends of John D. Sisson claim that his election as alderman from the fifth ward was a clean-cut victory over the Woodward forces, while the mayor's friends are equally emphatic in claiming that an analysis of the vote shows no such victory.

The workers for the recall are jubilant, and now state that the list of qualified voters for the recall will be filed with the city clerk in less than ten days. They say that the election of Sisson points conclusively to a desire on the part of the people to recall the mayor and the other six members of the police board who voted to demote Beavers.

A statement by Mayor Woodward and one by Walter McElreath, one of the leaders of the recall, in regard to the election of Sisson and its result on the recall movement is of much interest just now when the recall workers announce that a petition for an election will be filed within less than ten days.

How the Mayor Views It.

"I said before the election that I was not an issue in the campaign by Sisson and Besser," states the mayor, "and I adhere to that statement. I have been attending to the city's business. Some of the Sisson workers tried to make me an issue, but I refused to be made so. Even if I had been an issue I can't see that the victory for Sisson can give much hope to the recall men. Just analyze the vote. The total vote cast in the primary was 3,339. The white registered voters, those qualified to vote in the primary, were 10,208. The total vote, therefore, in the primary was about one-third of the total registration. With such a light vote it was anybody's race, regardless of any line-up. Sisson's total vote was only 1,720, which, so far from being a majority of the registered voters, was only about one-seventh.

"I understand that the recall crowd brought out its full strength for Sisson, but there were many men who voted for Sisson who are against the recall. So, this plainly shows that there is nothing for the recall crowd to gloat over. If they think they have won a victory under the showing made they are certainly welcome to it."

As Viewed by Recall Workers.

"We regard the election of Sisson," stated Mr. McElreath, "as a great victory for the recall movement. While we did not make any campaign for him, Sisson drew the line himself, and the anti-recall people certainly lined up for Besser and did their best to defeat Sisson. The people have spoken, and now it only remains for us to close up our list and have the election called. We will be ready to file our list with the city clerk in less than ten days. We have over three thousand names already checked off, and we need only 3,371. We have many that have not been checked. This applies to all the seven members of the board of police commissioners who voted to demote Chief Beavers.

"There are two reasons why we have gone about this business with no undue haste. First, we did not want any frenzied movement, but a calm and dispassionate survey of the field, so that we could have the recall brought about by the men who have the city's interests at heart; second, we wanted to wait until after the city primary, because many voters had friends among the candidates and they did not wish to participate in the recall until after the election."

Recall Meeting Tonight.

It has been announced that there will be a meeting of the recall workers Thursday evening at the headquarters in the Silvey building. The meeting will not be for the general public, but for only those who are taking an active part in the recall movement.

The police commissioners who are on the recall list are:

Mayor James G. Woodward, Councilman Edwin F. Johnson, W. P. Fain, chairman of the board; James W. English, Robert C. Clark, A. R. King and Robert T. Pace.

KNIGHTS OF PYTHIAS TO HEAR CLIFFORD WALKER

Past Grand Master Clifford Walker, attorney general of the state of Georgia, will deliver an address at the annual social of Capital City lodge, No. 33, fifth floor Kiser building, tonight at 8 o'clock.

An elaborate supper has been prepared and all Knights in good standing and their friends and prospective candidates are invited to be present at that time. There will be music and a good time is expected.

CHATSWORTH FOLKS HOLD CELEBRATION

Continued From Page One.

waiting the usual ten days for the remittitur, but it does not, and there are other facts that can and should be investigated by the court. The defendants should be discharged conditionally. I will, therefore, pass an order discharging the defendants, subject to any further order and judgment that may be hereafter rendered by the court in the case.

"I shall refrain from a further discussion of the matter until I am more fully acquainted with the opinion of the court reversing me."

The order releasing the famous prisoners of Murray was transmitted to the sheriff of Murray county, and Dr. Dunn, J. A. McGehee, Tom Hemphill and their attorney, J. M. Sellers, who have occupied apartments in the new jail at Chatsworth since September 15, were released.

There is rejoicing in the camp of the commissioners and their companions, and gloom in the tents of those who sought the injunction. Politics occupies a prominent place in the entire matter, and knowing ones predict that the end is not yet, and that the courthouse of Murray county is destined to yet experience things that will outrival those of the "House that Jack Built."

JUDGE FITE REVERSED BY SUPREME COURT.

The state supreme court, in its decision yesterday reversing Judge W. A. Fite in his now famous contempt order against the Murray county board of commissioners and their clerk, more or less mildly lectures the judge of the lower court in the following language used in the decision:

"Attachment for contempt in violating such an order (the original order issued by Judge Fite) is a summary remedy which should affect the liberty of citizens, and care should be taken in its use."

The decision further contains the following language:

Sellers Not Commissioner.

"Further, we see no evidence which authorized the holding of Sellers in contempt. He was not a commissioner and had no authority to revoke the tax levy and withdraw the publication, if he had so desired.

"Upon the whole, after careful consideration, we are constrained to think that the trial judge erred in the judgment which he rendered."

The decision reversing Judge Fite is on an appeal to the supreme court of the order adjudging in contempt of Judge Fite's court the board of county commissioners of Murray county, composed of Messrs. D. R. Dunn, T. M. Hemphill and J. A. McGhee, and their clerk and attorney, J. M. Sellers, all of whom were put in the common jail of Murray county several weeks ago, as an outgrowth of the contention between the commissioners and Judge Fite and several citizens of Murray county over the transfer of the legal situs of the county from Springplace to Chattsworth.

Stopped Courthouse Work.

An order had previously been issued by Judge Fite to stop the commissioners from erecting the new courthouse at Chatsworth, and that case was appealed to the supreme court, which held that the selection of a county site was in the jurisdiction of the commissioners and not of the court. Subsequently, as is shown by the evidence in the case, Judge Fite attempted to stop the levy of a special tax for the purpose of building the courthouse, but the tax levy had been made when his order was served, whereupon he issued the contempt order upon which the commissioners and Clerk Sellers were put in jail. It is that case which was decided against Judge Fite yesterday.

A further restraining order issued by Judge Fite is now pending; wherein he has enjoined the county tax collector from making collection of the special tax as levied by the commissioners. That remains to be passed upon by the supreme court.

The Court's Opinion.

The headnote of yesterday's opinion, which was written by Justice Lumpkin and concurred in by all the judges of the supreme bench, is a concise summary of the case. It is as follows:

"On an application for an injunction to restrain certain county commissioners and their clerk from levying a special tax to build a courthouse, a rule nisi was granted and a restraining order passed, enjoining them until the hearing prayed. On the hearing for an application for an attachment for violating the restraining order, the plaintiffs introduced no evidence except the publication in three issues of a newspaper (on August 26 and September 2 and 9) of a copy of an order of the county commissioners levying county taxes, including a tax for building a courthouse. The defendants, by their sworn answer, alleged that the commissioners had 'levied the tax,' had 'advertised same,' and had adjourned and gone to their respective homes before they had any knowledge of the restraining order, and they had levied the tax before they had any knowledge that the petition had been presented to the court; and they also showed by the evidence of the clerk that the order levying the tax (dated August 20), had been entered on their minutes, and that a copy had been posted on the courthouse door and another copy mailed to the tax collector and still another delivered to the newspaper for publication before they had any notice of the restraining order (it having been granted on the same day when the commissioners met at a place about 40 miles distant from that where the meeting was held and not having been served on any of the defendants until the next day after its passage, and on one or more of them two days later.) They also denied any intention to violate or defy the restraining order. The court adjudged all of the defendants to be in contempt, provided that they might purge themselves of the contempt by discontinuing and withdrawing instanter the special tax levy for the building of a courthouse, and the publication thereof in the newspaper, and paying the costs of the proceeding. It was further ordered that, on failure to do this, the defendants should be confined in the common jail until further order.

"Judgment Was Erroneous."

"Held: That such judgment was erroneous."

The evidence as submitted shows that the order issued by Judge Fite directed to restrain the county commissioners from levying a special tax for courthouse purposes was dated at Cartersville on September 4; that the county commissioners of Murray county held their meeting and levied the general and special tax of the county on September 4. The supreme court, therefore, holds, in its decision, that the original restraining order was only to prevent the levying of a special tax; that the commissioners had shown that they had already levied the tax sought to be restrained, had published the levy, adjourned their meeting and gone to their respective homes. "It does not appear," says the supreme court, "that the defendants did any affirmative act in regard to the matter of a tax levy after notice of the restraining order. The only complaints made here is that the newspaper published the notice after the defendants were served with the restraining order, and it does not appear that they made any effort to stop the publication. . . . There was no evidence tending to show that they acted contumaciously."

CITY DEMOCRATIC COMMITTEE OUSTED; CHAIRMAN FIGHTS

The new city executive committee, elected at the first primary, met and organized yesterday at noon and thereby ousted the old committee before the latter had wound up the business of the second primary.

This was accomplished over the protest of the old committee and the "coup" was enlivened with a personal encounter between T. O. Poole, chairman of the old committee, and Charles N. Allen, member of the old committee. Allen made a remark in which he insinuated that Poole had paid the campaign expenses of a candidate. This Poole denounced as a "lie," and later went to Allen and struck him. Before there was a real fight the two men were separated.

The "coup" whereby the new committee ousted the old committee is credited to James E. Belcher, who resigned as secretary of the old committee because of dissatisfaction with the way he managed the first primary.

M. B. Young, member of the park commission from the ninth ward, was elected chairman of the new committee, Allen was made vice chairman and Belcher was elected secretary.

Attorney Aldine Chambers, it is understood, will proceed with legal steps to prevent the new committee from assuming control until after the old committee has finished with its business.

It has always been the rule and is said to be the law that the present city executive committee holds over until the first of the year, having been elected for two years, from January 1 to January 1. It is therefore claimed that the new executive committee has organized over two months before it is legally entitled to serve.

If the affair goes into the courts, as it is likely to do, the present committee expects to hold over until January 1.

M'ADOO APPROVES LOAN TO GEORGIA

Continued From Page One.

found that a number of counties of the state have already made financial arrangements for themselves, by which they have promptly paid their teachers, and in arranging such loans they have paid the interest charges in advance to the first of January. In such cases the counties could not afford to go into the state loan at this time without loss, although it is now possible, through the present plan to get the money at 3 per cent. In quite a few instances, however, the weaker counties have not made their own loans and are still depending on the state fund for the payment of teachers. In cases of that kind there will be a vast benefit, and it is possible that they will be provided for.

Minus the 10 per cent of the 1915 school fund, which has already been paid, and counties which would not anyway need to come in under the loan, there would remain a need of about a million and a half dollars, were it not for the county loans already made. Exclusive of those loans, and calculating only the counties which have made no financial arrangements, the state will now need for teachers' salaries about three-quarters of a million dollars.

GOVERNMENT DRUG LAW EXPLAINED AT MEETING

Many Druggists and Physicians Hear Experts Speak at Columbus.

Columbus, Ga., October 13.—(Special) With a much larger crowd than was expected, the meeting having been transferred from the rooms of the chamber of commerce to the superior courtroom at the courthouse, to accommodate them, Hon. A. O. Blalock, D. J. Gantt, special division agent, and Dr. L. L. Froneberger, who has been investigating matters in Columbus, addressed the audience on the narcotic law and its enforcement.

Physicians from Columbus and several cities around this section were present, and practically every druggist in the city was there, too, with a large number of interested citizens.

The three speakers told of the law and the determination of the government to enforce it. Mr. Blalock stated that it was not the intention of the government to prosecute anyone, but that it was determined to put a stop to the sale of all extracts of opium excepting in the legal manner.

Mr. Gantt told of the enforcement of the law, what had been done over the country and what was to be done in Columbus, and Dr. Froneberger told of what he was doing, and gave an account of the work he had done the past week.

He took occasion to rap the physician who was administering the drug for a fee, commercializing the weakness of a man or woman, and said that it was that class of violators that he had rather bring to the law than any other.

It was believed that the meeting did a large amount of good, and that the druggists and physicians will be more careful in the future. An interesting point was made by Dr. Froneberger when he said that provisions were being made for the treatment of the addicts who were shut off from their supply.

COURT DECIDES IRVING IS WARDEN OF CHATHAM

Savannah, Ga., October 13.—Judge Sheppard, of superior court, today filed his opinion in the quo warranto proceedings brought by Paul H. Moehrke, deposed game warden for Chatham county, against Frank N. Irving, appointed to succeed him. He decided in favor of Irving, who had been appointed by State Game Warden Arnow, despite the fact that Moehrke held a commission from former State Game Commissioner Davis, that did not expire for nearly two years.

Coffee Court Adjourns.

Douglas, Ga., October 13.—(Special.) The adjourned term of superior court, Judge Summerall presiding, closed yesterday after one day's work on the criminal docket. The case against Inus Day, in jail and charged with the murder of Jordan Rowe, a respected citizen of Coffee county, was continued.

What Every Mother Knows.

Every Mother knows that during the trying period before baby comes the use of Mother's Friend, a dependable external remedy obtained of druggists, is absolutely necessary so as to avoid the pains caused by undue tension upon the cords, ligaments and muscles resulting from muscular expansion. Under the surface is a network of fine nerve threads and by applying Mother's Friend all these are soothed and helped. Expansion is natural and pains are relieved. In many cases nausea, morning sickness and other distresses are avoided.

STOCK EXCHANGE SEATS BRINGING HIGH PRICES

New York, October 13.—Seventy thousand dollars, highest price of the year, was paid today for a seat on the New York Stock Exchange. The previous high price was $68,600. During the period of suspension last year seats sold down to $32,500.

AMERICAN LOAN BILL APPROVED BY THE KING

London, October 13.—The American loan bill which was sanctioned yesterday by the house of commons, passed through all its stages in the house of lords today and immediately thereafter received the royal assent.

SHAKE OFF THE CLUTCH OF DANGEROUS RHEUMATISM

One Of The Greatest Enemies To The Peace Of Man

Rheumatism may mean not only the suffering of the present, but a complete break-down from which there may be no recovery.

It must be borne in mind that Rheumatism is a blood trouble and in its early stages, is not necessarily accompanied by pains shooting through the joints and muscles, nor by swollen joints, nor outward indications beyond a slight numbness in the limbs and pains in the back. This very fact may lull the sufferer into believing that the disease is of a temporary local nature, caused by a slight cold or sleeping in a draught. In many cases this is but the beginning of the disease, which, if not taken in time, will grow rapidly worse until the result will be Rheumatism in its most virulent form. It is well to sound the warning and impress upon every one that these slight indications should be given prompt, vigorous and careful attention, for they denote that Uric Acid is present in the blood and unless eradicated will work rapidly until it has contaminated the entire system. These symptoms, mild in the beginning, gradually grow worse. The ailment temporarily relieved by liniments and blistering will finally fail to respond to these treatments for the reason that acid in the blood cannot be eradicated by them. It will soon cause excruciating pains in the joints, muscles and limbs. It will cause chronic stomach troubles, bad digestion and torpid liver. The blood will become so debilitated from being impregnated with the Uric Acid poison that the whole system is liable at any time to break down. While not necessarily fatal, the sufferer is face to face with a stubborn bodily ailment for which there is no relief except by a complete restoration of the blood to its normal, healthful state. Unless this is done, you can never be permanently well. As a remedy for rheumatic troubles S. S. S. has never been equaled. It doesn't inflame the stomach and ruin the digestion like Potash, Iodides and other strong drugs, but tones up the general health, gently stimulates the sluggish organs, and at the same time filters out of the blood all poisonous acids.

When S. S. S. has restored the blood to its normal condition, the painful feverish joints and the sore and tender muscles are relieved. The Swift Specific Company maintains a corps of specialists, trained in the treatment of blood diseases, who have made a life time study of Rheumatism, Catarrh, Eczema, Blood Poison and other infections of the blood. Our special book on Rheumatism will be mailed free to those desiring it. Our physicians will cheerfully answer all letters asking for special information. If in doubt, write at once, taking advantage of this wonderfully efficient service, which is absolutely free to all users of S. S. S. Go to your druggist and get a bottle of S. S. S., for you can be sure that by so doing you are taking the first step to a complete restoration to health. Remember S. S. S. has been the standard Blood Remedy and stood the test for fifty years. Don't accept a substitute. All druggists have S. S. S., and will furnish it if you demand it. If you wish medical advice free, write Swift Specific Co., Medical Department 53, Atlanta, Ga.

THE CONSTITUTION is on sale in New York city by 2 p. m. the day after issue. It can be had: Hotaling's Newsstands, Broadway and Forty-second street (Times building corner), Thirty-eighth street and Broadway and Twenty-ninth street and Broadway.

The Constitution is not responsible for advance payments to out-of-town local carriers, dealers or agents.

THE DIXIE TOURISTS.

Complete plans have been made for meeting, welcoming and entertaining the Dixie Highway tourists. The city, county and all of Atlanta's leading civic organizations will be represented in the automobile cavalcade which will go to Rome to meet the visitors on their arrival there Friday.

Under the auspices of the Atlanta Automobile and Accessory association, everything has been done that can be done to give the visitors the most cordial welcome ever extended a party coming into Georgia.

What remains to be done is only a matter of individual effort. Every one of those who have consented to take part in this welcoming trip should be there on the moment; it is a civic duty. More than that, no effort should be omitted and no opportunity lost to make these visitors feel that Georgia not only welcomes them, but has been waiting for them as the vanguard of one of the biggest progressive movements of the last quarter century.

In all of Georgia's road building experience there has not, perhaps, been a more important incident than this. The coming of these tourists signalizes not only a big state project, but a great national movement; there is no smallest detail of the opportunity that Georgia can afford to overlook or miss.

We are speaking of the event now solely from a Georgia standpoint, for in our reception of the Dixie Highway tourists we may accomplish for the state things for which chance or occasion have not heretofore come to us.

We are speaking, therefore, to the Atlantans and Georgians who are to participate in the welcome and reception of these visitors. Georgia will be measured by the genuine enthusiasm which she puts into it; by the sincerity of her purpose in the direction of constructive building; in a word, by her works.

We have no question that Georgians and Atlantans will be equal to the occasion, and that the visitors will come and go well pleased with their brief stay in Georgia, because they were made to see and know it as it is.

THE FATE OF STERLING.

While the primary object of the credit of $500,000,000, which England and France have just secured through American financiers, was to provide a means of purchase of agricultural and manufacturing products in this country without the necessity of sending gold here to pay for them, it had also as a secondary purpose the maintenance of as near as possible a parity in the exchange rate between this country and those in whose interest it was negotiated.

It has not, however, had the effect hoped for. Although, pending negotiations, the value of the pound sterling as measured by American dollars recovered materially from the record low point made September 15, it experienced another big drop this week just two or three days after announcement of the conclusion of satisfactory arrangements for the credit loan. The value of the pound went to $4.67¼ on Monday, or more than 4 per cent below par on the dollar basis. It has been as low as 5 per cent under par, but had recovered, pending negotiations for the credit, to a point within approximately 3 per cent of par value.

Financial experts profess to see in this situation the doom of the English pound sterling as a world standard of monetary value. Bankers on both continents are making every effort to stem the tide against the British monetary standard, and for a while they will be materially aided by the half billion dollar credit just negotiated; but when that is exhausted, the best financial opinion is it will mean the virtual elimination of the pound sterling as a monetary standard, at least, for the remainder of the war.

Already there is talk of a supplemental loan of $250,000,000, to be floated solely through the financial institutions of this country and without participation of the general public. This and other remedies are being discussed with a view to maintaining the underlying foundations of commerce between America and England.

The bankers may make some arrangements which will hold the value of the pound within such limits as will prevent serious or dangerous interference with commercial transactions.

But whatever may be done in this direction, the American dollar has taken its place at the head of world finance to stay. It is now, and will remain the standard of international commercial transactions, and it will do this, notwithstanding the fact that the pound sterling may soon after the close of the war find its way back to the parity value which it has held without variation for many years.

With England drained to her financial dregs, and with the flow of gold to this country and the piling up of credit here, the inevitable result is the supremacy of the dollar in world finance. And having fairly won it without responsibility for the causes which made it so, the United States will hold on to it by the sheer strength of its financial resources which cannot be shaken.

CLEANING UP THE FORCE.

The police commission, working in conjunction with Police Chief Mayo, is giving every evidence of its determination to clean up the police force and to eliminate from it men who are unworthy, unreliable or dangerous.

The commission has done well in peremptorily dismissing from the service of the department two of its members who engaged in a disreputable altercation in which one of them was wounded by a pistol shot, and another, who engaged in a fisticuff with his wife. The commission had no alternative but to dismiss these men, and it met the issue promptly.

Another flagrant case that came before the board is yet to be acted upon. It was that of the policeman who fired a pistol shot at a 10-year-old negro boy who was carrying a lunch to his brother, wounding him almost to the point of death; and he had no other excuse except that a frightened child ran when the policeman called upon him to halt. The policeman's explanation that he fired his pistol simply to scare the child, and had no intention of hitting him, is not an answer to the law, which makes it a criminal offense for him to have fired at all under the circumstances.

It is stated that the police board deferred action on this case because it has to come before the grand jury. Meanwhile, the offending policeman is under suspension.

The department owes it to itself and to the community to purge itself of such men as this. It should make assurance doubly sure by carrying the case direct to the grand jury through its head, and insisting, for its own good name, upon immediate action.

There is every reason to believe that Chief Mayo and the commission propose to build and strengthen the department in every way possible. Naturally, in pursuance of these efforts, they will meet with some difficulties, but the task is not an insurmountable one.

What Atlanta wants and will insist upon having is a thoroughly capable and efficient police force that will halt nowhere short of its duty in the protection of life and property.

THE SERIOUS SIDE.

The serious song has supplanted the gay marching music which has been such an inspiration to the English soldier. "Tipperary" has waned, and "Onward, Christian Soldiers" has taken its place. Of the reasons for the change The Philadelphia Ledger says:

> They have confronted danger for months, and from the jocular, light-hearted youths who left their homes a while ago they have been transformed into serious-minded men with a mighty purpose, and are now singing "Onward, Christian Soldiers," with all the enthusiasm of Crusaders. This new spirit may have had something to do with the impetuosity of the rush with which they have been taking the German trenches.

The Turk's commentary on the hymn, as quoted by an English newspaper, is as follows:

> "Christian is killing Christian so fast that our work in this line is lessened. There is much for us to do yet, but they are helping!"

Cynical comment, that! But the philosophy of the Christian-killing Turk strikes home in such a war as this is.

ENFORCING THE LAW.

The South Carolina people are taking their prohibition law far more seriously than was predicted they would.

At first it was said that no one of standing in a community would be severely dealt with for violating the dry law, but recent indictments returned by the Charleston grand jury have done away with that idea. The law is to be applied without fear or favor.

The situation is not so bad after all, for those who must have their tipple will go the gallon-a-month limit, in conformity with the dry edict; but the disposition to make the restriction effective is general. Blind tigers by wholesale are being arraigned and penalties meted out to them.

South Carolina's answer to her critics in this respect is convincing. She is equal to the enforcement of law and leaves nothing undone to bring its violators to book.

It was natural it should try to hold its ground when they dignified it by calling it "The Haitien Army."

Not much is heard of the Italian troops, but they are mountain-high above the enemy.

JUST from GEORGIA

"Gentlemen, This Is Weather!"

October brand of weather in the North State, according to the author of "Playful Plunkings From a Pore White's Banjo:"

"Frost this mo'nin' on th' tater vine,
Sheets soon stiff on th' ol' clo'esline,
Gentulmen, this is weather!
Slep' under extry kiver last nite,
Couple uv blankets, an' I hugged 'em tite,
Gentulmen, this is weather!

"I'll gether co'n in th' fiel' all day,
Nip in th' air'll he'p me arn my pay,
Gentulmen, this is weather!
Then eat my supper—mos'ly white beans,
But I'm glad ter say I'm dun with greens—
Gentulmen, this is weather!

"Then I'll ketch my coat off uv hits peg,
Goin' ter see Sary, ef hit takes a leg,
Gentulmen, this is weather!
Co'tin' haint co'tin' ef you kaint keep warm,
Ef Sary needs hit, I'll give her my arm—
Gentulmen, this is weather!"

Real War on the Linotype.

London Punch tells of a new war-drive on the linotypes:

"We take from a Sumatra paper a list of some of the words which the Germans in their patriotic ardor propose to substitute for the English sporting terms formerly in use:

Golf—Locherballspiel.
Cricket—Dreistabenschlagerspiel.
Leg before—Beinenschwindel.
Not out—Nochnichtabgemacht.
Wicket—Dreistabeneinrichtung.
Half-time—Halbspielwartepause.
Hands—Handefehler.
Start—Abgangsstelle.
Starter—Hauptabgangsstelleaufischtsvorsteher.

"We can now understand the position of the German who says he has no time for sport."

* * * * *

They All Help.

All fer de country a-takin' a stan',
Fruit er de fiel' an' de limb;
Br'er Rabbit say He is de fat er de lan',
Br'er 'Possum he 'sputes it wid him!
Mister Pa'tridge, he say: "W'en you talkin' 'bout 'fat,'
De dogs er de hunter p'int right whar I at!"

* * * * *

What Luke Overlooked.

From the philosophy of Paul Grabiel, in The Arkansas Democrat:

"Luke McLuke has never given the matter his attention, so far as we recall. But if he had, we feel sure he would have pointed out that the reason a man knows so much more about a woman after marriage than before is because the Correspondence Method is vastly inferior to Personal Instruction."

* * * * *

Your Right.

Fear not the fight
To win your right
And, winning, ne'er forsake it,
And take your stand
In Promised Land—
If you hit the licks that make it!

* * * * *

Busy Time Ahead.

The ambitious correspondent of The Russellville Record says:

"Each week requires several hours of hard thinking to write up the news in an interesting way, and when I go into the newspaper business I will print a paper that will be of interest to the people of the country."

* * * * *

The Welcome Light.

To keep the life-fire on the blaze
Until the cold world understands—
When weary of the long, dim days—
It's the one place to warm its hands.

He'll Intern.

"This idea of fast battle cruisers don't sound bad," says the humorist of The Charlotte Observer. "Make our'n fast at Norfolk!"

The Eternal Hustlers.

(From The Indianapolis News.)

Though this is an off year in politics, the politicians don't seem to be able to get much rest.

Southern Textile Exhibition At Greenville Next Month Of Great Interest to South

Editor Constitution: The most notable event in the textile history of the south will be the opening of a southern textile exposition at Greenville, S. C., on Tuesday morning, November 2. The textile manufacturers of the south and their executive department heads have worked long and earnestly in an endeavor to bring a machinery show of this kind into the southern states. The exposition in Greenville, from November 2 to 6, is the successful result which crowns their efforts. More than 46,000 square feet of floor space will be utilized in showing the exhibits of 166 exhibitors. The latest improved machinery in full operation will be shown, besides many unique exhibits never before seen in the south.

The executive committee, with Robert F. Bowe as chairman, have performed a worthy service not only for the textile industry, but for the whole south. Hundreds of visitors from the north will be present, as well as thousands from the south, and the hotel accommodations at Greenville will be taxed to their utmost as a result.

However, the executive committee advises that the big hotel at Chick Springs, near Greenville, will be opened during the entire week of the expositions and special trains over the Piedmont and Northern electric road will be operated for the convenience of guests who may desire to go there. They also advise that if any person unable to secure satisfactory hotel reservations will notify Mr. Riley, the secretary of the executive committee, that he will take pleasure in seeing that a reservation is made and awaiting that person on his arrival in Greenville.

Three of the best bands in the state of South Carolina have been engaged for the entire week and the entertainment committee has provided entertainments galore, including dances every night. The exhibit hall will be open from 9:30 a. m. until 10 p. m. each day of the exposition.

Tuesday, November 2, the first day of the exposition, is known as "Presidents and Treasurers day" and it is of interest to note that not only will the usual exposition crowd be on hand, but the board of governors of the American Cotton Manufacturers' association has been called upon to convene in Greenville on that day by President Scott Maxwell, in order to determine on their meeting place for 1916. In this connection, it is also of interest to note that Fred Houser, the wide-awake secretary of the Atlanta convention bureau, expects to be present on that day with a group of representative Atlantans to make an effort toward bringing the American Cotton Manufacturers' convention for 1916 to Atlanta.

It may also be of interest to you to know that while the exhibit of machinery to be shown at Greenville has not been managed by the same organization that ran the show in Boston in 1914, the larger number of exhibitors are the same as those who exhibited their products at the Boston show. This Boston exhibit in 1914 was the one which Secretary Fred Houser attended, in company with the writer, and made a strenuous effort to bring to Atlanta for the spring of 1915. This would probably have been accomplished had it not been for the breaking out of the war in the fall of 1914. Also, the machinery and textile interests around Atlanta did not give the active support necessary to start an exposition of our own, but this was secured around Greenville, and the show has been brought thus far on the road to success.

While a satisfactory attendance is practically assured, still an overwhelming attendance is all that is needed to harden into shape the already half-formed resolve to incorporate a body to be known as the Southern Textile Exhibitors' association and bring such machinery exhibits to the south at regular periods. I am satisfied, if we can succeed in making this exposition an unqualified success this year, that when another exhibit is planned Atlanta, with her numerous attractions, will stand a splendid chance of securing the prize.

L. L. ARNOLD,
Editor "Cotton."

Atlanta, October 13.

Meeting Will Be Held To Urge Immediate Action Regarding Bleckley Plaza

Editor Constitution: Everybody recalls the enthusiasm with which the suggestion of our brilliant young townsman was received when Mr. Haralson Bleckley announced his plan to transform the unsightly railroad tracks into a center of attraction. This was several years ago.

While the interest is still sustained, no efforts have been put forth, so far as I know, to carry out the original design, and to secure for our wonderful city this show window and this beauty spot, than which nothing could be more desired.

The Joseph Habersham Chapter, Daughters of the American Revolution, feeling that the time is ripe for action in this matter, will hold a public meeting on Wednesday evening, October 20, at the assembly room of the chamber of commerce in the interest of this undertaking. The whole town is invited to be present.

We must have this plaza.

We will have this plaza.

Brilliant and capable men will speak and tell us how it can be done. Now is the time, before the new lease is signed. Now is the time for Atlanta to rise and shine and show what she can do when she gets warmed up.

We have been informed that it is entirely sensible, and entirely practicable, and that the only thing to be done is to go after it. Mr. Bleckley will explain his plan and there will be beautiful pictures shown of that and of similar enterprises in other cities.

MRS. WILLIAM LAWSON PEEL.

Atlanta, October 13.

Indorses Editorial.

Editor Constitution: I have just read with great deal of interest your editorial on "Georgia and the Loan." I heartily indorse your position in this article as well as your other recent editorials along the same line—diversified farming.

I am anxious to see the day in our state when our farmers will make a business of farming; when they will farm with the same degree of system that our successful lawyers and doctors practice their professions.

If we had a county high school in each county of our state, two years of its course of study being given to practical, diversified farming for our boys, and a like time to teach our girls domestic science, beautifying and purifying our country homes, we would have laid the foundation to revolutionize farm life.

The facts and figures you present in your editorial of today, convinces me of the need of such an institution.

With best wishes, I am, very truly yours,

M. G. SMITH.

Trenton, Ga.

The Sunset Valley.

I.

Heart o' thine, cease repining,
O'er ways you've trod with bruised feet,
See, beyond, a valley shining,
With thornless paths and blossoms sweet.

II.

Birds sing there—no storm clouds darken
Skies are ever blue and bright
List to Hope's clear voice and hearken,
Where the Peaks of Peace invite;

III.

Life's bitter cups, O Heart o' thine,
With trembling lips we bravely drain,
And bow before mute Sorrow's shrine
Since 'tis meted for our gain.

IV.

Just beyond, down Sunset Valley,
Where the stars of morning shine,
We'll forget this shadow pathway
And sorrow's cup, once mine and thine.

—AUGUSTA WALL.

TEN THOUSAND SECRET ORDER MEN IN FESTIVAL PARADE IS PLANNED

Pledging to have at least 10,000 secret order men in a mammoth parade during the Georgia Harvest Festival, representatives of eleven fraternal societies of Atlanta last night at a meeting at festival headquarters got from the officers permission to put on "Fraternal Order Day" on Wednesday, November 17.

Walter C. Hendrix was named grand marshal and W. J. Simmons deputy grand marshal of the day. A fraternal order celebration in the Auditorium at 3 o'clock, followed by a parade, and later by a ball, were some of the features agreed on last night.

The workers decided to meet again next Tuesday night at the festival headquarters to arrange further details for the day.

Odd Fellows Invited.

Fred Heilbron, division deputy grand master of the Grand Lodge of Odd Fellows of Georgia, has sent out letters to lodges in all parts of the state inviting them to have representatives in the parade and other fraternal features.

An aerial conquest of Atlanta and the double destruction of a mimic fort at Piedmont park will be one of the big thrillers of the Georgia Harvest festival.

The festival management yesterday signed contracts with Captain J. H. Worden, one of the nation's foremost aviators, to perform four exhibitions during the carnival.

Two of these will be flights over the city in which he will demonstrate Atlanta's perils in event a hostile nation's aero fleet invaded. Bombs will be dropped upon the roofs of the downtown skyscrapers. Two flights will be made over the city, one on Wednesday and the other on Friday.

The most spectacular of the aerial exhibitions, however, will be a performance of "The Fall of Lege," when Captain Worden will enter combat with the guns of a fort erected at Piedmont park.

Congdon Directs Show.

R. C. Congdon, president of the Atlanta Gas Light company, and a noted horseman, has been appointed director of the horse and pony division—one of the most impressive exhibitions of the proposed agricultural day pageant.

Prizes aggregating between $300 and $500 will be awarded to entrants in the dog and pony division. Prizes will be given the first and second best horsewomen in line, and also for the best ponies and carts.

Valuable prizes are included in the award list for J. P. Allen, Maier & Berkele, J. M. High company, Davison-Paxon-Stokes company, Eugene V. Haynes, George Muse company.

In connection with the Ad Men's activities toward Agricultural day, J. M. Van Harlingen and Henry G. Williams, forming a special club committee, leave this morning for Dalton to obtain a float for the parade from Whitfield county.

Governor Nat E. Harris has also proclaimed that Agricultural day shall be a statewide holiday. It is expected that bigger crowds will throng the city on that day than any other of the monster carnival.

Enter Agricultural Floats.

A partial list of the picturesque array of floats for the big Agricultural day parade of the Georgia Harvest festival was submitted by W. H. Smith, chairman of the Ad Men's committee on floats, to E. Y. Clarke, general manager of the festival association.

Five of the big county floats will be supplied by Walton, Floyd, Barrow, Gordon and DeKalb counties. These floats are already being manufactured. The Atlanta industries that will be represented by floats will include the F. O. Stone Baking company, American Bakeries company, Davison-Paxon-Stokes company, White Provision company, Miller Union Stock yards, Kamper Grocery company, Elaborating Roofing company.

Special floats will be contributed by the German farmers of the state—Carl Ponland, of Lawrence county; Fred Becht, of Sumter county; L. Trestig, Thomas county; McNeel Marble company, Cobb county; P. D. B. Stensell, Campbell county.

One of the most interesting floats, however, will be that donated by Mrs. Orrie Malone Hurt, of Oakman, Ga., Rockdale county, exploiting the achievements of the wives of Georgia farmers.

THE GAS METER.

BY GEORGE FITCH.
Author of "At Good Old Siwash."

The gas meter is to mechanism what Baron Munchausen is to literature. It is inaccuracy protected by a patent. It is also the nearest approach to perpetual motion yet discovered. Leave a gas meter absolutely alone in a deserted house for months at a time and it will work quietly but faithfully without stopping even for meals.

The gas meter is used by gas companies to prove that the consumer has been burning his lights all night and has been sending up balloons from the roof. It is a small box with face and hands like a clock. Here the resemblance stops, however. You cannot turn the meter back, and it does not run down. It does you no good to neglect the gas meter. It keeps on going anyway. The man who will patent an attachment which will enable a man to stop his gas meter by forgetting to wind it will earn the gratitude of all mankind.

The gas meter brings light to the home, lightness to the pocket-book and aviation to the temper. Like the Bible, it is always causing trouble by being read from different standpoints. The only difference between a theological conference and the office of a gas company on the first of the month is the fact that the language used in the conference is used backward in the gas office. A man may be able to read Greek, Latin and Sanskrit at sight, but he will find for all that he can't read as much gas out of his meter by several hundred feet as the man in overalls who gets into the house through the sill-cock on unknown occasions and reads the dials in the dark. Only men of romantic and imaginative dispositions are successes in the meter reading business.

"The gas meter brings light to the home, lightness to the pocket-book and aviation to the temper."

Meters are very strong made, and it is almost impossible to bias their judgment even with an ax. The confidence of a gas company in its meters is one of the most touching examples of perfect faith in the world. If a gas meter reports the use of 1,000 feet of gas while the family has been in Europe, the president of the gas company will not only accept its statement without question, but he will endeavor to place it in the home of some other family which is going to Europe. More than one gas magnate has had serious doubts about the truthfulness of George Washington, but he never doubts a meter until it fails to register anything. Then it is brought in to be repaired.

Gas meters have much influence on American families. They have made more people go to bed early than all the teachers of all the ages. They have broken up more courtships than any other one thing. They also exercise a discriminating influence over literature. It takes a good story indeed to hold a man's attention late at night while in the cellar below the gas meter is steadily clicking its way toward a record-breaking gas bill.

A Rose to the Living.

(To F. L. S., Minstrel.)

Like a day-weary mockingbird, in the moonlight—
Yet from far fields, with God's bounty ripe—
"Bob-White" pipes!

Pipes "Bob-W-h-i-t-e—Bob-W-h-i-t-e"—"all's right—"
"Passes drouth of doubt and night,"
"All's right—sun-bright—quite!"

A child telling daisies—breathless o'er last tell-tale tongue
Eager to string, till round the world garlands are flung.

Sure at the end of the Rainbow—lies fairy gold—
Barefoot Jock-o-dreams idling to goal!
Head in air—to count all the stars there are,
To wonder in awe of unspoken prayer of the Quest—what lies across the Bar?

Like frank pansies, sure of the love of the Sun—
So hearts-ease to man—singeth he on—
With both hands from his fair garden flung—
Treasure-bloom—of heart forever young!

Comes softly whispered thru the blue,
Who holdest faith that dreams come true—
Who giveth as flowers drink their dew,—
Heart's ease to all are you!

—JOSEPHINE LAMBDIN KAY.

Atlanta, Ga.

The Holland Letter

Some of the changes as unexpected as they are great which have been occasioned by the war and which have been overlooked by reason of the concentration of interest upon the battlefields of Europe are occasionally disclosed, although in an incidental manner. Russia stands almost apart and distinctive because of extraordinary changes which have been begun and are now under way in that great empire. The American manufacturers of munitions of war have learned incidentally that Russia purposes becoming a great manufacturer of munitions of this kind, no longer—at least after the war is ended—being dependent upon other nations for war equipment commodities. For instance, representatives of Russia recently made inquiries in the United States with intent to learn whether they could obtain immediately, or within a few months, commodities necessary for the thorough equipment of several arsenals which she is erecting and in which she purposes manufacturing munitions of war. An earth slide which temporarily blockaded the Panama canal revealed the fact that Russia was exporting from the United States by way of the canal and the Pacific ocean to her seaport in the Far East large amounts of munitions of war. The export of these commodities and the use of the Panama canal for that purpose would have been unknown to the public had it not been for this slide which has served to blockade a number of vessels bearing heavy cargoes of war munitions to Russia.

Another incident, apparently trivial in itself, has revealed the fact that Russia is contemplating not only the construction of a new railroad system, but will also make the deep-water terminal of that system a harbor north of the Arctic circle, which the Russians have discovered is, by a peculiar phenomenon of the ocean, made free of ice the year round.

Not the First Time.

Knowledge of this purpose would not have been made public in the United States had there not appeared an advertisement for American skilled artisans and especially those skilled in railroad construction. This is not the first time that Russia has appealed to the United States for aid in railway construction. The empire has always purchased in the United States a large amount of equipment for railroads, such as steel rails, but at the same time Russia made her first appeal to this country with intent to secure some one skilled in railway construction, there were no steel rails manufactured in the United States, or, in fact, anywhere else.

The czar of Russia who reigned in the midyears of the past century decided to construct a railroad from St. Petersburg to Moscow, purposing such construction as would make it possible to operate the road substantially in a straight line without appreciable grade. He sent a commission to the United States to secure a competent engineer, having heard that the American engineers of that early day had succeeded wonderfully in railroad construction. His commissioners went to Massachusetts and there were brought in contact with Captain Whistler, a graduate of West Point, the engineer who made the first survey for the Baltimore and Ohio railroad and who was at the time of the visit of the Russian commissioners completing a railroad whose construction had involved very difficult original problems of engineering, a road which gave Boston connection with Albany. Captain Whistler was offered and accepted the post of engineer-in-chief for the construction of the first great national railway system of Russia. His success has always caused Russia to look toward the United States with favor when railroad construction is under contemplation.

Why Americans Were Chosen.

Very likely it was the tradition of Captain Whistler's success, as well as the fact that the United States is now the only open market, so to speak, where competent railroad construction can be secured, that led Russia to approach the United States with intent to secure skilled artisans for the construction of this new railroad. Were this railroad now in operation, Russia would have been spared some embarrassment in the first year of the war. She would have been able to secure munitions of which she is so greatly in need. She would not have been compelled to rely upon the harbor of Archangel, which is icebound six or eight months of the year, or the distant port upon the eastern coast whence commodities are transported by her Siberian railroad system.

In midwinter of this year, Russia placed a large amount of orders with American manufacturers, the understanding being that these munitions of war were to be shipped as soon as possible after news came that the harbor of Archangel was free of ice. Russia was compelled to wait about four months before American vessels entered Archangel harbor. There came into the office of an American manufacturer who shipped some part of the munitions a dispatch this spring which was so pleasing to read that it was handed around. It announced that the harbor of Archangel was open and that the munitions which had been shipped by these American manufacturers would be speedily unladen so that they could be transferred to the Russian railroad.

The men of science in Russia reported some time ago that there was a harbor north of the Arctic circle which was peculiar and individual among the harbors of the world in northerly latitudes because, like Halifax, it was ice free the year around. The explanation of this phenomenon which was given by the men of science was that there was a reflex or backward sweep of the gulf stream potent enough, warm enough, in fact, to prevent such freezing of the harbor as would blockade it. Had it not been for the exigencies of the war, Russia might not have undertaken for years to come to build a railroad from this harbor to the capital. Now this undertaking is under way, and if Russia succeeds in her purpose, skilled artisans from the United States will have part in the construction of the railroad. When it is built, it will supplement, perhaps supersede, the Siberian railroad, so far as transportation of commodities in winter is concerned.

HOLLAND.

Dixie Highway Tourists Moving Toward Atlanta; Royal Welcome Arranged

"With colors flying, the vanguard of the "Dixie" highway tour of inspection will roll into Atlanta Friday afternoon after a run from Chicago, Ill., to be the guests of the various civic bodies of this city until their march is resumed Saturday on to Miami, Fla., southern terminus of the national road.

Friday afternoon and night will be a red letter day in the history of Atlanta. Joy will reign supreme, according to officials of the various organizations arranging for the entertainment of the Dixie highwaymen, and the Georgia city will be turned over to her guests.

Advance word from the various reception committees along the line of march is that the highway people will leave Chattanooga, Tenn., Friday morning at 8 o'clock, the weather permitting and with an easy run reach Rome, Ga., at noon.

After Rome has been completely looked over the commissioners and escorts will repair to the Hotel Forrester, where a luncheon with after-dinner speeches will be held.

Atlantans As Escort.

All Atlantans who are going to Rome to meet the southbound "highwaymen" will leave here Thursday at 1:30 o'clock.

Manager A. C. Webb, of the Atlanta Studebaker company, will drive one of his cars in the lead of the reception committee, containing Harry Cohen, Jack Lewis and Wylie West, from the Chamber of Commerce; next will come Manager McCutchen, of the Atlanta Buick agency, driving one of his cars containing Fred Houser, manager of the Atlanta convention bureau; then in order will come a Cadillac driven by Manager George Fauss, of the Atlanta Cadillac company, and containing Julian Boehm, president of the Atlanta Ad Men's club; a Haynes car driven by Manager Thway, of the Atlanta Haynes agency, containing officials of the Automobile and Accessories' association; a National car driven by Manager Sam Pegram, of the Pegram Automobile company, also containing men from the Automobile and Accessories' association; and last will be two machines containing officials of the builders' exchange and the Georgia Harvest Festival association.

Beaumont Davidson, president of the Harvest Festival association, will drive the last car containing J. P. Allen, John Aldrich and E. Y. Clark.

The foregoing cars will meet the tourists at Rome, while there will be yet another crowd who will leave Atlanta late in the afternoon and proceed to the Chattahoochee bridge as escort of honor into the city on the grand parade which will follow their entrance.

Truckload of Refreshments.

At the Chattahoochee bridge will be a big automobile truck filled with all kinds of liquid refreshment for the parched throats of the dusty tourists, as well as the biggest brass band which can be gathered together in Atlanta in another truck.

Turning at the bridge with only a short rest until the refreshments can be conveyed from the truck to the cars, the line of machines will move down the Marietta road until they reach Marietta street. Then the parade will automatically be under way and with the liveliest music from over a quarter of a hundred musicians and as much noise as possible (the band has invited competition), the tour will swing down Marietta street to North avenue, from North avenue to Peachtree street; Peachtree street to Mitchell street; Mitchell street to Broad street; Broad street to Marietta again; Marietta street to Forsyth street, and then on Forsyth street to the Hotel Ansley.

The reception committee has solicited and obtained hearty co-operation on the part of the police under Chief Mayo to see that for no reason shall the parade be interfered with.

Parking Place for Cars.

If there is too great a number of cars, Chief Mayo states that he will arrange with the commissioners to have Broad street from Peachtree to Marietta street as a parking space. If that is secured each car will be tagged to keep it out of the hands of other owners and a guard of plainclothes officers will be placed on watch.

In the parade besides the visitors and Atlanta automobilists will be cars representing the city of Atlanta, Fulton county, Georgia and the different branches of the city and county government.

Plans have been made for the heads of all city departments to be placed in one big car, with Chief Mayo and Chief Matheson, of the city and county police departments, at their head.

The big show will come Friday night, when it is thought half of the city will turn out to the Auditorium-Armory for the big oyster supper which will be held there.

Oysters fried, baked, stewed, on the half and whole, will be served by the most experienced chefs in the city, and then the big booster joy meeting will hold sway, no one cares to predict just how long.

CITY HALL GOSSIP

MANHOLES AND WATER METER BOXES CAUSE DAMAGE CLAIMS

The claims committee of the city council is having all sorts of trouble about accidents said to have been caused by falls into either manholes or water meter boxes. Five of such claims were made before the committee Wednesday afternoon. One negro claimed to have been injured by falling into a manhole, and it was shown that it was after a similar accident to a negro woman who got $60. The top of the manhole had been fixed before the man was claimed to have been hurt.

TWO MORE CANDIDATES FOR MEMBER OF POLICE BOARD

Since C. R. Garner, defeated candidate for alderman, has been mentioned as a probable candidate for the police board from the fifth ward, other names have been brought forward. It is said that both Jesse B. Lee, councilman, and James W. Maddox, alderman from the fifth ward, will be in the race.

RECEIPTS FROM CYCLORAMA SHOW INCREASE FOR SEPTEMBER

Councilman George P. Freeman, from the third ward, is feeling proud about the receipts from the Grant park cyclorama last month. He says the amount received for September was $640, double that for any other month during the year. From this he argues that something ought to be done at once to take better care of the valuable picture.

NO FREE LICENSES GRANTED FOR WAGONS PEDDLING JUNK

The tax committee of council at its meeting Wednesday afternoon decided to bar any free licenses to peddle junk. It took the position that junk wagons might make tempting "fences" for thieves who steel fixtures from vacant houses.

ONE FREE LICENSE THE LIMIT IN A FAMILY, SAYS COMMITTEE

An old white man appeared before the council tax committee Wednesday afternoon and said he would like to get a free license for his son. An investigation showed that the city had furnished the old man with a free license and he was making such a good thing out of peddling from a wagon that he wanted another member of the family to engage in the same business. He was told that one free license in a family was the limit.

POSTAL DEPARTMENT PROMOTES GEORGIANS

J. K. Pickett, Dawson, Named Chief Clerk to the Assistant Postmaster General.

Two Georgians have just been awarded promotions in the postoffice department. The announcement that J. K. Pickett, of Dawson, Ga., has been made chief clerk to the fourth assistant postmaster general follows closely upon the promotion of William I. Denning, of Griswoldville, Ga., to be chief clerk of the department, which places him at the head of the civil service list and immediately next to the postmaster general.

Mr. Pickett entered the postal service in 1895 as a stenographer in the office of the second assistant postmaster general. He advanced through the several grades of the contract division, and was clerk in charge of the Pennsylvania-Ohio section when the star route service was consolidated with the rural delivery service and placed under the control of the fourth assistant postmaster general. From chief of the supply division he became chief clerk of the division of equipment.

Postmaster General Burleson has utilized Mr. Pickett's knowledge of postal conditions very largely during the last two years in his endeavor to promote economy and efficiency in the department. He was assigned to the task of reconstructing methods in many of the largest cities in the country.

Mr. Pickett was born in Preston, Ga., in 1871. He is a brother of Dewitt C. Pickett, a member of the state senate from Muscogee county.

GOVERNOR COMMUTES SENTENCES OF THREE

Three White Men and One Negro Will Be Released From Penitentiary.

Governor Harris yesterday commuted three sentences and granted one parole to convicts now serving terms in the state penitentiary.

The commutations were as follows:

Gus Holt, white, of Fulton county, who has served since June upon a six months' sentence for larceny. Commuted to a fine of $25. Holt had an option at the time for his conviction of paying a fine of $50.

Sam Loveless, convicted of misdemeanor in Hall county last August, and serving eight months' term for lack of money to pay a fine of $25, commuted to payment of the fine.

Burwell Jackson, of Warren county, serving twelve months for house breaking, of which he was convicted July last, commuted to present service upon recommendation of physicians who stated that he is totally disabled from sunstroke and has not long to live.

Paul Barclay, negro, of Butts county, who is serving a term for manslaughter of another negro whom he killed at a frolic, was paroled. The crime occurred in 1911, when another negro was convicted with him jointly. The other negro was released by a former governor.

PAROCHIAL SCHOOL FAIR BIG SUCCESS

The annual parochial school fair of the Sacred Heart church proved attractive to large numbers yesterday in a huge tent on the Marist college grounds. The inside of the tent is arranged after the manner of a country fair and the articles to be bought have a wide range in class and kind.

Booths are conducted by the Knights of Columbus, Marist college, the Young Ladies' sodolity, the Ladies' Altar society and the parochial school. The fair is in charge of the ladies of the Sacred Heart church and will be continued through Saturday night. The tent is open to the public from 3 o'clock in the afternoon until 11 o'clock every night.

MOONSHINE CHARGES AWAIT MAN SERVING ON JURY IN GILMER

That the defendant could not answer a charge of moonshining in the federal court here because he is serving on the jury in the superior court of Gilmer county was the reason offered Judge Newman yesterday when the case against D. Kinser was called. John S. Wood, of Jasper, Pickens county, spoke for the absentee and vouched for his court duties back home. Upon the assurance that Kinser could excuse himself and appear for trial in Atlanta Monday his case was moved up until that time.

Bankers and Brokers' Club Elects Officers And Discusses Loans

James D. Leitner, of the Atlanta National bank, was last night elected president of the Bankers and Brokers' club of Atlanta, which held its annual meeting at the University club. He succeeds Henry B. Kennedy, of the Fulton National bank.

Other officers chosen for the ensuing year were H. Warner Martin, of the Lowry National bank, vice president; Ralph W. Byers, of the Third National bank, treasurer, and Haynes McFadden, of the Southern Banker, was re-elected secretary.

Following the business session a discussion was had of the present plan of collecting country accounts.

A committee was named to arrange for a banquet on Thanksgiving day for the club members. All bank officers and directors of the city will also be invited. The committee in charge is Walter P. Candler, H. W. Martin and Henry B. Kennedy.

EX-GOVERNOR GLENN SPEAKS HERE SUNDAY

There will be a prohibition rally among the colored people at the First Congregational church, colored, corner Courtland avenue and Houston street, Sunday night. Ex-Governor R. B. Glenn, of North Carolina, will be the chief speaker of the evening. He will be introduced by G. W. Eichelberger, superintendent of the Anti-Saloon League of Georgia. A number of the leading white prohibitionists of the city are invited to attend the services.

Metcalf Heads Grain Dealers.

Peoria, Ill., October 13.—Lee G. Metcalf, of Illiopolis, Ills., was re-elected president of the Grain Dealers' National association here today. Baltimore probably will get next year's convention.

PREDICT COLD WAVE TO FOLLOW SHOWERS THAT ARE DUE TODAY

Official and amateur prognosticators proclaim the coming of frost and frigidity within the next two or three days, when today's "probable showers" are followed by a predicted cold wave that will be the severest of the present season.

Wednesday was a dreary, cloudy day. There were moments that seemed as though rain would be inevitable, though no rain fell during the entire day. The temperature remained at "spring normal" even after nightfall.

The weather man assures showers—or "probable" ones—for today, however.

It is a good time to lay in winter equipment, for winter is surely on the threshold.

BROWN & ALLEN CELEBRATE OPENING

Brown & Allen, druggists, will today celebrate their first anniversary in their new store. The public is cordially invited to attend this most delightful occasion.

During the afternoon they will present the ladies visiting their store with souvenirs.

BANK CLEARINGS SHOW INCREASE OVER 1914

Statistics of the Atlanta clearing house for Wednesday showed an aggregate of $3,671,578.80, which is a gain of $1,212,485.50 for the corresponding date in 1914. Clearings for the first half of the week were $9,890,017.44, an increase of $2,938,313.08 for the same period of last year. Officials stated Wednesday that clearings for the week would be as much, if not greater, than last week, which totaled $18,886,394.74, the year's high record.

FINE ROADS REPORTED ON FORREST HIGHWAY

Rome, Ga., October 13.—(Special.)—Judge Moses Wright has returned from a trip over the Forrest highway from Rome to Birmingham in company with Secretary H. A. Wheeling and Chief Engineer T. E. Grafton, of the Dixie highway. Meetings were held at Cave Spring, Center, Gadsden and Ashville. The party reports that work is being done along the entire route, and that the roads are already in fine condition. They particularly commend the interest of the people of Cherokee county, Alabama, who are building a surfaced road by volunteer labor.

SNEED IS HELD TO GRAND JURY; THROWER FINED

In police court Wednesday morning former Patrolman H. H. Sneed was ordered held to the grand jury under a bond of $500 and former Gamewell Telegraph Operator J. Knox Thrower was fined $25.75 for the fight in which they are said to have participated recently when the latter lost one of his fingers.

The two negro women said to have been mixed up in the difficulty which caused the two men to be dropped from the police department Tuesday night by the police board, Roxie Kennedy and Mamie Miller, were each fined $25.75.

Recorder Johnson stated that he was inclined to help the operator in paying his fine if possible.

EDWARD APPERSON, FORMER ATLANTAN, PROMOTED BY U. S.

An Atlanta recruit for the United States marine corps, Edward C. Apperson, who formerly resided at 38 Sells avenue, has been appointed squad leader, signalman and marksman, according to advices just received by friends in this city.

Young Apperson enlisted in the marine corps at its local recruiting station on June 9, 1914, and is now serving on board the U. S. S. Rhode Island, a predreadnaught unit of the fighting fleet. With his qualification as marksman, Apperson received a silver bar.

BUST OF DR. BATTEY WILL BE PRESENTED

With appropriate exercises a marble bust of the late Dr. Robert Battey will be presented and received Friday night at 8 o'clock at the Wesley Memorial church.

The bust will be presented on behalf of the family by Dr. George H. Noble, of Atlanta, and accepted by Bishop W. A. Candler, chancellor of Emory university. This bust is a work of art, carved in Italy.

Dr. Battey was the discoverer of what is known as the "Battey operation," which has saved thousands of women's lives, and is used in every leading hospital in every country in the world. Dr. Battey was a Georgian and lived in Rome, Ga. He performed his operation before the leading physicians and surgeons of Europe, and was the first American to receive the title of honorary president of the International Congress of Physicians of Belgium in 1895.

Some of Dr. Battey's children and grandchildren are among the most prominent citizens of Atlanta.

FOOTBALL VICTIM IS BURIED; TO END SPORT IN DECATUR

Attended by the students of Decatur high school, which had been dismissed for the day, the funeral of Davis Chambers, who was killed Tuesday afternoon during a football game between the Decatur team and that of Marist college, was held from the Presbyterian church yesterday afternoon. The pastor of the Presbyterian church, Dr. J. G. Patton, officiated, and the pallbearers were members of the senior class. Interment followed in Decatur cemetery.

His father, who was one of the first to reach the unconscious boy, assisted in carrying him to a nearby drug store, where he died within thirty minutes. DeKalb county officials announced that there would be no investigation of the accident, as it was unnecessary.

J. H. Saxon, principal and coach of the Decatur high school, stated that the fatality would end the football schedule for the season and possibly for the future.

MRS. J. R. HOPKINS GETS DIVORCE AND ALIMONY OF $3,000

Atlanta learned Wednesday that Mrs. McKee Hopkins, wife of Dr. J. R. Hopkins, the Atlanta millionaire who resides at 275 Peachtree street, had been granted a divorce with alimony of $3,000 annually.

A decree was given also that whatever of the $50,000 debts that the husband paid was to be deducted from the annual alimony. This was a shock to the plaintiff, as her suit demanded $36,000 alimony and payment of the $50,000 bills.

The case was fought by Dr. Hopkins through his attorney, Eugene Black, of Atlanta. The divorce suit, itself, was not combatted.

Mrs. Hopkins' decree was only a first verdict. Under the New York law three months must elapse before a final decree.

SERIES OF TROUBLES FOLLOWS NO. 13 HOME; HOODOO IN CONTROL

There may not be any "hoodoo" in the No. 13, but the claims committee of the city council believes there is, after hearing the statement of E. L. McCord, superintendent of the N., C. & St. L. R. R., Wednesday afternoon.

Mr. McCord lives at No. 13 Baltimore place. He asked the committee to pay the doctor bill for his 8-year-old son, Lacy. He said the boy had stepped on an old paper file in the yard of the Calhoun street school and was painfully injured.

"I don't care anything about the money," he said, "but I want to break the hoodoo. One of my boys recently broke his arm, another had a serious fall from a tree and a third broke a finger while playing ball. Now my other son has been injured in the school yard."

The committee voted to pay the doctor bill provided it wasn't more than $5, and it also decided to recommend to Mr. McCord that he move into a house with some other number.

Aged Woman Granted License to Peddle For Family's Support

A little old woman who, despite her seventy-odd years, still appeared to be able to get around quite lively, was before the tax commission of council yesterday afternoon to secure a free license to peddle wood and coal from a wagon. She said her "old man" was too feeble to work, and her only child, a son, was "weak-minded," so she was going out to work to support the family.

"My name is Sarah Pope," she told the committee, "and I live on Strong street. I want to support my family. You see, my old man is too old and feeble to do any more work. I have one son and his mind has never been right since he had the brain fever when he was nine years old. Somebody has got to take care of us all and I feel able to sell a little wood and coal. My son has sense enough to drive the horse while I do the selling. I just want a chance to work."

The old woman was granted a free license by a unanimous vote of the committee, and the chairman, Alderman Kelley, said:

"And may God speed and bless you, old woman."

Aragon Store Robbed.

Rome, Ga., October 13.—(Special.)—The Aragon store at Aragon, Ga., was entered by burglars at an early hour yesterday morning and a large quantity of merchandise stolen. Watches, shotguns, pocket knives and various other articles of merchandise were carried away by the thieves.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead, and feel fine, full of vigor and ambition.

BREAK YOURSELF OF THE LAXATIVE HABIT

LAXATIVES and cathartics cause more constipation than they cure. Nujol is the modern treatment for constipation. It conforms in all essentials to the requirements of the mineral oil treatment as prescribed by its discoverer, Sir William Arbuthnot Lane.

Nujol is odorless and tasteless, absolutely neutral, and is not digested or absorbed into the system. It acts merely as a mechanical lubricant.

Nujol is not a drug. Its use will not give quick, temporary relief. But Nujol is a genuine remedy in that it relieves constipation in the most natural way by lubricating the lining of the intestines, softening the intestinal contents, and thus promoting healthy and normal bowel activity.

Nujol

REG. U. S. PAT. OFF.

A PURE WHITE MINERAL OIL

Write for "The Rational Treatment of Constipation," an informative treatise on constipation. If you cannot get Nujol from your druggist, we will send you a pint bottle prepaid to any point in the United States on receipt of 75c—money order or stamps.

Boston Red Sox Are World's Champions

EDITED BY DICK JEMISON

Red Sox Demonstrate They Know How to Hit That Pill, Says Hugh S. Fullerton

By Hugh S. Fullerton.

Hugh S. Fullerton.

Philadelphia, Pa., October 13.—(Special.)—I doped.

Every detail of the world's series worked out practically as predicted, and but for the fact that Jack Barry made that wonderful catch that turned a 4 to 2 victory into a 2 to 1 defeat, even the scores would have been as close to right as right as can be figured.

Instead of having to travel back to Boston over the Spanish Inquisition and Northeastern railroad tonight, we are free, because Barry's catch upset the dope that the Phils would win two games and the series ended today in another demonstration that our argument that the hitting power of the Phillies was overestimated was right.

Before the most partisan and wildest crowd of the series, the fact was demonstrated that the short fences won the National league championship for Philadelphia, and they came near winning today's game for Moran's crew, winning on a high fly that dropped over the right field wall and momentarily disconcerted the Red Sox. In fact, that hit more than momentarily disconcerted them, for they smashed up for several moments, bulled and blundered until they let another run in and it required a smashing home run drive by "Duffy" Lewis and later Harry Hooper's smash to right center that bounded over the wall to turn the tide back to the better club.

Sox Settle Down.

You will remember that this game figured to finish 5 to 3, and that we argued that by the fifth game of the series the Red Sox would settle down to playing ball the way they do in season, and that they would hit any kind of pitching Moran could offer, even the great Alexander. Also we urged upon you to believe that if ever these Red Sox got to hitting at their regular gait on this band-box ball park they would destroy concrete other than that in Dodo Paskert's peak.

It doped. They started hitting today and they proved to the eminent satisfaction of some 20,000 persons that the Red Sox can hit when they strike their gait. They mauled three of the offerings of Mayer and Rixey for home runs that would have been home runs on any field. There will be large and angry arguments over these hits for the next year, so let us settle them now.

Luderus' home run, which happened in the fourth inning, was a skyscraping fly that dropped over the right field wall into Broad street. Hooper might or might not have caught it on the Boston grounds, but had it fallen safe, it would not have been more than a two-bagger. Hooper's smashes were straight down the right center field alley and they would have gone a mile on the Braves' field or through the gates at the Polo grounds.

Lewis' drive was of the same variety. Of course, Philadelphia will alibi that they were "lucky" because in each of the three occasions the balls leaped over the bleacher barriers and into the crowd. Of course it was lucky that they did not hit the fences and bound back, but every one of the three hits was an honest home run drive.

And if you want to argue back at any Philly fan, you may state with our authority that Tris Speaker hit a home run that was only a base hit in the score and that on another occasion, to wit, the first inning, he hit a ball that Luderus stabbed that was a sure triple and that upon another occasion, to wit, the seventh inning, he almost amputated Bancroft's arms and because of a wonderful stop was an out. In other words, the Red Sox were hitting. They hit almost anything, and they hit it hard.

Moran's Tactics.

Give Moran credit; he was in the last ditch and he sprung a new attack. Also he came near getting by with it, and he had the Red Sox on the defensive all the way, and merely because he cut loose his hitters and let them play the game as they saw fit. He chopped out the careful, systematic style of play and sent his team out to slambang their way to victory. No one knows why he did not send Alexander to the slab. It seemed to be a proper move, but it is evident that Alex was not up to pitching another game and Moran figured he would get past with Mayer and then try to even up the series by using Alexander in the next game.

His choice was suicidal. It was evident in the first inning that Mayer was a human sacrifice, for the Red Sox used their old rushing tactics and lambasted that old pellet. He got through the first inning because Luerus stopped Speaker's fierce smash by main force and also three Rex Sox smashed the pill flat, not a run scored.

Then the Phils commenced a new line of assault. Stock was hit and evidently that upset Foster, who went to Gloster. He was up to his middle, when Bancroft, after working him to the limit, cracked out a hit, and it looked as if he never would come back again, when Mr. Frank O'Loughlin put him in bad. Paskert sacrificed and Foster rushed at the ball and failed to hit it. Gardner came up with it and made a great shot to first, two steps ahead of the runner, but Hoblitzell was off the base. However, he caught the ball and jammed it against the runner and it looked as if he had the out. O'Loughlin ruled the runner safe, and with the bases filled and with Cravath up, things looked rather dubious for Boston and prospects for the gamblers, who, with their usual crooked mindedness thought it all fixed and laid odds the Phillies would take the game.

Cravath's Weak Effort.

Cravath, our National hero, promptly hit to the pitcher for a double play that left runners on second and third. Foster evidently thought Luderus was as good a hitter as Cravath has shown himself to be, and Ludy mauled out a double that tallied two and made it look as if baked beans and schrod had to take a bow to scrapple and planked shad for one day.

But the Red Sox were on the defensive for the first time in this series, and they abandoned their methodical style of play and started to go after some one. They mauled everything Mayer handed out, and evened up the count in the third when Hooper cracked out his first homer.

Thereupon Moran called upon Eppa Jeptha Rixey, whose odd offerings caused the Sox to hesitate, but not for long.

The proceedings were more tranquil until the fourth, when these surprising Phils upset us again. Luderus deciphered a fly over the wall, which might have been suspected, but Niehoff made a hit, which no one could have hoped, excepting under the theory that Foster wanted to be charitable. That did not seem harmful until Burns, who has been the real hero of this series regardless of what publicity they may hand to others, banged a hit to right.

Hooper came up with the ball and shot it to third, the ball hopped over Gardner's head to the stand. Gardner made a fast pursuit, scooped the ball and while whirling, threw to the plate. Niehoff was sent back to third, but as the throw was bad and the ball got past the catcher only 15 feet, Niehoff whirled and made a dash for the plate with the catcher trying to block him. No one had backed up either third base or the plate, and Niehoff scored.

All of which played the Sox in a bad hole, and Rixey kept them there until the eighth, when Gainer beat out a slow bounder and hero Lewis evened the count with a home run. Hooper's homer in the ninth settled the game and series.

While crowning the hero, take old Sam Adams' wreath and place it upon the brow of Duff Lewis. A month ago the critics in Boston were howling to have him taken out of the game and put Olaf Henrickson there. Tonight he is the hero of Boston, the man who individually has won all four games. De Gustibus Nil Desperandum Est, likewise Nux Vomica and finis.

(Copyright, 1915.)

Breaking Up of Braves.

Boston, October 13.—The breaking up of the Braves in preparation for the rebuilding of the team next season began today when it was announced that Harble Moran, outfielder, and Bert Whalnig, catcher, had been released to the Venice, Cal., club. In return the Braves receive Willhoit, an outfielder.

HOOPER'S WAR CLUB GIVES TITLE TO RED SOX

Continued From Page One.

front. Piling up three runs in the eighth and ninth innings, they got the decision, 5 to 4.

It was a batting bee, in which the Phillies got an early start. Their big war clubs were ringing merrily when the Red Sox determined to take a hand in the affray. From that time forward there was a crashing, clouting chorus that sounded a sweet symphony in the ears of the fans. For the first time in the series the hum of the homer was heard in the land. The Boston hitters got the range of the short-field stands in center and sent three balls hurtling there for the circuit. Hooper got two of the home-run smashes and Lewis another for Boston.

The Philadelphia players, who had had their batting sights carefully trained on the stands and close-set fences long before the series began, valiantly tried to meet the invaders at the home-run game. Luderus lifted one high over the rightfield wall in the fourth, but here the heavy firing of the home folk ended and for the last five innings there was never a threat of Philadelphia tallies. The short fence of the little Philly park, confidently looked forward to as a benefit to the home players, proved in the end their undoing.

Cravath, home run monarch of the National league, was expected to break up several games with smashes out of the lot, but he got his long hits in Boston, where they were speared for sensational outs, and before the home crowds "Gavvy" could only whiff the air when the fans were frantic for a hit.

Cravath Was Weakling.

He had an ideal chance today in the first when the bases were full and nobody out, but "Gavvy" hit to start a double play. His halo was decidedly lopsided at this time, but when he ignominiously fanned twice thereafter it was swept entirely away.

All through this world's series the Red Sox have been just good enough to win. They lost their first meeting with Alexander, but thereafter were not to be denied. When the Philadelphia team fielded brilliantly the Boston players shone with just that greater degree of radiance which narrowly separates a winner from the loser.

When the Philadelphia pitcher was airtight, the Boston swirling was just a little tighter. And today when the long silent bats of the Phillies began a lilting song of biffs and bingles, the Boston bats crashed in more strident tones. Never very far above their rivals in any one of the five games, the men of the American league in the last four starts were always just within the shadowy line of success.

It was a hard series for the Phillies to lose, but a brilliant victory for the Boston Sox.

Supposedly outclassed from the start, with the exception of one star pitcher, the Phillies fought stubbornly and desperately and were not without plenty of chances to win each game they lost. The drive, the "punch," the ultimate smash was missing, however, and they could never give their pitchers a comfortable margin to work under. It seemed that the tide was about to turn to the Phillies this afternoon when they carried the game to the eighth inning two runs to the good. But the Sox were out for victory and ten stinging hits for a total of 21 bases sounded the death knell of Philly hopes.

Mayer Is Selected.

Manager "Pat" Moran, of the Phillies, sprung a big surprise on the Sox as well as on the crowd when he announced J. Erskine Mayer, of Atlanta, Ga., as the flinger to make the last stand for the home team. It had been taken for granted that Alexander would be sent to the slab in the final effort of the National leaguers, and this belief was strengthened when Big "Alex" began to warm up just before time was called. Mayer also was under way. Moran studied the two pitchers for a long time and then patted Mayer on the back. The wise ones said that Moran had decided to take a chance on winning today's game, so that he would have Alexander ready tomorrow for a possible tying up of the series.

At any rate Mayer looked good to Moran today, but he looked even better to the Red Sox. They were having a batting holiday at his expense when Moran stopped the proceedings in the third and waved Mayer to the bench. The home players had given Mayer two runs in their half of the first, but the Sox had hammered home a similar number and had gathered six hits off the Georgian when he flung his glove dejectedly away and ducked into the Philly dugout.

"Colonel" Rixey was called to the mound and the Sox assault was suddenly stopped. The home team gave the "Colonel" two additional runs in the fourth inning, and it seemed that he was destined to be a winner until the visitors took their eighth turn at bat. Gainer, the first man up in this frame, connected with one of the left-hander's slippy slants, and sent it on a journey over the infield for a single.

Lewis Hits Homer.

"Duffy" Lewis, already credited with driving in two of the Red Sox victories, had spent a quiet and uneventful afternoon up to this time. But on this spectacular occasion it was different. He met a fast one squarely on the nose and the crowd groaned as they saw the sphere sailing far away in the offing. The hard-driven ball did not hesitate in its flight until it landed a most unwelcome visitor in the very laps of the loyal rooters in the grounds.

Up to this time, the thousands of fans gathered for the fifth conflict had been confident of victory. They had been treated to more thrills than all of the other games of the series had offered. There had been all sorts of baseball jammed in the early innings. There had been the rattle and crash of hurly bats, sad errors of omission and commission, hit batsmen, bases on balls, attempted steals, flashing double plays and all the complicated affairs of the diamond that go down to the records of the immutable box score.

A midsummer sun, misplaced in a blue October sky, gave real baseball warmth to the atmosphere and the bleacherites had early doffed their coats. It was a cruel descent to the depths of despair for them when "Duffy" Lewis, batting mainstay of the Sox throughout the series, sent his homer into the stands and tied the score. This long hit made it possible for Hooper's homer to give the finishing touch to the game and the series.

But the Philly fans were as game as their ball players had been, and were as generous as their players had been gentlemanly. They knew the Phillies' star was setting fast, but they cheered Lewis for his batting prowess. They cheered him as a brilliant factor in the triumph of the Sox in all the games they won, and they applauded him as one of the men who reflect credit upon the national game. In the fatal ninth, when Hooper sent his second homer to the crowd, the rooters who groaned with the sure knowledge of defeat did not deny to the sturdy Californian a similar meed of praise.

Foster's Second Victory.

George Foster, of Bokoshe, Okla., won his second game of the series. Foster got a warm reception today from the very start, but he stuck to his task, and finally withstood the most furious fusillade the Phillies had fired throughout the series. Smashed and hammered in the first and fourth, Foster always was fighting back. He never lost his head, fielded splendidly and always was a dangerous factor at the bat. He gave as game an exhibition of twirling as ever has been seen in any league, and there were few partisans in the Philly stands who begrudged him the victory the long-delayed home runs of the series threw his way.

"Larry" Gardner, the Sox third baseman, really began the heavy firing of the game when in the second inning he crashed a ball against the center field stands for three bases. The drive missed being a home run by inches.

The Phillies made nine hits off the diminutive Foster for a total of thirteen bases. This hitting was good enough to have won any of the games that went the way of the Sox except the contest today. The Sox since Friday last always seemed to hold the winning hand.

No cleaner world's series ever was played. The men of both teams won the hearts of the fans both here and in Boston by their gentlemanly conduct on the field and the sportsmanlike manner in which they went about their work.

Little Base Running.

One notable feature of the series was the lack of base running. It seemed from the start as though pilfering had become a lost art. Both the Boston and the Philadelphia catchers made the runners look like truck horses nearly every time one started. Today four Philadelphia players and one member of the Sox attempted it. All were cut down while many feet from the bag. The catching of "Eddie" Burns for the Phillies has been of the highest order throughout the series. An inquiry to Killifer's throwing arm put upon the "second string" backstop the entire burden of the series, but he acquitted himself with credit.

While the closing game abounded in thrilling plays and kept spectators on edge from the first to the final inning, it was a loosely played contest in which the offensive strength of both teams overshadowed their defensive work. None of the pitchers that figured in the fifth game, Foster excepted, were able to hold the batters in check in the manner of their predecessors. Broadly speaking, it was a battle between the batters and the outfielders, in which the former had a decided advantage.

There were several sharp plays carried off by the infields and some sterling catches by the outfielders of the two clubs, but much of the hitting was of the savage kind that gave the guardians of the outer trenches little chance to do more than retrieve the ball after the damage had been done. Four home runs, one triple and one double is excessive hitting at any time, even in the midst of a pennant race. When such a combination is uncovered in the winning game of a world's series the climax in heavy hitting is reached.

Ascendancy of Batter.

The ascendancy of the batter over the pitcher in this contest is best illustrated by a comparison of Foster's record in the second and fifth games, both won by the Red Sox. In the first victory for Boston Foster was reached for but three hits and one run by the Phillies. He struck out eight willow wielders and passed none. In the game today the same Foster had nine hits and four runs scored off his delivery, gave two passes and fanned but five batters.

Although he lasted through the game and batted one hit himself, it was the cannonading of his teammates which finally won the game. Foster had great speed at all times, but he lacked the perfect control of the ball and delivery which made him almost invincible last Saturday. He appeared to be unable to get the sharper break on the sphere or to cut the corners of the plate for strikes with the certainty he showed in his first time out. Foster, however, held the edge on both Mayer and Rixey, especially at critical points in the game and the major portion of the credit awarded to the contending twirlers must go to the sturdy, hustling Boston pitcher.

Mayer, who opened for the Nationals, had little to baffle the Red Sox batters with and they laced into his wide sweeping curves for six hits in two and a fraction innings in which he officiated on the mound. All the Boston swingers crowded the plate and took their time waiting for the one they liked. When it came up they hammered it to the infielders or lifted far out over their heads until Manager Moran sent Rixey to his relief. The latter's awkward service appeared to puzzle the Bostonese for a short period, but once they got the angle of his slants he proved no more effective than Mayer.

Teams Play Earnestly.

That the two teams stood up so well in the field under this bombardment of hits demonstrated the earnestness with which the play was fought out. Foster's participation in this defensive work was excellent, the Red Sox hurler being credited with one put-out and three assists. In the opening session he figured in a double play that helped check the most dangerous attack made by the Phillies during the day. With the first three batters to face him safely perched on the bags, Foster knocked down Cravath's sizzling drive and shot it back to the plate for a force-out of Stock, and Thomas completed the play by snapping the ball to first in time to catch the runner.

Bancroft also figured in a somewhat similar fielding feat in the third when he scooped up Gainer's hard hit smash, ran over to second for a put-out, unassisted, of Speaker, coming down from first, and completed the double play with a quick throw to Luderus, which got Gainer several steps from the bag. Other plays, not so brilliant, but showing quick thinking and action, were frequent, but the defensive lines of the teams had little chance against the heavy, well placed hitting and the two errors charged against the clubs were not deciding factors in the victory and defeat.

While Hooper was the hero of the game with his two home runs, the second in the ninth inning breaking the tie and winning the championship, Lewis did deadly work with his bat during the series. In eighteen times at the plate he made eight hits. Foster with four hits in eight times at bat secured a .500 average, while Luderus made seven in sixteen trips to the plate. Speaker drove out five hits in seventeen chances; Hoblitzell five in sixteen; Hooper seven in twenty; Bancroft five and Gardner four in seventeen times at bat, and Paskert three in nineteen. Cravath, the home-run king of the National league, made but two hits in sixteen times at bat.

Hooper took first place in the run scoring, having four to his credit, two of which were home runs made in today's game. Speaker, Bancroft, Gardner, Cravath and Paskert are all tied for second honors with two runs each. But three stolen bases were gained during the series, Hoblitzell, Whitted and Dugey being the sprinters to negotiate the bags safely.

Game in Detail.

Mayer was given a fine welcome as he went into the box. Hooper began his busy afternon by lacing the first ball to center field. Scott failed to come through with a sacrifice, going out on a pop fly to Luderus. Speaker hit the first ball pitched and forced Hooper at second. Luderus took two thinks on the play. Gathering up the grounder, he started to first and then quickly turned and threw the ball to Bancroft at second ahead of Hooper.

With three balls and two strikes on Hozlitzell, Speaker tried to steal and was called out by Umpire O'Loughlin, Bancroft taking the throw from Burns. It was the fourth time in the series that the speedy Speaker had tried to steal second and was turned back each time by Burns. Speaker kicked on O'Loughlin's decision on his out, but the umpire waved him away.

The Phillies' half of the inning was a gorgeous one for the home fans and more than two runs would probably have been scored had not a double play killed off two of the Quaker runners. Stock, first up, was hit by a pitched ball. Bancroft on the hit-and-run signal shot a single to left and Stock took second.

There was wild cheering when Paskert bunted safely in the infield, filling the bases. Hoblitzell fumbled Paskert's grounder and threw to first. Hoblitzell touched Paskert as he flashed over the bag, but Umpire O'Loughlin said that Dode was there first and the whole Boston team gathered around the umpire protesting. O'Loughlin shooed them away.

Cactus Cravath was the next up and the crowd yelled for nothing less than a clean sweep of the bases with his mighty bat. On the first pitched ball Cravath opened his shoulders and tried to put the ball out of the park, but instead chopped a weak little grounder to Foster, starting a double play. Foster threw out Stock at the plate and Thomas relined the ball to first, doubling up Cravath. This play hushed the crowd.

Luderus' Pinch Hit.

Captain Luderus had two strikes and one ball when he caught a fast inshoot and willowed it to left center for two bases and Bancroft and Paskert rushed across the home plate with two runs. There was much noise. Whitted ended the inning by flying out to Speaker.

The Red Sox came back at the Phillies in the second with one run. After Hoblitzell was thrown out, Luderus to Mayer, and Lewis grounded out, Bancroft to Luderus, Gardner smashed a three-bagger to center. Barry brought Gardner home with a Texas leaguer in short left. Thomas pushed a single over second, on which Barry took second. Both runners were left when Foster sent a high fly to Luderus.

The Phillies were easy outs in the second. Niehoff struck out on three pitched balls. Burns sent up a high fly to Gardner and Mayer also was a strike-out victim.

Boston tied the score in a knot in the third. Hooper picked out Mayer's fourth pitch and drove it to the center field fence, where it bounced in among the bleachers for his first home run, and the first circut drive in the series. Scott flied out to Paskert and then Speaker hit to right for a single, the ball hitting the right field fence and bounding back to Cravath.

Mayer Is Yanked.

Here Manager Moran called in Rixey to replace the perspiring Mayer. Boston had made six hits in two and one-third innings off Mayer. At the same time Carrigan sent in Gainer to replace Hoblitzell, who is not much of a success against left-handers. Gainer, however, killed the inning by batting into a double play. Bancroft scooped up his grounder on the run, touched second and snapped the ball to first ahead of Gainer.

Philadelphia got a single off Foster in the third, but that was all. Stock went out, Gardner to Gainer. Bancroft sent a long fly to Hooper. Paskert dropped a single over second and in attempting to steal was thrown out, Thomas to Scott.

Lewis opened the Red Sox fourth by flying out to Whitted. Gardner drew a base on balls and was forced out at second on Barry's grounder, Stock to Niehoff. Thomas flied out to Cravath, the right fielder's only chance of the afternoon.

Luderus Hits Homer.

The National leaguers again took the lead in their half of the fourth. Cravath struck out. Luderus caught Foster's first pitch square on his bat and poled it out of the park over the high right field wall for a home run. It was a tremendous drive and the fans stood up and stopped about it for some minutes. Whitted sent up an easy fly to Gardner, and then Niehoff, who had not hit safely in the series up to this time, shot a single to center field. Here occurred some loose fielding. Burns drove a single to right and Niehoff sprinted to second and dashed for third. Hooper made a lightning throw to the bag, but it was wide and the ball struck the grandstand. By the time Gardner recovered the ball Niehoff was past third base, and Gardner, thinking Niehoff was going to try to score, made a wide throw to Thomas at the plate. Thomas let it roll over the horsehide trying to field it and it rolled into the infield and Niehoff dashed for home with no one covering the plate.

The official scorers decided that Niehoff had Hooper's throw beaten to third base even if it had been perfect, and charged Gardner with an error for the throw which permitted Niehoff to score. Two innings later the official announcer, at Umpire Klem's order, megaphoned to the press box that it had been decided by the umpires that a runner shall be allowed two bases on an overthrow. This took the error away from Gardner and Hooper was charged with an error for making the overthrow. But, getting back to the game, with two out, Rixey was an easy out, Gardner to Gainer.

Foster Gets Single.

Foster gladdened the hearts of the Boston fans by batting a short single to center at the opening of the fifth. He took second when Hooper was hit by a pitched ball. Scott flied to Whitted without moving the runners. But they each advanced a base on Speaker's out, Rixey to Luderus. Gainer ended the inning by sending up a high fly to Niehoff. The second baseman lost it in the sun for a moment, but sighted it again before it was too late to make the catch.

For the Phillies in the fifth Bancroft was the only man to get on the base line, but did not get around. Stock began with grounding out, as he did in the third, Gardner to Gainer. Bancroft sent a streaking single to center and was held to the bag by Speaker, who gathered in Paskert's long fly. With Cravath at the bat Bancroft tried to steal and was thrown out, Thomas to Scott.

The Red Sox got two men on first in the sixth inning, but the side was again blanked. Lewis opened by grounding out, Bancroft to Luderus. Gardner sent up a little four, which fell into the big mitt of Catcher Burns. Barry hammered a grounder at Bancroft, who made a wild throw to first, and Barry drew up at second before the ball could be returned to the infield. Boston had a good chance to put a run across, and Manager Carrigan sent in Cady to bat for Thomas. Cady waited and drew a pass, but Foster ended the inning by grounding out, Niehoff to Luderus.

Cravath Fans Again.

Cady went in to catch in Thomas' place in the sixth. Cravath, first up for the Phillies, was unable to distinguish between Foster's good and bad balls, and was struck out for the second time. Foster did not take any chances with Luderus, who already had a double and home run to his credit, and, trying to edge the ball along the corners of the plate, gave the Philadelphia captain a base on balls. Luderus dashed for second as Whitted struck at the ball and missed, and the home captain was easily thrown out by Cady. Whitted then filed out to Speaker.

The so-called lucky seventh inning did not bring results to either team so far as scoring runs go. Boston was quickly disposed of. Hooper grounded out, Niehoff to Luderus. Scott sent up a high fly to Luderus, who gathered in the ball back of the pitcher's box, and Bancroft splendidly took Speaker's scorching hot grounder and retired Tris at first.

Niehoff, first up for the Quakers, chopped a grounder to Foster and was thrown out. Burns fouled out to Foster. Rixey started the crowd cheering by poking a single into left field. Stock went out on a fly to Hooper.

Then came the eighth inning, in which Boston again tied up the score on hitting. Gainer started in by getting a scratchy hit to the infield which Stock could not get across the diamond in time to head off the runner. With a strike and a ball called, Duffy Lewis opened up on Rixey with a smash into the center field bleachers for the third home run of the game, sending Gainer to the plate ahead of him, and tying the game in another knot. Gardner, after the excitement had somewhat subsided, flied out to Paskert. Barry was quickly returned to the bench, being thrown out, Bancroft to Luderus. Cady flied to Paskert.

Phillies Threaten.

The Philadelphia fans began to make a great racket as Foster started to pitch to Bancroft in the Phillies' half of the eighth. The brilliant Philadelphia shortstop, however, was an easy victim for Foster, going out, Scott to Gainer. Paskert sent up a high fly to Gainer. Cravath was appealed to to win the game with a homer. Foster alternately pitched them high and low to Gavvy with the result that Cravath strolled to first. Dugey was sent in to run for the heavy-footed outfielder. On the third pitch Dugey started to steal second. The ball struck Luderus, but despite this, Cady quickly picked up the ball and made a pretty throw to second, nipping Dugey. The infielders believed that Dugey was out stealing, but Klem explained to the Red Sox that Dugey was safe at second as Luderus had been hit by a pitched ball and was allowed to take his base. Whitted ended the inning by grounding out, Foster to Gainer.

The ninth inning saw the American leaguers proclaimed the champions of the world. Baseker went to right field in Cravath's place. Foster opened the inning by fanning. Then Hooper, with two strikes and no called balls, lifted one to center field, which bounced into the crowd in the bleachers for a home run. At this stage of the game the odd run looked big and there then appeared quesls that Boston would win. Scott, in his fifth time at bat, was thrown out by Bancroft, and Speaker ended the inning by striking out.

Niehoff, for Philadelphia, struck out. Burns bounced a grounder to Gainer, who made the out unassisted. Bill Killifer, who had failed to get into the sries because of an injured arm, was sent in to bat for Rixey. He shot a grounder to Scott and was thrown out, ending the game and giving the 1915 world's series to the Boston Red Sox, four games to one.

The Official Score.

BOSTON MUST RETURN $70,000 ON TICKETS

Boston, October 13.—Word that Boston again had become the home of the world's baseball champions was greeted here with noisy demonstration in front of every bulletin board. The Red Sox victory was a popular one.

Termination of the series in Philadelphia today will make necessary a return of $70,000 to seat-holders by the Boston club. This sum has been paid in for reservations for a possible third game here.

Proposals to celebrate the Red Sox victory by a banquet, at which the players would be guests, were discussed tonight, but under limitations caused by a request of President Lannin that there be no such observance.

BANCROFT'S ALL-STAR TEAMS ARE TO PLAY

Cincinnati, October 13.—Frank C. Bancroft, business manager of the Cincinnati Nationals, announced last night that the decision of the National Baseball commission to send the Boston Americans and the Philadelphia Nations to the Pacific coast, would not alter his plans to take an American and a National all-star team to the Pacific northwest.

Bancroft said he already had selected his team from the various National league clubs, and that "Dick" Hoblitzell, first baseman of the Boston Americans was delegated to choose the players from his league for the American team. Hoblitzell also was to have acted as manager of the American players, but some other man will be named to manage the representatives of that league.

Bancroft's two all-star teams are booked to start on the trip on October 20, and close on November 19 in Portland, Ore.

HOW ALL RECEIPTS WILL BE DIVIDED

Each Red Sox Player Gets $3,779.98, Each Philly Player $2,519.12—Clubs Get Splendid Cut-In.

By Dick Jemison.

Twenty thousand three hundred and six fans paid $52,029 to witness the final game of the world's series between the Rex Sox and the Phillies. Of this amount 10 per cent goes to the National commission and the remainder divided equally between the two clubs, the players' share ending with the game Tuesday.

The Red Sox players will divide $86,939.70, or $3,779.98 to each of the twenty-three men on the eligible list. The Phillies will divide $57,951.80, or $2,519.12 to each of their eligibles.

The National commission gets 10 per cent of the total receipts which were $320,361.50, 143,355 fans paying this much money to see the five games.

The clubs will get $71,714.90 each as their share.

HEISMAN SCARED OF TRANSYLVANIA

By Dick Jemison.

"Just get it out of your head that we've got any easy game ahead of us when we play Transylvania at Grant field Saturday," said Coach Heisman, of the Tech Yellow Jackets, last night when speaking about the game.

"Those fellows have a splendid team this year, and had we known that they had such an aggregation we would not have scheduled the game this early," continued the Tech coach. "They have us genuinely scared and I am free to admit it.

"These fellows weigh 176 pounds average, and, stripped, look like men," continued Coach Heisman, "and they apparently have the goods. Take a glance at what they have done this season.

"Defeated Kentucky Military institute, 27 to 0; Ohio university, 16 to 0; held Mississippi Aggies to a 0 to 0 tie, and defeated W. & P. U. 26 to 0. I have read accounts of that game with Mississippi Aggies, which was played on the latter's grounds, and the Transylvania lads played just as good ball as they did."

The students at Tech plainly share Coach Heisman's opinion of the game. They are holding mass meetings to work up the Tech spirit, and instead of the coaches being able to hold the men in reserve until the November game, they are going to have to get them to top form for Saturday. This is the reason for the secret practice order that went into effect Monday.

If Tech wins the game Saturday they will breathe easier, as they really fear the Kentuckians.

CARRIGAN AND MORAN DISCUSS THE SERIES

Philadelphia, October 13.—Both Manager Carrigan of the Red Sox and Pat Moran, leader of the Phillies, declared tonight that the 1915 world's series would go down in baseball history as one of the hardest ever fought for premier honors and both were agreed that the best team won.

"When you are beaten four in a row there isn't any excuse to offer," said Moran. "We played our best. We gave all we had, but we didn't have enough. Our team was the best in the National league and the Sox the best in the American league club. And as they beat us they naturally should be regarded as the best ball club in the country."

"It was a hard fought series and the best team won," said Carrigan. "The Phillies put up a stiff battle every minute. Of course we were favored by some luck. We got several breaks, but the results are self-evident. We outplayed the Phillies."

ANSLEY PARK TITLE TOURNAMENT STARTS

The qualifying round of the championship of the Ansley Park golf club will be played Friday and Saturday of this week and a large field of golfers are expected to qualify in the event.

The championship cup will be given to the winner, and a cup to the runner-up in the first flight or sixteen players. Cups to the winner and runner-up in all other filled flights will be given.

Qualifying round and first flight will be played from scratch, other flights handicaps will apply. First round must be played by October 21; second round must be played October 23; semi-finals must be played by October 28; finals must be played by October 30.

ALL FIRST ROUND MATCHES PLAYED

Driving, Approaching and Putting Matches Also Held at Women's Tourney.

By Carl Taylor.

All the matches in the first round in all flights were completed Tuesday in the women's invitation tourney in progress over the links at Druid Hills, and the second round will be started this morning.

Putting, driving and approaching contests were held during the afternoon and were participated in by an unusually large number of players. All of the events were closely contested.

Mrs. George Harrington won the driving contest with a score of 12. Points were awarded for both distance and direction. Mrs. O. P. Richardson, of Greenville, S. C., was second. In the approaching and driving contest Miss Marian Goldsmith and Mrs. Dozier Lowndes tied for first place, and will play the tie off some time during the day.

Also this afternoon Miss Alexa Stirling and Perry Adair will play Mrs. Fred Brine and Carey Baker for the two-ball mixed foursome event. These two teams tied when this event was played Tuesday, each having a net card of eighty. This event is for eighteen holes medal play, handicaps applying.

Miss Alexa Stirling, who is looked upon as an almost certain winner of the tourney, won her first round match from Mrs. Dozier Lowndes handily, defeating Mrs. Lowndes 7 up and 6 to play. Miss Stirling was in rare form and was driving and putting in great style.

Today's Play.

This morning the second round in all flights and the first round of the defeated eights will be played. All matches in this round must be completed before this afternoon.

The women's two-ball foursome event will be played this afternoon. This event will be for nine holes and handicaps will apply throughout.

The result of all first round matches and the pairings for play in the first round of the defeated eights follows:

First Flight.

Miss Alexa Stirling defeated Mrs. D. Lowndes, 7-6.
Mrs. Sarah Tilt defeated Mrs. Robert Jones, 2-1.
Mrs. Frank Adair defeated Mrs. Tom Latham, 1 up (19 holes).
Mrs. T. B. Paine defeated Mrs. Nash Broyles, 6-5.
Miss Marian Goldsmith defeated Mrs. E. Duncan, 8-7.
Mrs. G. Harrington defeated Mrs. D. Brown, 8-6.
Mrs. W. C. Hall defeated Mrs. V. Gude, Jr., 7-5.
Mrs. Robert Thatch defeated Mrs. John Milan, 4-3.

Second Flight.

Mrs. B. K. Massie defeated Mrs. F. C. Brown, 1 up.
Miss Mae O'Brien defeated Mrs. L. H. Beck, 2-1.
Mrs. Joseph Eby defeated Mrs. R. N. Bartwell, 3-2.
Mrs. W. H. White, Jr., defeated Mrs. Walker Percy, 5-3.
Mrs. H. Crichton defeated Mrs. D. Kirkpatrick, 5-4.
Mrs. O. Richardson defeated Mrs. G. Wall, 2 up.
Mrs. T. Williams defeated Mrs. Seamans, 1 up (19 holes).
Mrs. Paul Chalifoux defeated Mrs. Inman Sanders, 1 up.

Third Flight.

Mrs. C. Conklin defeated Mrs. D. Tupper, 8-7.
Mrs. C. Collier defeated Mrs. K. R. Armstrong, 5-3.
Mrs. W. B. Allen defeated Miss Katherine Bleckley, 4-2.
Mrs. S. L. Yerkes defeated Miss Selena Kirkpatrick, 4-3.
Mrs. Guy King defeated Mrs. A. E. Thornton, 5-4.
Miss Virginia Abercrombie defeated Mrs. A. Howell, 5-4.
Mrs. L. W. Childs defeated Miss Ruth Lallande, 5-3.
Mrs. Michael Hoke defeated Mrs. John Sommerville, 2-1.

Fourth Flight.

Mrs. T. R. Burton defeated Mrs. C. W. Strickler, 3-2.
Mrs. K. W. Mason defeated Mrs. E. Richardson, 2 up.
Mrs. H. E. Harman, Jr., defeated Mrs. L. C. Hopkins, 5-4.
Mrs. Ben Craig defeated Mrs. M. F. Holahan, 5-3.
Mrs. Edwin Johnson defeated Miss Margaret Traylor, 1 up.
Miss K. Earle defeated Mrs. John Moody, 2 up.
Mrs. L. T. Stallings defeated Mrs. Fred Brine, 8-6.
Mrs. E. M. Tutwiler defeated Mrs. C. V. Rainwater, 6-5.

Baby Flight.

Miss Jennie Mobley defeated Mrs. W. Browne, 5-4.
Mrs. E. E. Pomeroy defeated Mrs. W. B. Carlton, 3-2.
Mrs. C. Gresham defeated Mrs. C. Frazier, 2 up.
Miss Josephine Mobley defeated Mrs. E. H. Cone, 3-2.
Miss Mary Helen Moody defeated Mrs. Arthur Reed, 1 up.
Mrs. Milton Dargan, Jr., defeated Miss Harriett Broyles, 5-4.
Miss Louise Broyles defeated Mrs. Jenkins, 5-4.
Mrs. F. O. Stone defeated Mrs. G. Phelan, 2 up.

The pairings for play in the defeated eight are:

First Flight.

Mrs. D. Lowndes v. Mrs. Dowdell Brown.
Mrs. R. Jones v. Mrs. E. Duncan.
Mrs. V. Gude v. Mrs. John Milan.
Mrs. Tom Latham v. Mrs. Nash Broyles.

Second Flight.

Mrs. Sanders v. Mrs. E. L. Brown.
Mrs. Bartwell v. Mrs. L. H. Beck.
Mrs. Seamans v. Mrs. Kirkpatrick.
Mrs. G. Wall v. Mrs. W. Percy.

Third Flight.

Mrs. Armstrong v. Mrs. Tupper.
Miss Kirkpatrick v. Miss Lallande.
Mrs. A. Howell v. Mrs. John Sommerville.
Mrs. William Allen v. Mrs. A. E. Thornton.

Fourth Flight.

Mrs. C. V. Rainwater v. Mrs. T. R. Burton.
Mrs. L. C. Hopkins v. Mrs. Holahan.
Miss Margaret Taylor v. Mrs. Stallings.
Mrs. E. Richardson v. Miss Earle.

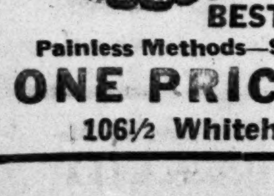

Baby Flight.

Mrs. W. Browne v. Mrs. W. B. Carlton.
Mrs. C. Frazier v. Mrs. E. H. Cone.
Mrs. A. Reed v. Miss Harriett Broyles.
Mrs. William Jenkins v. Mrs. G. Phelan.

DUFFY LEWIS LED STARS WITH STICK

Finished Series With .470 Average—Fred Luderus Second With .437.

By Dick Jemison.

Duffy Lewis, left field extraordinary of the world's champions, led the players with the stick in the five games, with an average of .470, compiled from eight hits in seventeen times at bat. Fred Luderus, the Philadelphia captain, was second, with .437. Harry Hooper whose home-run drives in the final game packed the title away in the Red Sox trophy chest, finished third, with .350.

Several players bosted their batting averages as the result of the hitting on Wednesday. Here are the figures of the individuals for the five games.

Players—Teams.	G.	AB.	R.	H.	P.C.
Foster, Boston	2	8	0	4	.500
Rixey, Phila.	1	2	0	1	.500

PIERPONT NAMED SAVANNAH MAYOR TO SUCCEED DAVANT

Savannah, Ga., October 13.—The city council tonight informally elected W. J. Pierpont mayor to succeed the late Mayor Richard J. Davant, who died Sunday. Mr. Pierpont will serve out the unexpired term of three years and three months. Council will formally ratify its own action at the regular meeting next Monday.

MAYOR BELL ACQUITTED ON CONSPIRACY CHARGE

Indianapolis, Ind., October 13.—Mayor Joseph E. Bell was acquitted here today after being on trial for more than five weeks, charged with conspiracy in connection with the 191 primary and election. He was indicted with more than one hundred others, including Thomas Taggart, democratic national committeeman, and Chief of Police Samuel V. Parrott.

Cheers went up in the courtroom when the verdict was announced, and Mayor Bell was surrounded by friends eager to grasp his hand.

"Just what every decent man in Marion county expected," was the mayor's statement.

"The verdict was what I expected at all times during the trial," was all Taggart said.

Prosecutor A. J. Rucker said tonight he had no statement to make regarding disposition of the cases of the hundred odd defendants indicted with Mayor Bell.

The Bell jury, which was made up of six republicans, three democrats, a socialist, a progressive and a prohibitionist, was discharged immediately after the verdict was returned.

LITTLE NEGRO STABS COMPANION TO DEATH

Americus, Ga., October 13.—(Special.) Two negro boys, aged 9 years, returning from school this afternoon engaged in an altercation, resulting in one of them being stabbed to death by his companion.

The youthful slayer fled from the scene, but was caught by officers and jailed.

BIG FAIR WILL OPEN AT BREMEN OCTOBER 27

Bremen, Ga., October 13.—(Special.) Preparations are about completed for the best fair ever held in this section. The buildings are almost finished and the grounds put in first-class shape. The Farmers' Agricultural fair this year has received the cordial co-operation of everybody in this part of the state, and although it was found necessary to postpone the date from October 20-23 to October 27-30, in order to have everything in readiness, the attendance promises to far surpass anything along this line ever held in Haralson county. The attractions this year will be varied and numerous. The amusement features are all that could be desired, and visitors will be well paid for their time spent here.

Wednesday, October 27, the opening day, will find many prominent speakers here and addresses by these gentlemen will form a prominent part of the opening. Thursday will be Agricultural day, while Friday will be the day set apart for the schools, the corn club boys and the canning club girls, all of whom have special exhibits and special places on the program. Saturday will be home-coming day and it is expected that may wanderers will return to the old red hills on this day, especially designated for their pleasure. The premiums are all well worth striving for and the exhibits of agricultural products and live stock will be large.

FIREBUGS DESTROY FITZGERALD SCHOOL

Fitzgerald, Ga., October 13.—(Special) The third ward school building here, containing eight rooms and taking care of four hundred pupils, was completely destroyed with its contents late last night. The loss is $10,000, with $2,000 insurance. By doubling up and holding two sessions in the first ward building all the children have been taken care of and only lost one-half day from their work.

The fire was undoubtedly of incendiary origin, and the board of education has offered a reward of $250 for the conviction of the guilty parties.

The city council will also offer a like reward at its next meeting. The city owns all school books and new books have been ordered by wire from Atlanta, and will be here by Monday for use in place of those lost.

RAILROAD MAGNATES ARE PLACED ON TRIAL

Directors of New Haven Accused of Violating Criminal Clause of Sherman Law.

New York, October 13.—The long pending trial of directors and former directors of the New York, New Haven and Hartford railroad, which will test the government's ability to convict directors of an alleged monopolistic corporation under the criminal clause of the Sherman anti-trust law, was begun in federal court here today. Three tentative jurors were in the box when the day's proceedings ended.

The eleven defendants who went to trial represented in the aggregate wealth running into the hundreds of millions and were men who not only have taken a prominent part in financail affairs, but had occupied positions of public trust or variously had been active in the field of education and philanthropy. It was remarked that never in the history of the federal courts had such a number of notable men been called to trial with the possibility of jail terms facing them.

The defendants were William Rockefeller, Charles F. Brooker, D. Newton Barney, Robert W. Taft, James S. Hemingway, Lewis Cass Ledyard, Charles M. Pratt, A. Heaton Robertson, Frederick F. Brewster, Henry K. McHarg and Edward D. Robbins.

George MacCullough Miller, another defendant, who is 83 years old, will not be tried because of the condition of his health. Technically he has been granted a severance, which places him in the same category with six others of the orignal twenty-one defendants who obtained separate trial.

Mr. Rockefeller occupied a seat close to the jury box and listened to the examination of talesmen with the closest attention. Besides him, sat Edward D. Robbins, the New Haven's chief counsel. Other defendants had seats near their attorneys. Of the latter there were seventeen, most of them known throughout the country for their ability in corporation law.

The examination of the talesmen was conducted for the defendants by Delancy Nicoll, who laid emphasis on the high positions held by the defendants, and frequently remarked that "nevertheless they have been indicted for conspiracy against the United States."

The attorney also tried to elicit from talesmen an opinion as to whether the growth of large railroad systems through the combination of small roads had not been necessary to the development of the country, but in this he was restrained by the court.

The three tentative jurors selected were Daniel M. Flanigan, a retired dry goods merchant; Max Hartman, a commission merchant, and Albert B. Weldon, a builder.

WILL KEEP TEMPTATION FROM POLICE OF MACON

Macon, Ga., October 13.—(Special.)—In order not to place temptation in the way of any more of the members of the Macon police force, Mayor Smith has instructed Chief of Police Riley to notify his detectives not to confiscate any more whisky which is found during blind tiger raids. In the future the detectives will simply take samples of the liquor and leave the stock unmolested.

Heretofore all of the liquor found has been carted to the city hall and stored in the police barracks. Yesterday one member of the force, W. A. Thompson, the patrol driver, was dismissed on the ground that he had been stealing whisky which was being held as evidence. In all, it is alleged, about $1,200 worth of whisky had been taken.

The city officials have decided that the tiger operators might as well have the goods as for it to be placed where some other person can cart it away, and, therefore, want no more of it seized by the detectives, all of which will be pleasing news to the tiger operators, all of whom have been found to be supplied with good-sized stocks of liquors when their places have beeen raided. Ine one raid recently more than $2,000 worth of whisky was seized by the police and confiscated.

AT THE THEATERS

"Daddy Long-Legs."

(At the Atlanta.)

"Daddy Long-Legs" will be greeted tonight at the Atlanta theater by one of the biggest and most fashionable audiences assembled in this city this season. Since the preliminary announcement, made several weeks ago, that Henry Miller would send the biggest success he has ever produced to the Atlanta theater for a three days' engagement, playgoers have kept the box office busy with mail orders and telephone requests for reservations. Consequently, although there are still good seats to be had, Manager Homer George urges patrons who have delayed their reservations to put in their orders as early this afternoon as possible. "Daddy Long-Legs" has broken records in San Francisco, Chicago and New York.

Henry Miller's special company, which will present the fascinating comedy at the Atlanta theater, will include Frances Carson, who will play "Judy;" Marion Coakley, Viola Cain, Kate Blancke, Gertrude Rivers, Nina Saville, Bessie Lea Lostina, George Alison, Donald Foster, C. Harrison Carter, Frank L. Davis, Frank J. Kirk and others.

Mrs. Patrick Campbell.

(At the Atlanta.)

Seats go on sale today at 9 a. m. for the engagement of Mrs. Patrick Campbell. She will be seen in two plays, Monday and Tuesday, "Pygmalion," by G. Bernard Shaw, a delightful comedy written as the only Shaw can write it; and "The Second Mrs. Tanqueray," the problem play by A. W. Pinero, that first brought "Mrs. Pat" into the limelight as a leading exponent of emotional drama. The engagement of this noted artiste at the Atlanta theater is one of the distinctive dramatic events of the current year. Her wonderful power of expression, emotion, her keen sense of humor, revealed to American audiences for the first time in Shaw's "Pygmalion" and the artistic handling of subjects that cannot stand searching analysis have combined to place her favorably in the front rank of the world's greatest players. "The Second Mrs. Tanqueray" at a special Tuesday matinee. Mrs. Campbell will not appear in any of the neighboring towns, hence the unusual heavy mail orders that have been pouring into the box office from out-of-town theatergoers. The management announces that special attention is given to such seat reservations.

"Helene of the North."

(At the Grand.)

"Helene of the North," the Paramount feature at the Grand today, is one of the strongest and most intensely human screen dramas ever shown. With Marguerite Clark in the leading role, with the boundless northwest, with its unsurpassable scenery, the photoplay has all the requisites for a great picture, and it is. While it abounds in action and teems with interest and thrills, it holds and grips in its greatness. There is just that touch of humor to relieve the tension on the nerves as the film is unwound and there is a thrilling climax at the close that stays with one for hours after the final scene has been shown. "Helene of the North" is a picture that is really worth while. Tomorrow and Saturday, Laura Hope Crews in "Blackbirds."

"The Price."

(At the Strand.)

Those who witnessed "The Price," the latest release of the Equitable Motion Picture company, at the Strand Wednesday, found it to be a story of intense interest and one full of sensational situations. The leading part is well enacted by the noted emotional star, Helen Ware, who created the role in the legitimate production. She is provided with a strong cast, many of whom were her supporters in the spoken drama.

"The Price," adapted from the play by George Broadhurst, is a modern story of love, jealousy and revenge, in which the coming of love to an ill-mated man in the form of his secretary, causes jealousy on the part of the neglected wife. In later years the wife, then a widow, wrecks the home of the deceased husband's former secretary, causing an attempt at suicide on the part of the girl.

She is prevented, however, from accomplishing her object. Difficulties are settled and everything ends happily.

The picture will be repeated again today.

STANDARD OF REVOLT RAISED IN GUATEMALA

Fighting Is Reported in Progress in Three States of Republic.

New Orleans, October 13.—Revolution has broken out in Guatemala and fighting is in progress in the states of San Marcos, Huehuetenango and Peten, according to advices received here by the Guatemalan junta of "The Revolutionary committee."

It was declared an army of 1,700 men, commanded by exiled Guatemalans, had crossed the Suchiate river from the Mexican state of Chiapas and that the federal garrison at Tacana had revolted. The revolutionary army in San Marcos is commanded by General Isidro Valdez, who was exiled by President Estrada Cabrera several years ago, it was said.

Copies of three proclamations said to have been issued by the revolutionists were received here today by mail. One was signed by "The Army of Liberty of Guatemala" and the other two by "The Revolutionary Committee." The first was addressed to Central Americans, while those of the so-called "revolutionary committee" appealed to all Guatemalans.

General Jose Leon Castillo, a prominent Guatemalan exile now in New Orleans, is regarded generally as a possible successor to President Estrada Cabrera in the event the revolution is successful, it was said. General Castillo tonight refused to comment upon his part in the reported movement, but admitted that he had received copies of the proclamations issued by "the revolutionary committee" on the Suchiate boundary and the appeal to Central Americans, issued at Tacana and signed by the "Army of Liberty."

HEAVY BUSINESS DONE IN COTTON SEED OIL

New York, October 13.—All records were broken when 56,700 barrels of cotton seed oil changed hands on the produce exchange today. Commission houses and shorts were heavy buyers on fair crop news and prices shot up 40 points. This attracted heavy offerings of crude from the south, which destroyed about half of the advance after midday.

GRAINS UPTURNED; PROVISIONS VARY

Foreign Takings Cause Wheat to Soar—Provisions Crumble From the Season's High Record, Though Mixed in Trends.

Chicago, October 13.—Huge export clearances for Europe did a good deal today to lift the wheat market here, and so also did greatly enlarged estimates of purchasing which had been cancelled in Bulgaria and Rumania. The close was buoyant, 3¼ to 3½@3⅝ net higher, with December at 108¼ and May at 109⅝. Corn gained 1⅛ to 1¾ and oats ⅝@¾ to ⅞. In provisions the outcome varied from 10 decline to a rise of 25 cents.

It was after announcement that ocean clearances of breadstuffs from the United States for the day amounted to the immense aggregate of 2,761,000 bushels that the wheat market soared in earnest. Much significance was attached to the fact that almost the entire total was obtained from domestic sources, and that the Canadian contribution was virtually nothing.

There was but little disposition afterward to search further in regard to causes of slowness in the accumulation of stocks here and at other leading centers. Previous to the disclosure of the mammoth extent of the foreign shipments from American ports the chief encouragement to the bulls lay in an advance at Liverpool, which in turn seemed due to an assertion on high authority that instead of ten million bushels the amount of wheat turned back by the spread of the war in the Balkans would be 35,000,000 bushels.

Country offerings of wheat in Minnesota, the Dakotas and Canada were said to have increased as a result of the bulge in prices. Hedging sales, however, were quickly absorbed.

Crop damage reports gave independent strength to corn, but the wheat strength brought in additional heavy orders to buy. During the late trading many bulls who had indulged earlier in profit taking were busy reinstating their lines.

Seaboard demand helped to lift the oats market. Rural offerings continued small.

Provisions became decidedly unsettled after having advanced to new high price records for the season. Support gave out on the extreme upturn. The accepted reasons for the bulge were the big shipments of meats, the firmness of the hog market and the notable strength at Liverpool.

PROFESSIONAL VIEWS ON COTTON SITUATION

New York, October 13.—(Special.)—A sharp advance in Liverpool over the holidays brought about a higher level of prices in this market today. However, the advance was not fully maintained owing to the local United States district court having declared the Lever bill unconstitutional. This was followed by liquidation, but the market quickly recovered when it was realized that the government would appeal the case to the supreme court, and that the present decision would make no difference in the New York contract.

The south continues to buy cotton here and readily absorbs offerings as they come upon the market.

JAY, BOND & CO.

New York, October 13.—(Special.)—Liverpool advanced so sharply on bad weather over the holiday that we opened some 29 points higher and advanced 8 to 10 points more. This sharp recovery of 60 points from Monday morning brought out many profit-taking orders, together with some hedge selling from the south, which brought about a substantial reaction before the close, which was quite natural, as the advance had been very rapid.

A certain amount of cotton must naturally be absorbed on each advance. We understand the spinners have been quite free buyers on call, but not on a definite price. The United States district court has decided that the Lever bill is unconstitutional. The government is expected to appeal to the supreme court at Washington. They have sixty days within which to file a bill. The decision of the court should have no effect upon the market, as the present contract for the delivery of cotton will not be altered.

HUBBARD BROS. & CO.

New York, October 13.—(Special.)—While our market was closed over a holiday, the Liverpool and the New Orleans market both showed a sharp advance. While we did not fully meet the advance, prices here crossed above the 13-cent level, and those who did not take profit on the previous advance were tempted to do so this morning. The "Take Profit and Buy It Back Cheaper" club seems to have a rather full membership and are enthusiastic advocates of which ever side of the market they happen to be on. While we recognize the necessity of absorbing the spot cottons which will sell freely on any further advance, we, nevertheless, think the farmer has relieved his pressing needs by now, and unless at top prices, will refuse to sell. We think those who sell out will want to replace, for the bullishness of the situation is too apparent for them to remain either short or neutral to the market for any length of time. Unless spot cottons weaken, we see no chance of a serious setback. Our prices are still too low for southern spots.

In a test case regarding the constitutionality of the Smith-Lever bill, a United States judge of this district has today declared that act unconstitutional upon the grounds that the bill originated in the senate, whereas all measures for producing revenue must originate in the house of representatives. It may be expected that the decision will be appealed by the government to the higher courts. Meanwhile, of course, trading will be continued along the lines of existing contracts; therefore today's decision will not in any way affect any contracts now being traded in.

If the cotton exchange desired to trade in some new style of contract they could not trade in any option prior to October 1916. If the trade believed the decison of today would stand they might, however, begin dong arbitrage trading with Liverpool; but, as conditions now exist, such trading, if permitted, would only result in heavy buying in the Liverpool market. If today's decision has any market value, it is bullish.

Liverpool is due 6½ points lower or 7.05 for January-February.

WEEKLY COTTON CROP WEATHER BULLETIN

Washington, October 13.—Mean temperatures were below normal throughout cotton region, the greatest deficiency occurring in middle Tennessee. Weekly mean temperatures ranged from 50 to 76 degrees over the eastern portion, 52 to 64 degrees over the central portion, 52 to 70 degrees over the western portion of the cotton-growing states. The lowest weekly mean temperature, 50 degrees, occurred at Asheville, N. C., and highest, 76 degrees, at Tampa. Light to heavy frost occurred in many localities in the northern and central portions and killing frost in a few places.

Good showers occurred generally over the eastern portion and in central and western Oklahoma. Elsewhere there was no rain of consequence. More than two inches occurred in parts of Georgia, Florida and Carolinas. The greatest weekly amount, 6.20, occurred at Albany, Ga.

In that portion of the cotton belt east of the Mississippi river picking and ginning made good progress, except over the Carolinas, Georgia and Alabama, where rains interfered with picking the forepart of the week.

Cotton was damaged badly in North Carolina by frost on the 10th, especially the late crop, some of it on the bottom lands being killed. There was also some light frost damage in Tennessee. The boll weevils continue in Alabama. West of the Mississippi river dry weather prevailed except in parts of Oklahoma, and all work progressed rapidly. Cotton picking is nearly completed in Texas, but in Oklahoma it is maturing and opening slowly and picking is making slow headway. The boll weevils continue to prevent the formation of the top crop in Texas. In the southern trucking districts conditions were generally favorable and fall crops are in good condition.

New York, October 13.—There were violent fluctuations in the cotton market here today, an early advance of about $1.50 per bale being lost following reports that the United States district court had declared the cotton futures law unconstitutional. January contracts sold off from 13.08 to 12.77, closing at 12.78, with the general list barely steady net 1 point lower to 3 points higher as compared with Monday's final figures.

The market opened firm at an advance of 17 to 25 points and during the early trading sold 29 to 30 points net higher on a continuation of Monday's buying movement. Firmness in Liverpool over the local holiday and bullish crop advices from the south were the factors on this advance which carried the active months back to within 10 or 12 points of the season's high records. The impression appeared to be that the cold weather of Sunday and Monday in the northern half of the belt had practically eliminated the possibility of any top crop, while the rainfall shown on today's map increased the tendency to scale down estimates of the yield. Around 12.90 for December and 13.29 for March, offerings increased, however, and the market soon became slightly easier.

Liverpool was rather a heavy seller here on the narrowed differences, while there was a good deal of realizing by buyers of last week, and there was a more general spurt of liquidation right after the market received reports of the court's decision in the Lever act case. This seemed to unsettle sentiment and increase the disposition to even up commitments, and the market lost practically all of its early improvement during the early afternoon. Trading then became less active, and the selling tapered off following statements that the court decision even if sustained would not affect the status of New York contracts for a year in any event, and rallies of 9 or 10 points followed the break to 12.60 for December and 13.01 for March contracts.

The market continued nervous and unsettled, with sentiment more or less confused, and closing prices were within a point or so of the lowest, on reports that spots were being offered more freely in the south.

Spot cotton quiet; middling uplands, 12.50; sales 700 bales.

New Orleans Dips 22 to 27 Points.

New Orleans, October 13.—The tendency in the cotton market today was to react downward. Selling was stimulated by more favorable weather reports than expected and by the United States district court decision in New York that the federal cotton futures act was unconstitutional. Around the middle of the day the market lost $2 a bale on these features, although it was quickly discovered that the decision against the futures act would not be, immediately, at any rate, the important bearish factor at first expected. The market had a steady tone in the afternoon and closed at a net loss of 22 to 27 points.

First prices were at a loss of 4 to 5 points on selling which appeared to result from the absence of frost on the weather map. After the call the market did better on fresh buying, going 5 to 6 points over yesterday's close. The weekly weather and crop summaries at 11 o'clock did not contain as much mention of cold weather as the bulls anticipated and liquidation immediately followed their reading. This selling movement was well under way when the decision against the futures act was announced. Prices then fell 40 to 43 points from the highest of the day and 34 to 37 points under yesterday's last quotations. When it was predicted that the futures case would probably be carried to the higher court the market recovered 20 to 22 points and took on a steadier tone.

Spot cotton, unchanged. Sales on the spot 240; arrive 950. Good ordinary 10.12; strict good ordinary 10.68; low middling 11.31; strict low middling 11.76; middling 12.13; strict middling 12.38; good middling 12.70; strict good middling 13.07. Receipts 8,460; stock 180,571.

ATLANTA LIVE STOCK MARKET.
(By W. H. White, Jr., of the White Provision Company.)

Good to choice steers, 800 to 900, $6.00 to $6.50.
Good steers, 700 to 800, $5.50 to $6.25.
Medium to good steers, 700 to 800, $5.00 to $6.00.
Good to choice beef cows, 750 to 850, $4.50 to $5.50.
Medium to good cows, 650 to 750, $4.25 to $5.00.
Good to choice heifers, 600 to 700, $4.50 to $5.00.
The above represents the ruling price of good quality beef cattle. Inferior grades and dairy types selling lower.
Medium to good steers, 750 to 850, $4.50 to $5.50.
Medium to good cows, 650 to 750, $4.00 to $4.50.
Mixed common, $3.25 to $3.75.
Good fat oxen, $4.25 to $5.00.
Medium fat oxen, $3.75 to $4.25.
Good butcher bulls, $3.50 to $4.50.
Prime hogs, 160 to 200, $8.10 to $8.25.
Good butcher hogs, 140 to 160, $8.00 to $8.10.
Good butcher pigs, 100 to 140, $7.75 to $8.00.
Light pigs, 80 to 100, $7.25 to $7.50.
Heavy rough hogs, 200 to 300, $6.50 to $7.25.
Above quotations apply to cornfed hogs. Mast and peanut-fattened, 1½ to 2c under.

Hog receipts nominal. Market higher.

Cattle receipts light, market quiet. A few cars of good fleshy Tennessee heifers and steers were in the yards this week and were sold promptly to the Atlanta packer at top prices. Aside from these, the run was rather of the ordinary types, mixed grades meeting with slow demand. Commission firms report considerable inquiries for desirable feeding steers, regardless of the recent advance in cotton seed meal and hulls. However, the feeding steers so far placed in this territory is considerably short of the number engaged for corresponding date of 1914.

HAY, GRAIN, FLOUR AND FEED.
(Corrected by W. S. Duncan Company.)

Flour, Sacked, Per Barrel—Victory (in 48-lb. towel bags), $7.25; Victory (our finest patent), $7.10; Quality (in 48-lb. towel bags), $7.25; Quality (our finest patent), $7.10; Nell Rose (self-rising), $6.90; Gloria (self-rising), $6.90; White Lily (self-rising), $6.75; White Lily (self-rising, 12-lb. bags), $6.90; Bake Lite (self-rising), $6.75; Puritan (highest patent), $6.50; Paragon (highest patent), $6.50; Home Queen (highest patent), $6.50; White Cloud (high patent), $6.35; White Daisy (high patent), $6.35; Ocean Spray (good patent), $6.10; Southern Star (good patent), $6.10; Sun Rise (good patent), $6.10; Sun Beam (good patent), $6.10; Tulip flour (low grade), $5.40; Angel Food (Igleheart's best), $7.50; Swans Down (Igleheart's patent), $6.75.

Meal, Sacked, Per Bushel—Meal, plain, 144-lb. sacks, 91 cents; 96-lb. sacks, 92 cents; 48-lb. sacks, 94 cents; 24-lb. sacks 96 cents.

WAR SHARES AGAIN RESUME POPULARITY

Foreign Liquidation Depresses Railway and Other High Grade Issues—Bethlehem Makes New High at 465.

New York, October 13.—Specialties resumed first place in speculative importance today, rails and other high-grade shares falling behind, mainly as a result, it was said, of extensive foreign selling. In fact, the market's professional tone was at decided variance with recent days, when the strength of seasoned stocks offered hope of a revival of interest from investment sources.

A majority of the better known railways were one or two points lower, Reading again showing greatest heaviness. That stock and the Pacifics, Eries and grangers were offered for European account to the extent of 60,000 shares. According to general belief, these sales represented profit-taking.

War shares were foremost in the rise of the specialties, the Balkan situation evidently being regarded as a bullish incident for that class of stocks. Bethlehem Steel rose 16 points to the new high record of 465, and Studebaker also broke all previous records with a gain of 19 to 164. The Maxwell motors issues rose 3 to 4 points above all previous levels, chiefly on the decision of the directors to pay back dividends of 14¼ per cent on the first preferred stock. General motors, Baldwin Locomotive and Lackawana Steel, as well as minor industrials and allied issues, improved 2 to 4 points, with 4 points for American woolen at 54.

The market derived much of its impetus from United States Steel, which advanced 1¾ to 84¾, its top quotation since 1910, and within 11 points of its records of 1909, when another great boom in the steel industry was in full swing. Total sales amounted to about 1,245,000 shares, steel contributing 168,000.

Among the market factors of the day were the further reduction in idle freight cars, higher favorable foreign trade balance statement of the department of commerce and advices from various sections of the country pointing to betterment in all lines of trade.

Quotations for foreign exchange were virtually unchanged from Monday's low points on nominal trading.

The bond market was strong, with increased activity in copper convertibles at higher prices. Total sales, par value, were $5,170,000.

Government bonds were unchanged on call.

Coffee.

New York, October 13.—The market for coffee futures was steadier today and prices regained several points of their recent losses with March contracts selling up to $6.36 and May to $6.50. Trading was not general, but there seemed to be some Wall street buying after the recent decline, and the market opened at an advance of 1 to 6 points. Offerings were evidently limited and it did not require a great deal of demand to cause further gains, with the market closing at a net advance of 10 to 15 points. Sales, 18,500. October, $6.25; November, $6.25; December, $6.27; January, $6.31; February, $6.35; March, $6.40; April, $6.45; May, $6.49; June, $6.55; July, $6.61; August, $6.68; September, $6.75.

Spot, quiet; Rio 7s, 7 cents; Santos 4s, 9 cents. Cost and freight offers were reported steady, ranging from about $8.40 to $8.60 for Santos 4s.

Brazilian cables reported no change in the Santos market on Monday. Yesterday was a holiday in the primary markets. Receipts at the two ports on Monday were 84,000 bags; Jundiahy receipts, 47,000. Santos cleared 38,000 bags for New York.

ATLANTA'S STRIDES FROM DAY TO DAY

Dealers in stocks and bonds in Atlanta report that the rise in the price of cotton has materially increased the sale of their offerings in Atlanta.

Noted improvement has been registered in local securities, which have increased in value fully twenty per cent.

This is decidedly encouraging in that it reflects a big change in local business conditions. A few months ago the few local securities that were being put on the market were mostly offered at lower than normal prices. Now, the reverse is the case, and local securities in many instances are bringing above par values.

Building Improvement Continues.

Local building operations also continue to increase.

In Wednesday's building news was an announcement from Ben J. & L. I. Massell, of the Massell Realty company, that they would erect a three-story, brick building on West Cain street, near the junction of Carnegie way. There will be stores on the first floor, and apartments on the second and third floors.

The building will cost about $15,000, and work on it will commence on next Monday.

Store Renting Improving.

A large improvement in the renting of vacant stores is noted. A number of important store leases have been made within the last few days.

Two stores at 34 and 36 Decatur street have been leased by the Forrest & George Adair agency for Hugh Richardson to the National Bakery and Lunch company, a large corporation operating a chain of restaurants throughout the important southern cities.

The lease is for a term of five years, but the rental is withheld.

The two stores aggregate a street frontage of 40 feet, and have a depth of 110 feet. The National Bakery and Lunch company will expend about $5,000 in improving this property and installing one of the most up-to-date restaurants in the city.

The same agency has leased for W. H. & John F. Kiser No. 37 South Pryor street, in the Kiser building, to Weis Brothers, wholesale shoe dealers. The lease runs for two years.

Turman & Calhoun have leased for Ben J. Massell to the Pennsylvania Rubber company No. 356 Peachtree street, a three-story and basement building, containing 15,000 square feet of floor space. The lease runs for five years. The lessee will establish a wholesale branch in this building, which is just south of Currier street, on what is known as the Crass subdivision. It is not yet complete.

Cash Residence Sale.

Earle R. Greene, of Thomson & Lynes, has sold for A. B. Buehl to John C. Wheatley No. 67 West Thirteenth street for $10,000 cash, the sale being recorded Wednesday. The property begins 185 feet east of West Peachtree street, and comprises a two-story house on a lot 45x117.

A number of smaller sales feature the beginning of the week.

PROPERTY TRANSFERS.

Achy Joints Foretell Trouble

A creaky joint often predicts rain. It also foretells inward trouble. It may mean that the kidneys are not filtering the blood and are allowing poisonous uric acid to clog the blood and cause trouble.

Bad backs, rheumatic pains, sore, aching joints headaches, dizziness, nervous troubles, heart flutterings, and urinary disorders are some of the effects of weak kidneys and if nothing is done there's danger of dropsy, gravel or Bright's disease.

Use Doan's Kidney Pills, the most widely used, the best recommended kidney remedy in the world.

Atlanta People Testify:

A. H. Dine, stationary engineer, 115 Logan St., says: "Doan's Kidney Pills certainly have my praise after what they did for me when I was almost helpless with kidney trouble. They drove the dull, grinding pain out of my back that had kept me from enjoying a moment's comfort for weeks. Doan's Kidney Pills also restored my kidneys to a normal condition."

COTTON MEN WARNED AGAINST BOLL WEEVIL

Movement of Pest Widespread. Immediate Steps Urged to Check March.

Washington, October 13.—Cotton planters in Alabama, Mississippi, Georgia, Tennessee, Oklahoma and Texas were warned in a department of agriculture statement tonight of a widespread movement of the boll weevil and advised to take immediate steps to kill off the pest this winter to prevent threatened heavy losse sto next year's crops. Unless immediate measures are taken in Oklahoma, northwestern Texas, Tennessee and Mississippi, the statement says, the boll weevil will cause damage next year.

The department urges planters in Oklahoma and the intested sections of Texas and Tennessee to begin immediately to pick their cotton and destroy the plants, either plowing them under the soil or burning them. An active campaign against the weevil is suggested for other states.

Unusual storms last August and a rapid multiplication of the weevil in Texas, it is pointed out, have resulted in a tremendous movement into northwestern Texas and Oklahoma. The movement as yet has not been entirely mapped out by the department, but information at hand shows that more than half of Oklahoma, all of Mississippi, McNairy and Hardin counties in Tennessee, all of Alabama except four or five counties in the mountainous sections, and more than thirty counties in western Georgia already are infested. In Texas the weevil has reached Vernon, Wilbarger county.

WILSON WILL ASK FOR $400,000,000

Continued From Page One.

be about $140,000,000. The general view in administration quarters now is that a bond issue will be proposed to meet the added expense.

The president's determination to urge on congress a defense program to cost about $400,000,000 has been emphasized in high official quarters in the last few days. Much interest is manifest in conferences the president intends having with members of congress at which it is believed the procedure for the army and navy bills will be discussed. Both will be made administration measures and they probably will be given right-of-way over all legislation in the hope that several months' time will be saved in construction for the navy and strengthening of the army.

Plans for the Army.

Chairman Hay, of the house military affairs committee, will confer with the president tomorrow concerning plans for the army, and Monday Secretary Garrison is expected to return to Washington and begin a series of talks with the president on the defense program.

Secretary Daniels already has heard the president's views on naval appropriations. Mr. Daniels said today that both the president and Chairman Padgett, of the house naval affairs committee, seemed to approve of the idea of a five-year naval building program.

The secretary said that in his conference with the general board the number of ships of the battle cruiser and dreadnaught type to be recommended had not been decided. He believed, however, more dreadnaughts than battle cruisers would be asked for, and while he declined to give figures, intimations in naval quarters were that four capital fighting ships would be recommended for the first of the five years, three the second year and enough thereafter to make a total of between fifteen and twenty fighting ships for the entire period.

Lessons on the War.

"I believe the European war has shown us," said Mr. Daniels, "the great value not only of air craft, but of fast heavily armed vessels and scout cruisers, and the importance of big guns. Particularly it has taught us that we might have larger supplies of ammunition than congress or the general board has hitherto provided."

The secretary revealed that most of the information sought from American naval attaches abroad before making up next year's building program had arrived. "He said the delay in building the two battleships authorized by the last congress was due to a desire to perfect plans for protection of these vessels against the torpedo.

According to Mr. Daniels' estimate today of ships built and building, exclusive of what additional vessels may be authorized by the next congress, the fleet would number thirty capital ships of the first line by 1922, with twelve in reserve. Naval officers estimate that out of the total number which would be authorized in the five-year building program twelve first-line ships could be finished by 1922, so that the total would be forty-two.

It Is So Easy To Remove All Itching Skin Trouble With Cuticura Soap And Ointment

TRIAL FREE

Just bathe the affected surface with Cuticura Soap and hot water, dry and apply Cuticura Ointment. Relief in most cases is immediate and healment complete, speedy and permanent.

Women Are Being Urged To Wed Maimed Heroes By English Clergymen

London, October 13.—The Rev. Ernest Houghton, a Bristol rector, has started an appeal to patriotic women of the nation to give their lives to ameliorate the condition of maimed heroes of the war by marrying them. He has launched a "League for the Marrying of Broken Heroes."

The rector contends that the example of France shows that unions thus arranged promise a greater percentage of happiness than is customary from the methods in England because they are based upon a high degree of unselfishness. Strict secrecy is promised as to the identity of women prepared to immolate themselves after the plan of the league until the arrangements for their marriage are complete.

FARMERS' UNION TO MEET AT DOUGLAS ON NOV. 10

Douglas, Ga., October 13.—(Special.) Another big day is in prospect for Coffee county and all this section of Georgia. The State Farmers' union will meets in Douglas, in annual convention, Wednesday, November 10. Besides a host of visitors, there will be a thousand delegates, representing a hundred counties in the state.

MORTUARY

Mrs. Eula Carpenter, Newnan.

Newnan, Ga., October 13.—(Special.) Mrs. Eula McGuire Carpenter died here this afternoon, aged 53 years. About eight weeks ago she had a fall and fractured her hip joint. She never recovered from the shock and passed away this afternoon at 3 o'clock. She was a daughter of late Judge Terrence McGuire, of Rome, and the widow of John T. Carpenter, of this city. She leaves four children, Miss Mildren Camp, John T. Carpenter, Ellis M. Carpenter and Julian Carpenter. The funeral will take place tomorrow (Thursday) afternoon.

A. B. Purdim, Palatka, Fla.

Flovilla, Ga., October 13.—(Special.) Allen B. Purdim, of Palatka, Fla., died Wednesday morning at Indian Springs of acute Bright's disease. Mr. Purdim was 44 years old, and is survived by a wife and three children; one sister, Mrs. J. A. Nessume, of Jacksonville, and one brother, T. M. Purdim, of Waycross. Interment takes place at Palatka, Fla.

Mrs. Mary E. Grooves.

Mrs. Mary E. Grooves, aged 23, died Wednesday at a private hospital. The body was removed to Barclay & Brandon's chapel. She is survived by her husband, W. L. Grooves; her parents, Mr. and Mrs. J. B. Manor; two sisters, Mrs. D. Nash and Miss Myrtle Manor, and one brother, R. B. Manor, all of Smyrna.

Mildred Louise Cleveland.

Mildred Louise Cleveland, aged 1 year, died Wednesday at the home of her parents, Mr. and Mrs. R. H. Cleveland, 164 South avenue. She is also survived by one brother, Louis Cleveland. The body was removed to Patterson's chapel.

Mrs. Sarah A. Watson.

Mrs. Sarah A. Watson, aged 66, died Wednesday at her residence, 27 Dewey street. The body was removed to Poole's chapel. She is survived by three sons, W. B., R. B. and G. W. Watson; two daughters, Mrs. J. L. Cochran and Mrs. A. Quick.

Hiram W. Baggett.

Hiram W. Baggett, aged 69, died Wednesday at the Confederate Soldiers' home. The body was removed to Poole's chapel. He is survived by one brother, B. B. Baggett, of Marietta, Ga.

HOW ARE YOUR GLASSES?

Do you use glasses at all?
Do you have to put your reading a little further away than usual?
Do your eyes tire when put to the ordinary daily use?
Do they feel strained?
Do you look for a little better light?
Do you have to "squint" or concentrate before you can see?
Do you have eye headaches?
If you have any of these troubles and you are using glasses they are wrong.
If you have no glasses you should get them.
Why tolerate eye troubles and bad glasses when good ones are so easy to get?
Our reputation is backed by more than 100,000 glass prescriptions for the best people in our country. We refer you to any of them; they are easy to find.

FRED LEVIN CHOSEN MANAGER OF REGENT BY THE NEW OWNERS

Fred Levin, a popular young theatrical attache, formerly connected with the Forsyth, Grand and Lyric theaters, has been appointed manager of the Regent theater at 550 Peachtree street, one of the first of the north side moving picture houses.

The theater has been purchased from Frank Montgomery, builder of the old downtown Montgomery theater, by Van Livingston, of Atlanta. The house reopened Wednesday, playing to large audiences during the afternoon and night.

Mr. Levin announced last night that a high-priced program of pictures would be shown in the Regent. He has contracted with the Mutual corporation for its daily program service, which includes Mutual masterpieces. "Neal of the Navy," the Balboa serial, will also be shown each Tuesday.

The same scale of prices will prevail.

British Chief Justice Accorded High Honor By U. S. Supreme Court

Washington, October 13.—For the third time in the memory of court officials a foreign jurist today had the honor of sitting with the supreme court of the United States. The visitor was Baron Reading, lord chief justice of England, in America as chairman of the Anglo-French financial commission.

When the court convened for the afternoon session Baron Reading walked in with Chief Justice White, who ushered him to a seat at the right of his own place. For an hour and a half the head of the English law courts listened to arguments on the constitutionality of the North Dakota tax on express receipts.

So far as is recalled here, the distinction shown Baron Reading has been accorded only twice before—to Lord Coleridge as lord chief justice of England, in 1883, and Lord Herschell, British lord high chancellor, in 1899.
